CONDENSED FOR HURRIED READERS

Ex-Treasurer John A. Henry, of Clear Ridge, was in town Monday.

Miss Zena Brant, of Dane, was a pleasant caller at the News office Monday.

Mrs. Sabina Mellott and son Charles, of Belfast township, were in town Monday.

Miss Nelle Curran, of Clear Ridge, entered the Normal last Monday as a student.

DeWitt's Little Early Risers, the famous little liver pills, small, gentle and sure. Sold by Trout's drug store.

Mr. and Mrs. Roy Cromwell went up to Clear Ridge yesterday afternoon to spend a day or two. Roy wants to go to Three Springs before he returns.

Mr. and Mrs. J. Comer, of Thompson township, were summoned to town yesterday on account of the illness of the latter's mother, Mrs. Sarah Pittman.

Dr. C. O. Johnson, of Claysburg, Blair county, was prosecuted before Squire George R. Imier, of Woodbury, on charges of not reporting six births in Bloomfield township, to the registrar of that district. He pleaded guilty and paid the costs. The fine was not imposed.

FOR SALE—One Fifteen-horse power Portable Steam Engine, and Log Mill for sale cheap. Call or address:

ZENTMYER WAGON WORKS, 527-m3. Mercersburg, Pa.

Because of a law, signed by the governor, this month, repealing the act which provided for payment of the men who fought forest fires, the county commissioners will hereafter not pay any money to persons for extinguish such fires. The order has been issued, in compliance with the new law.

If you expect to get the original Carbolized Witch Hazel Salve, you must be sure it is DeWitt's Carbolized Witch Hazel Salve. It is good for cuts, burns and bruises, and is especially good for piles. Refuse substitutes. Sold by Trout's drug store.

Mr. D. A. Gillis, of this place, left this morning for Carlisle, where he will attend the Annual Reunion of the "158th;" thence he will go to Harrisburg and visit his sons, and next Monday run over to Gettysburg, and witness the Memorial services on the Great Battle Field.

Reynolds Wilson, of Maddensville, son of Elias Wilson, returned last Saturday from Philadelphia, where he had been at a hospital for treatment since the 11th of March. During that time he underwent an operation for an abscess in his side; and while he is not well, by any means, he is thankful to be home again.

George C. Steigers, of Mercersburg, accompanied by E. W. Paterbaugh, of Lanark, Ill., drove over to McConnellsburg and took dinner at the Fulton House, last Sunday. While here George Rexroth presented Mr. Paterbaugh a string of eleven rattles and a button which had been taken from a big rattlesnake, killed by Tom Rockwell as he was coming over the mountain the other day. Mr. Paterbaugh will take the rattles back with him to Illinois to convince his Fulton county friends out there that he really was in the mountains of Pennsylvania.

Reuben S. Wible, who bought a farm near Chambersburg two or three years ago, and moved to it from this county, is making those Franklin county farmers sit up and take notice. That Mr. Wible and sons are hustlers is shown by the fact that during the past year, they have put on their farm 8,000 bushels of lime, and are getting ready to burn more for the fall crop. Many farmers in that county, who had been complaining of their grass crop falling off, have turned their attention to more lime, and now they are getting all the grass they want. Mr. Wible is regarded as one of the best of Franklin county farmers.

Monday afternoon, Mr. Elliott Fraker, of Fort Littleton, was removed from his home to Three Springs, where, on Tuesday morning, he was joined by Dr. R. B. Campbell, of New Grenada, and taken to a hospital in Philadelphia for treatment. At the same time Mr. and Mrs. George Fraker took their son Harry back to Philadelphia. Mr. Fraker had the boy there for an operation, but it has been found necessary to take him back. We hope that both may return very much improved in health.

Resolutions of Respect.

At a regular meeting of Washington Camp, No. 617, P. O. S. of A., Crystal Spring, Pa., May 15, 1909, a committee on resolutions was appointed, in which we, the members of the Camp, by our committee, hereby express our feelings in the following:

WHEREAS, We fully realize the teachings of our Order—the uncertainty of life and the certainty of death—we are most forcibly reminded of this great truth in the death of Brother Martin W. Hixon, which occurred May 11, 1909; Therefore, be it.

Resolved, That we hereby renew our vows one to another and to our order, in hope that we may live closer to each other in the practice of Fidelity, Valor and Honor.

Resolved, That in his death the Camp has lost a worthy member, and when we look upon his vacant chair, we are impressed with the thought that it is his gain and our loss.

Resolved, That the most profound sympathy of this Camp be hereby extended to his bereaved wife and children.

Resolved, That the Charter of the Camp be draped for a period of thirty days in remembrance of our deceased brother, and to remind us that we, too, may soon be called to that bourne from which no traveler has ever returned.

Resolved, That these resolutions be published in "The Fulton County News" and "The Everett Press," and that a copy be sent to the home of the deceased brother.

ANDOVER.

