

# Royal Baking Powder

Thousands of millions of cans of Royal Baking Powder have been used in making bread, biscuit and cake in this country, and every housekeeper using it has rested in perfect confidence that her food would be light, sweet, and perfectly wholesome. Royal is a safeguard against the cheap alum powders which are the greatest menacers to health of the present day.

**ROYAL IS THE ONLY BAKING POWDER MADE FROM ROYAL GRAPE CREAM OF TARTAR**

**Seylar has the Drugs.**  
There will be a May Meeting at the Sidelong Hill Baptist church the first Saturday and Sunday in May.

Going to spray your orchard? Seylar has the Whale Oil Soap.

Rev. Diehl, will preach at Greenhill next Sunday morning at 10:30 and in town in the evening at 7:30.

**HIDES WANTED.**—Highest market price paid for beef hides, horse hides, wildcat skins, and all kinds of grease, at Paul Wagner's Tannery, McConnellsburg.

Is it not just a little humiliating to think that this country is now, in a time of peace, spending \$500,000,000 a year for war, while the entire public school system is but \$200,000,000? This expense is in the face of what General Grant said, "No war was ever fought which could not have been avoided."

**HIDES.**—James Sipes & Son pay the highest market price for beef hides at their butcher shop in McConnellsburg, also highest price paid for calf skins, sheepskins and tallow.

A bill which will interest the farmer is one passed by the House on last Tuesday night increasing the allowance to be paid by the State for cattle taken by the State Live Stock board because of diseases to \$100 per head for blooded stock, and \$50 per head for grade stock.

You should not delay under any circumstances in cases of Kidney and Bladder trouble. You should take something promptly that you know is reliable, something like DeWitt's Kidney and Bladder Pills. They are unequalled for weak back, backache, inflammation of the bladder, rheumatic pains, etc. When you ask for DeWitt's Kidney and Bladder Pills, be sure you get them. They are antiseptic. Acept no substitutes; insist upon getting the right kind. Sold by Trout's drug store.

Complete figures covering the transatlantic passenger trade for 1908 show that the number of passengers going to America in that year was 635,000, which was 1,048,000 less than in the preceding twelve months. The number leaving America was 859,000, or 89,000 more than in 1907. The loss of the companies in gross revenue amounted to \$34,000,000. This compilation, just published at London, agree perfectly with our statistics of immigration and emigration, and the decline in receipts resulting from the practical stoppage of the stream of emigration to America largely explains the terrible slump in the shipping business.

**NEW SCHOOL CODE.**  
(Continued from first page.)

account of the closing of such schools.

"The enforcement of the compulsory vaccination law is put in the hands of the medical inspectors and not into those of the teachers. An examination of vaccination marks on a child's arm is provided where there is no satisfactory certificate of vaccination.

"The medical inspector may permit children physically unfit to be vaccinated to attend school until they are able to be vaccinated. He is required to vaccinate, free of charge, unvaccinated children, with the consent of their parents, and after two unsuccessful attempts at vaccination he may grant a certificate of "immunity" for the remainder of the school year. If parents will not permit their children to be vaccinated, the medical inspector will exclude them from the school, and they cannot return without certificates of vaccination or "immunity."

"No teachers, pupils, or janitors having tuberculosis of the lungs are permitted to be in the public schools.

"The school code provides that schools must be closed on Saturdays, Sundays, the Fourth of July and Christmas, but that all other holidays shall be at the discretion of the board of school directors of the district.

"Teachers who do not attend the county institutes, unless excused by the superintendent, forfeit \$2 per day for each day's absence. Careful provision is made for the auditing of all institute accounts. Teachers must fulfill their contracts to teach unless released by their school boards, or prevented by sickness, and failure to do so will prevent them from teaching in any public school of the State for the remainder of the year.

"No teachers' certificate can be granted without a physician's health certificate and no teacher less than 18 years of age can teach in the public school of the Commonwealth. All present certificates in force in the State continue to be valid.

"Hereafter no teacher may teach for more than five years on the lowest grade of certificate. A teacher by adding two additional branches to this certificate and by a careful reading of two books on education, may secure a professional certificate, the next higher grade of certificate. This is good for two years, and may be validated in other districts by the indorsement of their superintendents without examination. Such professional certificates can be renewed upon their expiration twice by passing examinations upon two additional branches and the reading of two additional books on education each time. Permanent State certificates will be granted by committees appointed by the Superintendent of Public Instruction for each county or city, upon examination in all of the common branches and a number of the higher ones.

"Compulsory school attendance is required of all children between the ages of eight and 16, except that children between 14 and 16 who can read and write the English language intelligently, and who have regular employment, may be excused from school.

"The distribution of the State appropriation to public schools now depends jointly upon the number of children of school age, the number of teachers employed and the number of resident taxables in the district. The last factor has always been a troublesome one to determine, and the distribution is simplified by making it depend solely upon the number of children and the number of teachers. While this makes no great change in the distribution of this fund, it helps to some extent the poorer country districts which need it most."

**Summer Normal.**  
The undersigned will teach a Summer Normal in the new school building, at McConnellsburg, Pa., beginning Monday, May 10, 1909, at 1:30 p. m., and continuing eight weeks. Good board may be had for \$3.00 a week, or \$2.50 from Monday noon to Friday noon inclusive. An examination for provisional certificates by the County Superintendent, will be given at the close of the term.

## Runk's Sale Register.

Fulton county people who want to buy farms or other properties in the Cumberland Valley will be fairly, honorably and financially well served if they give to me the confidence I will give to them. Write to or call on me if you have a farm to sell or want to buy a farm or other realties.

I am agent for the FORD MOTOR CARS in Fulton county, machines which will last longer, are the most comfortable to ride in, the least expensive to maintain and operate, of any car in the world. A Ford Car for \$850.00 to carry five adult passengers over any road or up any hill that any other car can travel. This Ford Car is all made in the factory, not assembled there out of parts made all over the country; consequently, when a part breaks or wears out a new part can be supplied in a few hours; and it will fit without the use of a file.

## Read Our Prices AND THEN COME IN AND See Our Goods.

Few people have an idea of the quantity of goods, the quality of goods, and the prices at which the goods may be purchased, until they visit our store. One lady said the other day, "If I had known that you had as much to select from, and at the prices you ask, I should never have bothered to go over the mountain for my furniture."

We have the largest and nicest line that we ever had.
