EASY TO MIX THIS.

Simple Recipe for Kidney or Bladder Trouble or Rheumatism.

What will appear very interesting to many people here is the article taken from a New York daily paper, giving a simple prescription, which is said to be a positive remedy for backache or kidney or bladder derangement, if taken before the stage of Bright's disease:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take in teaspoonful doses after each meal and again at bedtime.

A well known druggist here at home, when asked regarding this prescription, stated that the ingredients are all harmless, and can be obtained at a small cost from any good prescription pharmacy, or the mixture would be put up if asked to do so. He further stated that while this prescription is often prescribed in rheumatic afflictions with splendid results, he could see no reason why it would not be a splendid remedy for kidney and urinary troubles and backache, as it has a peculiar action upon the kidney structure, cleansing these most important organs and helping them to sift and filter from the blood the foul acids and waste matter which cause sickness and suffering. Those of our readers who suffer can make no mistake in giving it a trial.

BIG NOVEMBER BALLOT.

It Will Contain 1900 Words of Proposed Amendments.

An extraordinary bulky ballot is in prospect for the next November election.

Assuming that nothing more will be heard from the last session's proposed constitutional amendment to increase the municipal and district debt limit to 10 percent of the property valuation, there will still be about 1800 words of proposed constitutional amendment to print upon the November ballot, if only the amendment to abolish the February elections and consolidate the courts of Philadelphia and Allegheny go through the Legislature.

Outside of Philadelphia and Allegheny this extra printing will be confined to the February election amendment, which is by far bulkier.

BRADFORD, CARTOONIST WRITES FAIRY VERSE.

Combines With Artist Neill to Produce Children's Feature.

The comic section of the North American for March 7 will contain something altogether new in the way of entertainment feature for children. It is really surprising that Walter R. Bradford, the North American's prize humorous cartoonist, should develop into a writer of fairy story verse. However, he has done so, and it is said that he has made a remarkable success of it. To illustrate Bradford's verses, "The Little Journeys of Nip and Tuck," The North American has secured John R. Neill, who is probably the best known illustrator of children's books in America. Together they have made the prettiest feature ever printed in a comic section of a newspaper. Bradford's verses are light and entertaining and amusing. Neill's pictures are beautiful and attractive.

The North American's object is to give to its patrons something decidedly different from the average coarse comic feature. The management of the paper believes that it has succeeded.

Surprise Party.

A very pleasant social event occurred last Saturday evening at the home of Mr. and Mrs. Geo. R. Sipe, near Andover, when about sixty of their friends and neighbors assembled to celebrate the 14th birthday anniversary of their son Alvin. The evening was spent in playing games. Excellent music was furnished for the occasion by Geo. Tice, on the violin. About ten o'clock refreshments were served, after which all departed for their homes, feeling that the evening had been well spent, and wishing Alvin many more returns of the day.

Those present were Rev. Mc Garvey and family, Bert Wilson wife and children, Mrs. Clara Decker, Mrs. Fannie Sipe, Mrs. Wishart Decker, Mrs. David Strait, Mrs. Sallie Beisecker, Geo. Sipe, wife and children; G. C. Strait and wife; Gertrude, Alvin, Cora, and Charley Strait; William, David, Roland, Harry, Charley, and Alvin Sipe; James Beisecker, Dolla, Lenora, and Regina Decker; Russel, May, Mary, Jessie, Clara, May R., and Ruth Sipe; John, William, and Harry Schooley; John Hoop; Verlie and Chester Decker; Mrs. Laura Sipe, Mrs. Henry Sipe, Katharine Hoop, Harry Deshong, Wilber, Myrtle, and Rexy Sipe; George Tice, Richard and Goldie Sipe. Recreation Calendar.

We are in receipt of an unusually attractive calendar for 1909, from the publishers of RECREATION, 24 West 39th St., New York. The calendar is composed of two heavy mounts of art paper, on the smaller of which is typed an attractive picture printed in double tone sepia, showing two children leading a younger one into the ocean; the youngsters are accompanied by a dog who seems as interested as the boys. The picture is entitled "His First Ocean Dip." A silk cord is used by which to hang the calendar on the wall.

This dainty calendar is offered as a gift to any one who sends twenty-five cents for the March number of RECREATION.

"INCURABLE" HEART DISEASE SOON CURED

By the Great Specialist in Treating Heart Disease and Dropsy, FRANKLIN MILES, M. D., LL. B.

Who Will Send \$2.50 Worth of Special Treatment and New Book Free.

To demonstrate the remarkable curative powers of his new and complete Special Personal Treatment for heart disease, short breath, pain in the side, oppression in the chest, irregular pulse, palpitation, smothering spells, puffing of the ankles or dropsy, Dr. Miles will send, free, to every afflicted person, \$2.50 worth of treatment. The worst cases soon relieved.

They are the result of 28 years of extensive research and remarkable success in treating the various ailments of the heart, stomach and nerves, which so often complicate each case. So astonishing are the results of his treatment that he does not hesitate to offer all afflicted persons a two-pound Trial Treatment free.

Certainly nothing could be more generous. Few physicians have such confidence in their treatments. There is no reason why all afflicted persons should not avail themselves of this liberal offer, as they may never have such an opportunity again. Delays are dangerous. No death comes more suddenly than that from heart disease.

Mr. J. B. Hahn, 119 W. Maryland St., Indianapolis, Ind., cured after 2 physicians failed. Mrs. Elvina Sanders, Decatur, Neb., after 10 failed. Mr. P. W. Runyan, Spencer, Iowa, after 3 failed. Mr. L. A. Froot, Lisbon Falls, Me., after 12 failed. Mrs. Mary Dehart, Greenville, Pa., after 12 failed. Mr. C. Smith, Wagon, Pa., after 3 failed. Mrs. Elizabeth Neal, Eaglesport, O., after 4 failed. Other cures from your state sent on request. Many cured after it is pronounced incurable. Send to Dr. Franklin Miles, Dept. B., Elkhart, Indiana, at once, for Heart Book, Examination Chart, Opinion and Free Treatment. Describe your disease. Please mention this paper.

BRASS HORNS.

The Way the Thin, Seamless Tubes Are Bent Without Injury.

Saxhorns, so called after a famous Belgian family named Sax, who invented and introduced these instruments about the middle of the last century, are the mainstay of all modern brass bands. They are manufactured in many different sizes, from high soprano to the huge contrabass or bombardon, and the most important of the lot is the euphonium, which supplanted the now obsolete "serpents" and ophicleides. The tallest saxhorn ever made stands eight feet high and contains more than forty feet of tubing.

The advantage of seamless or "solid drawn" tubes for such instruments as trombones and horns is considerable, since, no matter how good the joint may be sooner or later the action of the breath will wear away the solder.

To bend these thin brass tubes without splitting or denting the metal was at one time very difficult, but, thanks to a most ingenious artifice, the operation is now both safe and simple. The tube is first washed out with a chemical substance, such as is used by plumbers to prevent solder from adhering where it is not wanted, and it is then completely filled with molten lead poured in from a ladle. Thus supported from within, the brass is easily and safely bent to the required shape, the lead being afterward removed by heat.—Pearson's.
