

ROYAL BAKING POWDER

Thousands of millions of cans of Royal Baking Powder have been used in making bread, biscuit and cake in this country, and every housekeeper using it has rested in perfect confidence that her food would be light, sweet, and perfectly wholesome. Royal is a safeguard against the cheap alum powders which are the greatest menacers to health of the present day.

Veterans of the Civil war will become extinct in 1960, according to Past Commander G. F. Bassett. "There will be 347 veterans living in 1950," he says. "Ten years later the number will be reduced to 23." "The last survivor will die 1960." Commander Bassett could be a little more explicit if he would tell us the name of the old boy who is to linger until 1960.

Harvey M. Strait, who had a very successful career on "the road" for a long time, has returned to his native township, and purchased the farm of his late grand'father, D. S. Mellott, and has now settled down to business in good earnest. Harvey has never undertaken anything that he did not win out in, and we predict that he will be as successful in the present venture, as he has in other things in the past.

The World's Greatest Bank.

No longer is the Bank of England the greatest institution of its kind. In volume of business transacted, at least, it is surpassed by the National City Bank of New York, whose operations are graphically recorded by William Hemingway, in the current issue of "Harper's Weekly." Eighty millions of dollars rush through this mill-race every day, and not one penny is misplaced. The giant safe, which is protected by a door with twenty-four bolts, contains a fortune of ninety-nine millions of dollars in first-class securities, and the description of the opening of this each morning is a romance in itself.

EFFECTIVE RECIPES.

Home-Made Kidney, Bladder, and Rheumatism Medicine for Readers.

Here is a simple home-made mixture as given by an eminent authority on Kidney diseases, who makes the statement that it will relieve almost any case of Kidney trouble if taken before the stage of Bright's disease. He states that such symptoms as lame back, pain in the side, frequent desire to urinate, especially at night; painful and discolored urination, are readily overcome. Here is the recipe. Try it:

Fluid Extract Dandelion, one-half ounce; Compound Karpon, one ounce; Compound Syrup Sarsaparilla, three ounces. Take a teaspoonful after each meal and at bedtime.

These ingredients are all harmless and easily mixed at home by shaking well in a bottle. This mixture has a peculiar healing and soothing effect upon the entire Kidney and Urinary structure, and often overcomes the worst forms of Rheumatism in just a little while. This mixture is said to remove all blood disorders and cure Rheumatism by forcing the Kidneys to filter and strain from the blood and system all uric acid and foul, decomposed waste matter, which cause these afflictions. Try it if you aren't well. Save the prescription.

MIDWINTER Clearance Sale

AT
John S. Wilson's Store,
Three Springs.

While there is practically three months of winter weather to be expected yet, the wide-awake merchant begins early to clear his stock to make room for Spring purchases.

The old way of merchandising was to carry over from one season to another all unsold goods, and never parting with an article unless the full retail price was received. That day is gone by. Goods bought for the winter trade must go in the winter, and it is much better in the end that the stock should be closed out at profit or no profit, than to be at the trouble of storing it away and beginning next winter's business with old out-of-date stuff.

During the Month of February

we shall sell at way-down prices,

Men's, Women's and Children's Clothing

Blankets, Arctics, Rubbers, Carpets, and with these goods will go at Special Prices. Dry Goods, Groceries, Hardware and Housefurnishing Goods.

Effect of Colors on Animals.

The effect of color upon mind is most easily noticeable in dumb animals, because they make no effort to curb or control their emotions. Wave a red flag at a bull and he becomes violently angry. Shake a red shawl in front of a turkey gobbler and he will storm around fearfully. I made an experiment in the country one summer to see if this same fact held true of other animals. On my farm I had an enormously fat, lazy pig that disliked nothing so much as to move. All day long it used to lie asleep in the sunshine, and sometimes even the attraction of food could not budge it. I took a number of pieces of silk of the same quality, but of different shades, and, after waking the pig, waved each strip of silk in front of it. For the blue and green it never moved, but when I waved the red and orange strips, it jumped to its feet, stamped about and appeared to be thoroughly angry. Time and again I repeated this experiment and always with the same result.—Frank Alvah Parsons in Good Housekeeping.