As Daniel H. Johnson and wife of Wells Tannery, were crossing George Sipes' farm a few days ago, their attention was directed to a large chestnut tree. Getting a plow line from Mr. Sipes, and measuring the tree, they found it to have a circumference at the ground of 17 feet, and six feet above the ground, it measured 16 feet. Upon his arrival at N. S. Strait's, Mr. Johnson was amazed at the size of some eggs he saw Mr. Strait bringing in. His curiosity led him to measure one and he found it measured 6 inches in circumference, and 3 1/4 inches in length. If you want eggs that will hatch two chicks to the egg, just call on Nev.

The corn is coming up nicely, but there is a crow for every stalk—and then some. A farmer down the Creek put a scarecrow in one of his fields, and was surprised a day or two ago on going to the field to find that a crow had built a nest in it, and had laid two eggs in it.

Orchard and Garden.

Keep hoes sharp with a file.

Make three successional plantings of sweet corn this month, at ten day intervals.

Never pick berries for market when they are wet. And, when picked, hurry them to a cool place out of the sun.

Cut off, at any time, any suckers you may find growing at the foot of fruit trees or on the trunk or main limbs where branches should not grow.

Muzzle the horses and pad the outside portions of whiffletrees and harrow when cultivating the orchard; thus avoiding all bruised and "barked" trees.

Pay an occasional friendly visit to the little trees set this spring. Rub off unnecessary sprouts; and make sure that no label wires have been left on the trees to choke them.

Watch for the little slugs—darkish, slimy fellows—that are likely to be on pear or cherry leaves now. Fine, dry dust, if thrown in the trees, will kill every slug it covers. Or almost any of the regulation orchard sprays will exterminate this pest.

One ounce of California bubach dissolved in three gallons of water is a good, non-poisonous spray application for cabbage worms and lice. The imported "Persian insect powder" is the same thing, but is not so fresh and effective as the California article.

Cabbage and other plants can be protected from cutworms by erecting a two-inch-high paper fence around each stem. Lap the paper ends and push the "fence" an inch into the soil to hold it in place. The paper should not come nearer to the stem than about one and one-half inches.

The asparagus beetle is a troublesome pest, not easy to control, says Rural New-Yorker. Chickens are fond of them and will rid garden beds of the adults, but, of course, can be of little benefit in large fields. Clean cutting, especially in ridge culture, keeps them well under control in spring but the slugs or larvae do considerable harm later.

Don't forget to keep picking the cucumbers as they ripen. Look through the vines carefully (they have a great way of hiding in the leaves), so that none will be overlooked; for two or three large ones going to seed will sap all the strength of their vine, whereas in picking them right along new ones will form, and a continued supply be secured.

The Bordeaux mixture is the proper remedy to use for all fungous troubles; viz., mildew and rust of beans; potato and tomato rot and leaf-blight; melon and cucumber diseases; celery leaf-blight and rust, etc. The half-strength mixture (two pounds copper sulphate, two pounds quicklime, fifty gallons water) is strong enough to use in the vegetable garden, except for potatoes.

Look out for the striped beetles. They often attack and destroy melons and cucumbers as fast as the plants appear above the ground. An application of wood ashes, air-slaked lime, or gypsum, tainted with kerosene or turpentine or carbolic acid, will help to drive them away. If you have only a few plants, you can easily protect each hill by erecting a mosquito netting guard over it until the plants begin to run.

There are three common methods of growing strawberries—in hills, in narrow matted rows, or in wide matted rows. We prefer the second method. Arrange the first strong runners by hand, spacing them properly and securing each one in place with a little soil or a small stone. Then, when each row is full, cut off all additional runners that may grow. Keep the ground hoed and cultivated until late fall. The finished row should not be wider than fifteen or eighteen inches.

THE THRICE-A-WEEK WORLD

The Greatest Newspaper of Its Type.

It Always Tells The News As It IS. Promptly and Fully.

Read in Every English-Speaking Country.

It has invariably been the great effort of the Thrice-a-Week edition of the New York World to publish the news impartially in order that it may be an accurate reporter of what has happened. It tells the truth, irrespective of party, and for that reason it has achieved a position with the public unique among papers of its class.

If you want the news as it really is, subscribe to the Thrice-a-Week edition of the New York World, which comes to you every other day except Sunday, and is thus practically a daily at the price of a weekly.

THE THRICE-A-WEEK WORLD'S regular subscription price is only \$1.00 per year, and this pays for 156 papers. We offer this unequaled newspaper and THE FULTON COUNTY NEWS together for one year for \$1.75. The regular subscription price of the two papers is \$2.00.

LATEST NEWS FROM

The Racket Store

Having recently had so many calls for the Warner Corset, we have added them to our stock, and are not a bit sorry for it either, for they are all that has been claimed for them.

This 156 style for the average figure is fine—has the rust-proof stays. Is a perfect fitter, and costs you only 75 cents.

These Corsets are made in 61 patterns, and if you do not have the style you want we will gladly get it for you.

The second style is more suitable for every one—and for every day use, and the price of this is only 90 cents. They make another grade that we sell at 45c, in two styles, which is the best value we ever had at 45c. Don't fail to see our line of Corsets. Of course, we still have the Armorside at 89c.
