#### Well Known Name,

Among the many namesakes of Thomas Jefferson is a colored man who for more than ten years has pent his time in humble but useful ployment. He wheels ashes and of all sorts from the back ors of the houses in one of the disricts of a New England town. He has learned through the ser-

ants in these houses many items of iterest concerning his employera nd their families, and has a decidd belief in his own importance to heir welfare.

One day the head of one family eent out into his back yard, and, eeing the negro at work over the sh barrel, said, affably:

see what's your name?" Thomas Jefferson, sah," was the

eply. "Ah!" said the man, "I thinkam quite sure-I have heard that

ame before. "Yas, sah, mos' likely you is heard said the negro, showing his white eeth. "I'se done shoved ashes an' sheel bar'ls out o' his yer ally fo' e las' ten yeahs."—Youth's Com-

#### Measuring Nail Growth. Among psychologists, as in the

ublic at large, there are current a umber of errors relative to the rowth of the nails. For example, is generally thought that the seaous influence the growth. This subject has been studied very

osely of late, and it can be definitey stated that the growth of nails deends upon age. The growth reatest when a person is from 5 to years old, then it diminishes This applies to the nails on the and. But it's very different with he nails of the big toe. The growth

this nail in the very young alls. But in old people it is equal. This would seem to show that the wer limbs retain more of their vigthan the arms .- Illustration.

#### FOOD FACTS What an M. D. Learned

A prominent Georgia physician ent through a food experience which makes public:

"It was my own experience that rst led me to advocate Grape-Nuts od and I also know, from having scribed it to convalescents and her weak patients, that the food is wonderful rebuilder and restorer nerve and brain tisque, as well as de. It improves the digestion d sick patients always gain just as ild in strength and weight very rap-

"I was in such a low state that I to give up my work entirely, and nt to the mountains of this state, two months there did not improve in fact, I was not quite as well as en I left home.

My food did not sustain me and came plain that I must change. en I began to use Grape-Nuts food in two weeks I could walk a mile hout fatigue, and in five weeks urned to my home and practice, ing up hard work again. Since time I have felt as well and ng as I ever did in my life. As a physician who seeks to help

sufferers, I consider it a duty to te these facts public." Trial 10 days on Grape-Nuts, when regular food does not seem to sus-

ship, Berks County, died at his home near Kuntztown, after an illness of four days of pneumonia.
The home of Mrs. Swoyer, of Shanesville, was destroyed by fire while the family was occupying it. They barely made their escape.

Muhlenburg College seniors have received an old college custom of ap-pearing at recitation in cap and gown.

### COMMRCIAL COLUMN

Weekly Review of Trade and Latest Market Reports.

Bradstreet's says:

Weather, crop and industrial reports are still very irregular, rendering general characterization difficult. Taken as a whole, there is, however, a slightly larger business doing, this being particularly true of retail trade in sections where weather permits and in bookings for fall and winter delivery at wholesale. In portions of the South and in the East generally there is more confident purchasing, higher prices for cotton aiding in the former instances, while the advance of the season helps trade along the Atlantic seaboard. Business on the Pacific Coast has expanded slightly, particularly in California. In the Central West trade at retail is expanding slowly and a rather better business is reported with country merchants, but jobbing activity is not as pronounced as it was some weeks ago. "Business failures in the United

States for the week were 201, against 227 last week and 261 in the like week of 1908.

"Wheat, including flour, exports from the United States and Canada for the week aggregated 1,475,506 bushels against 1.062.244 bushels last week and 2,470,177 bushels this week last year. Corn exports for the week are 799,800 bushels, against 926,898 bushels last week and 292,-938 bushels in 1968."

WHAT COLORS SHALL I USE?

This Question is Important in Paint-

ing a House or Other Building. A proper color scheme is r tremely important in painting a house. It makes all the difference between a really attractive home and one at which you wouldn't take a second glance. And it makes a big difference in the price the property will bring on the market.

As to the exterior a good deal depends upon the size and architecture of the house and upon its surroundings. For a good interior effect you must consider the size of the rooms, the light, etc.

