EASY TO MIX THIS.

Simple Recipe for Kidney or Bladder Trouble or Rheumatism.

What will appear very interesting to many people here is the article taken from a New York daily paper, giving a simple prescription, which is said to be a positive remedy for backache or kidney or bladder derangement, if taken before the stage of Bright's disease:

Fluid Extract Dandelion, one half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take in teaspoonful doses after each meal and again at bedtime.

A well-known druggist here at home, when asked regarding this prescription, stated that the ingredients are all harmless, and can be obtained at a small cost from any good prescription pharmacy, or the mixture would be put up if asked to do so. He further stated that while this prescription is often prescribed in rheumatic afflictions with splendid results, he could see no reason why it would not be a splendid remedy for kidney and urinary troubles and backache, as it has a peculiar action upon the kidney structure, cleansing these most important organs and helping them to sift and filter from the blood the foul acids and waste matter which cause sickness and suffering. Those of our readers who suffer can make no mistake in giving it a trial.

The Man Who Dares.

The Kansas City Star sagely concludes that the man whose career means deeds, results the man who does things is not afraid to risk mistakes. He of whom it can be said: "He has never made a serious error of judgment—has a record that is flawless," will be found to be one who has done little or nothing worth while. He is so cautious in contemplating a move that he hardly dares to make it before its possible effect has been minimized or lost. Guarding himself against the reproach of public failures, he denies himself the satisfaction of work well done. It is his habit to study a situation until the time for action has passed. He shrinks from responsibility, as he fears criticism. He is swayed by the supercautions that goes with a futile mediocrity.

The other type of man investigates, decides and does. Criticism and the chance of ridicule are ignored by him. Between action and hesitation he chooses action every time. When it comes to taking a chance or waiting to see what will happen he takes the chance. He would rather risk a mistake than do nothing. He is willing to listen to both sides and then acts on his own judgment, welcoming the responsibility. If he meets with failure he does the best thing possible to amend it. If he is successful he gathers new hope in dealing with the next problem. That's the American spirit.

What a Woman Will Not Do.

There is nothing a woman would not do to regain her lost beauty. She ought to be fully as zealous in preserving her good looks. The herb drink called Lane's Family Medicine, or Lane's Tea, is the most efficient aid in preserving a beautiful skin and will do more than anything else to restore the roses to faded cheeks. At all druggists' and dealers', 25c.

Don't Kill Your Town.

Any man who deliberately buys his goods from a mail order firm sends away money which should be used in his own town.

What he does lessens the prosperity of his neighbors, and is a direct injury to himself.

In so doing he restricts his credit at the local store, which he may need sometime to tide over a temporary hard spell or a dull season.

It means the sending away of a dollar where it will never reach his pocket again.

We say to the farmer and to the rural dweller:

Mail order houses don't help pay your taxes.

They don't buy your produce of you.

They don't buy your live stock or your grain.

They don't spend their money on your schools, your churches, or your homes.

They don't spend their money on your highways.

They don't extend your credit when you need it.

They don't do any of these things and a hundred others that you expect and get of your home merchants.

In fact they don't care a cent for you or yours.

And yet a good many good people, charmed by pretty pictures and brilliant descriptions of cheap, shoddy articles, send their money to those firms that they are benefiting themselves and do it under the false impression.

We can say with all the assurance of positive knowledge, that there isn't an article in any mail order catalogue that the McConnellsborg merchant can not duplicate, penny for penny, time, postage and freight charges taken into consideration. Not only this, but you can see what you are buying before you pay for it. The next time you get a 600-page catalogue, do yourself the justice of starting a fire with it.

Health and Good Looks.

