EASY TO MIX THIS.

Simple Receipe for Kidney or Bladder Trouble or Rheumatism.

What will appear very interesting to many people here is the article taken from a New York daily paper, giving a simple prescription, which is said to be a positive remedy for backache or kidney or bladder derangement, if taken before the stage of Bright's disease:

Fluid Extract Dandelion, one half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take in teaspoonful doses after each meal and again at bedtime.

A well-known druggist here at home, when asked regarding this prescription, stated that the ingredients are all harmless, and can be obtained at a small cost from any good prescription pharmacy, or the mixture would be put up if asked to do so. He further stated that while this prescription is often prescribed in rheumatic afflictions with splendid results, he could see no reason why it would not be a splen did remedy for kidney and urinary troubles and backache, as it has a peculiar action upon the kidney structure, cleansing these most important organs and helping them to sift and filter from the blood the foul acids and waste matter which cause sickness and suffering. Those of our readers who suffer can make no mistake in giving it a trial.

The Forbidden City.

The City of Peking is regularly laid out. Toward the south is the the pessimistic one. "You can eat as Chinese city, fifteen miles in cir- anything you could possibly like."cumference. To the north is a Philadelphia Press. square, four miles on each side, and containing sixteen square miles. In the centre of this square, inclosed by a beautifully crenelated wall thirty feet thick at the bottom, twenty feet thick at the top, and twenty five feet high, surrounded by a most one hundred feet wide, is the Forbidden City, occupying one square mile. In this city there dwells but one male human being, the Emperor, who is called the "solitary man."

There is a gate in the centre of each of the four sides, that on the south, the Wu men, being the front gate, through which the Emperor alone is allowed to pass. The back gate, guarded by the Japanese during the occupation, is for the Empress Dowager, the Empress and the women of the court, while the side gates are for the officials, merchants or others who may have business in the palace.

Through the centre of this city, from south to north, is a passageway about three hundred feet wide, across which, at intervals of two hundred yards, they have erected large buildings, such as the imperial library, the imperial kitchen, and others of a like na ture, all covered with yellow tiles and known to tourists, who see them from the Tartar City wall as the palace buildings.-The March Metropolitan Magazine.

Safe and Sure.

Among the medicines that are recommended and endorsed by physicians and nurses is Kemp's Balsam, the best cough cure. For many years it has been regarded by doctors as the medicine most likely to cure coughs, and it has a strong hold on the esteem of all well-informed people. When Kemp's Balsam cannot cure a cough, we shall be at a loss to know what will. At druggists' and dealers', 25c.

worst cases soon relieved.

They are the result of 28 years of extensive research and remarkable success in treating the various all-ments of the heart, stomach and nerves, which so often complicate each case. So astonishing are the results of his treatment that he does not hesitate to offer all afflicted persons a two-pound Trial Treatment free.

Certainly nothing could be more generous. Few physicians have such confidence in their treatments. There is no reason why all afflicted persons should not avail themselves of this liberal offer, as they may never have such an opportunity again. Delays are dangerous.