You can avoid disappointment by studying the books of color schemes for both exterior and interior painting, which can be had free by writing National Lead Company, 1992 Trinity Building, New York, and asking for Houseowners' Painting Outfit No. 49. The outfit also includes specifications and a simple instrument for testing the purity of paint materials. Pure White Lead which will stand the test in this outfit will stand the weather test. National Lead Company's famous Dutch Boy Painter trademark on the keg is a guarantee of that kind of white lead.

Saxons have organized to preserve the older national architecture in city homes.

People Talk About Good Things.

# Let me Tell you

A woman who is sick and suffering, and won't at least try a medicine which has the record of Lydia E. Pinkham's Vegetable Compound, is to blame for her own wretched

There are literally hundreds of thousands of women in the United States who have been benefited by this famous old remedy, which was produced from roots and herbs over thirty years ago by a woman to relieve woman's suffering.

Read what these women say:

Camden, N. J. — "It is with pleasure that I send my testimonial for Lydia E. Pinkham's Vegetable Compound, hoping it may induce other suffering women to avail themselves of the benefit of this valuable remedy.

"I suffered from pains in my back and side, sick headaches, no appetite, was tired and nervous all the time, and so weak I could hardly stand. Lydia E. Pinkham's Vegetable Compound made me a well woman—and this valuable medicine shall always have my praise."—Mrs. W. P. Valantine, 902 Lincoln Ave., Camden, N. J.

Erie, Pa.—"I suffered for five years from female troubles, and at last was almost helpless. I tried three doctors but they did me no good. My sister advised me to try Lydia E. Pinkham's Vegetable Compound, and it has made me well and strong. I hope all suffering women will just give Lydia E. Pinkham's Vegetable Compound a trial, for it is worth its weight in gold." —Mrs. J. P. Endlich, R. F. D. 7, Erie, Pa.

Since we guarantee that all testimonials which we publish are genuine, is it not fair to suppose that if Lydia E. Pinkham's Vegetable Compound had the virtue to help these women it will help any other woman who is suffering from the same trouble.

For 30 years Lydia E. Pinkham's Vegetable compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit. If the slightest trouble appears which

you do not understand, write to Mrs. Pinkham at Lynn, Mass., for her advice—it is free and always helpful. No Need Of His Worrying.

Patient—Weil, doctor, do you tak I'm getting on all right?

Doctor—O yes. You still have a good deal of lever, but that doesn' trouble me.
Patient-Of course not. If you

Big, Painful Swellings Broke and Did Not Heal-Suffered B Years-Tortures Yield to Catienra. "Little black swellings were scatter over my face and neck and they would leave little black scars that would itel a keep from scratching lings would appear couldn't Larger ave By this time it was all over my the upper part of my body in seedings as large us a dollar. It was so pointful that I could not bear to be on my book. The when they broke the places would not heal and in less than a week arms of the plans were nearly well. I continued until I be

used three sets, and now I am sound and well. The disease lested three years. O. L. Wilson, Puryear, Tenra, Feb. 8, 1638." Potter Brug & Chem. Carp. Sole Props of Cutioura Remedies. Heston, Mass. A preliminary survey of the route of the proposed Hudson Bay Railway has discovered between 250,000,000 and 300,000,000 feet of timber im-

med ately along the right of way. Do Your Feet Ache and Burn? Shake into your stock Allen's Foot Ease, a powder for the feet. It makes tight or new slock feet easy. Cures Coros, Bunions, Swollen, Hot, Smarting and Sweating Feet and Ingrowing Nails. Sold by all Druggists.

What Sandwich Was For. A stately old professor was approached by a young student one day in one of the Western colleges. Trying hard to keep back a smile, the

Address Aflen S. Olimsted, LeRoy, N. Y.

young man asked: Professor, you say you are an ex pert at solving riddles, don't you? "I claim that I am, my boy." Well, then, can you tell me why a man who has seen London on foggy day and a man who has no

The professor studied for a long time, venturing several answers, which proved to be wrong. Finally, at his wit's end, he said: "I give it up."
"It's easy," said the other.

"Give it up," repeated the profess-'Why," was the reply, "one has why, was the reply, one has seen the mist and the other has miss-ed the scene. Ha, ha! Catch on?" "Of course I do, you lunatic! But what has the sandwich to do with

After the youngster had recovered from a spell of laughter he chuckled: "Oh, that's what you bite on."—
