MISERY IN STOMACH

And Indigestion Vanishes in Five Minutes and You Feel Fine.

Why not start now-to-day, and forever rid yourself of Stomach trouble and Indigestion? A diet ed stomach gets the blues and els per acre. As said in the report g. umbles. Give it a good eat, on this result. "The expense of growthen take Pape's Diapepsin to ing an acre was the same; the best start the digestive juices work. seed produced fully four times as much ing. There will be no dyspepsia corn, of better quality, than did the or belching of gas or eructations of undigested tood; no feeling like tention to the difference in vield of heartburn, sick headache and diz ziness, and your food will not ferwith nauseous odors.

Pape's Diapepsin costs only 50 cents for a large case at any drug store here, and will relieve the most obstinate case of Indigestion and Upset Stomach in five tra oushels of 70 pounds per acre, reminutes.

There is nothing else better to take Gas from Stomach and Extra Weight cleanse the stomach and intes- | + oz, per ear tines, and besides, one triangule 2 oz. per ear will digest and prepare for assimilation into the blood all your ears of different kinds, but all of food the same as a sound, healthy equal length, of good form, and well stomach would do it.

When Diapepsin works your stomach rests-gets itself in or lows: Smallest 12 5 oz., medium 13 der, cleans up-and then you feel oz., largest 17 oz. There is a maxilike eating when you come to the mum field difference of 437 bushels of table, and what you eat will do 70 pounds per acre. Practically they you good.

Absolute relief from all Stom ach Misery is waiting for you as faulted badly in the field and yielding Diapepsin. Tell your druggist that you want Pape's Diapepsin, because you want to be thoroughly cured of Indigestion.

Birthday Party.

SELECTING SEED CORN.

iomething For Farmers to Consider, That The Best Results May Be Obtained.

WHICH EARS TO PLANT.

From Hedford Gazette. For the ten years ending in 1905 the average yield per acre for corn land. as reported by the United States Department of Agriculture, was as follows: Maine, 35.13 bushels: Pennsylvania, 34.52 tushels; Illinois, 34 46 ratify the popular choice for Senbushels; Iowa, 32.44 bushels. These ator. Since that election Oregon compiled statistics would seem to explode the theory that soil and climatic conditions are unfavorable to high corn yields here. Maine, with a much shorter season, outyields Pennsylva- self clearly to be Republican and specimen of lion. nia, which in turn outyields the two great states of the West.

To get closer to the question. farmer, with equally good soil, raises 50 bushels of ears: his neighbor raises

of farming but, in a broad, general sense, this wide difference is all in the seed.

The inherited quality of corn to yield heavily or poorly all comes in the the pounds, more or less, of seed planted. Agricultural College with over 100 varieties of seed corn furnished by the farmers close to Ames. Ia., resulting other lots of inferior corn." In a former article I have called at-

a lump of lead in the stomach or larger eared corn as compared with smaller, that is, of corn with a larger circumference of ear. An easier way to get at the question, in selecting ment and poison your breath seed corn, is the comparative weight of the seed ears.

Corn planted 3x4 feet, (or, if drilled, rows 4 feet and corn 1 foot apart in drill) makes at 2 stalks to hill, 7,260 stalks, at 3 stalks, 10,890 stalks.

The following figures show the exsulting from an average extra weight. as follows:

2 Stalks 3 Stalks 3.2 bus. 6.5 bus. 9.7 bus. 13 0 bus. 19 4 bus. I have before me at this time three

dried. The smallest is 6% inches in circumference, the largest and heavlest 71 inches. Their weight is as fol-

These are all Republicans and Hansbrough is the only The evening was stormy and it it out? Or, maybe there is someone one who can be rated as an old further off who has a corn that has Senator, he having come to the Senate in 1891, just two years after his State became a member of the Union. The fate of one Republican Senator, Hopkins, of Illinois, is still hanging in the balance. Senator Cummings, of

THE WILD ANIMAL MARKET.

Highest Prices.

Wild animals from the Gizeh Zoological Gardens in Egypt delivered realized the following prices:

The "king of beasts," the lion, sold comparatively cheap, mainly because lions realized from \$300 to \$500.

Menagerie born animals cost on an average \$50. A lioness has even sold

Pumas-occasionally described as lions-are not in such demand; \$25 ator was a strong one, but the will often buy one; fair average specimens fetch \$90, \$100, and a few \$120 maintained and the Republican The tiger is, however, a high priced 90. Of course some of this difference Legislature did as the members animal; \$500 is the lowest figure at which he sells, with \$400 for a tigress. A specialty of value, according to Harper's Weekly, is the European lynx. A young one cannot be had for less than \$100, and the full grown ani-This Democratic gain is offset mal is worth from \$120 to \$170 Wolves are a weak market: \$10 is their average per head, \$4 the minimum, and \$20 the top price Catch a fox quite young William O. Bradley in the place and the cub may realize \$4, \$2 or only Polar bears always maintain their

price. Very rarely does a specimen change hands at less than \$120; but other kinds of bear come cheaper. A Democrats make one net gain by sea llon costs \$105. The beaver is the election of B. F. Shively in good for \$60, a price due to the aniplace of Senator Hemenway. | mal's destruction for bounty in the Rhone Valley.

Hippopotami have no quotation in some markets. When in supply this prehistoric looking beast is worth ready well known to the country \$4,400 to \$3,0 0. Elephants are much more widely dealt to. A young one may be purchased for from \$1,000 to \$1.600.

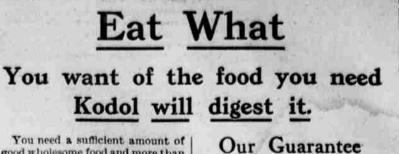

> But most considered of wild animals is the giraffe. Previous to 1898 it was impossible to buy one for less than \$5,000; in 1903-04 the price had shrunk to \$1,600, which did not repay the cost of importation. The actual market value of a young giraffe in good condition may now be quoted at anywhere

As to the monkey market, the chimpanzee varies a good deal in price, a young one in good condition fetching from \$200 to \$400. Other big apes are more expensive, although at times ken by three years in President there goes begging a good chance, as Arthur's Cabinet as Secretary of in the Suez market, where a young the Interior. Since Senator All. orang-outang almost full grown was on offer at \$30 recently-a real bargaln.

> Barbary apes, of the kind which still inhabit Gibraltar rock, sell at \$10 to \$30, Bombay and Southwest China monkeys are not held of much account. Four dollars will buy one. Baboons cost much more-generally from \$10

Birthday Surprise.

Miss Mabelle Truax was reminded on January 19th that she had reached another milestone in life-her 19th birthday. She was away from home and returned about 2 p. m. to find an assem

family.

without question or delay.

of the bottle purchased by you.

You need a sufficient amount of good wholesome food and more than this you need to fully digest it. Else you can't gain strength, nor purchase a dollar bottle, and if you can you strengthen your stomach if can honestly say, that you did not

it is weak. You must eat in order to live and maintain strength.

You must not diet, because the body requires that you eat a sufficient amount of food regularly.

But this food must be digested, and it must be digested thoroughly. When the stomach can't do it, you must take something that will

help the stomach. The proper way to do is to eat what you want, and let Kodol di-

gest the food. Nothing else can do this. When the stomach is weak it needs help; you must help it by giving it rest, and Kodol will do that.