Dyspepsia has been called the American disease. True it is that many of the inhabitants of the United States suffer from indigestion, and of this number a greater part are women, for two or three reasons. In the first place, they take less exercise than men, they are more irregular in regard to the times that they take their meals than men. Many women who are in a position to afford the indulgence of their tastes and whims form a habit of staying up in the mornings and having their breakfast brought to them. Such a habit is detrimental to the health and to the looks. If one is not well and strong and needs more rest in the day, it is far better to get up in the morning and take the breakfast with the family and have a rest later. The air of the room in which one has spent the night is apt to be close. The body is improved by taking an upright position after having been recumbent the eight or more hours, and the circulation is stimulated. The effect upon the mind of being up and about tends to improve the tone of the system. I have seen women who in times of wealth and prosperity were self-indulgent, lying in bed in the morning and lazily beginning the day, when adversity came, and they were obliged to go forth to some business regularly, improve in health and appearance more than one would believe. "Health and Good Looks," in "The Ladies' World" for March.

Mr. Charlie Hixson and family moved last week from the James H. Kendall tenant house in Ayr township into the Philip Out house in the East End extension, which Mr. Hixson purchased last summer. Mr. and Mrs. Hixson are excellent people, and we extend to them a cordial welcome to our community.

Housecleaning time will soon be here, and then you will want to throw away some of your old carpets and get new; and some of the furniture is getting pretty badly scuffed, or a little out of date, and it will have to be replaced by new. It may be worth something to you to know that what you may need in that line can be found at the big furniture rooms of T. B. Stevens & Son, right here in McConnellsborg, and at prices just as low, or a little lower, than you can get the same quality of goods for anywhere else. "INCURABLE" HEART DISEASE SOON CURED

By the Great Specialist in Treating Heart Disease and Dropsy, FRANKLIN MILES, M. D., LL. B.

Who Will Send \$2.50 Worth of Special Treatment and New Book Free.

To demonstrate the remarkable curative powers of his new and complete Special Personal Treatments for heart disease, short breath, pain in the side, oppression in the chest, irregular pulse, palpitation, smothering spells, puffing of the ankles or dropsy, Dr. Miles will send, free, to every afflicted person, \$2.50 worth of treatment. The worst cases soon relieved.

They are the result of 28 years of extensive research and remarkable success in treating the various ailments of the heart, stomach and nerves, which so often complicate each case. So astonishing are the results of his treatment that he does not hesitate to offer all afflicted persons a two-pound Trial Treatment free.

Certainly nothing could be more generous. Few physicians have such confidence in their treatments. There is no reason why all afflicted persons should not avail themselves of this liberal offer, as they may never have such an opportunity again. Delays are dangerous. No death comes more suddenly than from heart disease.

Better Not Get Dyspepsia

If you can help it. Kodol prevents Dyspepsia, by effectually helping Nature to Relieve Indigestion. But don't trifle with Indigestion.

A great many people who have trifled with indigestion, have been sorry for it—when nervous or chronic dyspepsia resulted, and they have not been able to cure it. Use Kodol and prevent having Dyspepsia.

Everyone is subject to Indigestion. Stomach derangement follows stomach abuse, just as naturally and just as surely as a sound and healthy stomach results upon the taking of Kodol.

When you experience sourness of stomach, belching of gas and nauseating fluid, bloated sensation, gnawing pain in the pit of the stomach, heart burn (so-called), diarrhoea, headaches, dullness or chronic tired feeling—you need Kodol. And then the quicker you take Kodol—the better. Eat what you want, let Kodol digest it.

Ordinary peptic "dyspepsia tablets," physics, etc., are not likely to be of much benefit to you, in digestive ailments. Pepsin is only a partial digester—and physics are not digesters at all.

Kodol is a perfect digester. If you could see Kodol digesting every particle of food, of all kinds, in the glass test-tubes in our laboratories, you would know this just as well as we do.

Nature and Kodol will always cure a sick stomach—but in order to be cured, the stomach must rest. That is what Kodol does—rests the stomach, while the stomach gets well. Just as simple as A, B, C.

Our Guarantee. Go to your druggist today and get a dollar bottle. Then after you have used the entire contents of the bottle if you can honestly say, that it has not done you any good, return the bottle to the druggist and he will refund your money without question or delay. We will then pay the druggist for the bottle. Don't hesitate, all druggists know that our guarantee is good. This offer applies to the large bottle only and to but one in a family. The large bottle contains 2 1/2 times as much as the fifty cent bottle.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.
