"I was troubled with cramps in the stomach for six years. I tried many kinds of medicine, also was treated

by three doctors. "They said that I had nervous dyspepsia. I took the medicine for two years, then I got sick again and gave

up all hopes of getting cured. "I saw a testimonial of a man whose case was similar to mine, being cured by Peruna, so thought I would give it a trial. I procured a bottle at once, and commenced taking it.

"I have taken nineteen bottles, and am entirely cured. I believe Peruna is all that is claimed for it."-Mrs. J. Jamison, 61 Marchant St., Watsonville, Cal.

Only One Fool Emperor, ... . An American just returned from

European tour brings this story from Berlin. Two Americans were walking in the Friedrichstrasse, when one, in the course of conversation, said, in a rather loud tone of voice, "The Emperor is a fool." The words had hardly been spoken when a man who had overheard the remark stepped up to the couple and said: "You are under arrest-you slandered the "Not at all," said the American; "I was speaking of the Emperor of China." "That is not ror of China." "That is not said the patriotic German; 'you can't fool me fool emperor." had to make further explanations to the autrorities.- New York Tribune.

## A LITTLE KNOWLEDGE

Of Painting Requirements Will Save Much Expense.

When one sees the surface or a house or other building scaling, or peeling, or spotted or blistered, or showing other symptoms of paint "disease," it is evident that a poor painter has been on the job, or that poor paint was used-or possibly that a good painter has been dominated by a property-owner who knew nothing

It is an easy matter to be informed on paint and painting. A complete painting guide, including a book of color schemes, either for exterior or interior-specifications for all kinds of painting,-and an instrument for detecting adulteration in paint material, with directions for using it, may be had free by writing National Lead Company, 1902 Trinity Bldg., New York City, and asking for Houseowner's Painting Outfit No. 49.

Then, every houseowner should make it a point to get only wellknown reliable brands in buying his materials. Pure white lead is especially important, or the paint will not prove satisfactory. The famous "Dutch Boy Painter" trademark of National Lead Company, the largest makers of pure white lead, is an absolute guarantee of the purity and quality of the white lead sold under it. That trademark is a safeguard against paint trouble.
