OVER-INDULGENT MOTHERS.

A Self-Sacrificing Mother Is Often a Detriment To Many a Young Girl.

"Dorothy Dix" gives out this bit of very sensible information: There is nothing else in the

world so sublime and so idiotic, and so criminal as this mother self abnegation, for the sum total of the result of all this martyrdom of mothers is disaster for the girls. These mothers who would die for their daughters, are really doing them a deadher wrong than malignity itself could

For the girl who has tastes and habits beyond her station in life inculcated in her has not been fitted for life. She has been unfitted for it. She has been given brought him up properly; that he desires that she can never gratify, she has been taught appetites she can never indulge, she has been given ambitions she can never achieve, and the inevitable outcome is a disgruntled, discontented, bitter woman, who is a torment to herself and to everybody about her. Sometimes she is even worse.

There are thousands of mothers milking cows on farms, and keeping boarding houses and making dresses in the cities, to send some daughter to a fashionable school, where she will consort with the daughters of milhonaires and appear to be better

It is natural that mothers should want to save their daughters from hardships and responsibilities when they are young, the ground has been harrowed out it is a mistaken kindness. The hardships are there. The difficulties are there, and sooner or later they must be faced. Happy in that hour is the girl whose mother has taught her a sane view of life and the value of things, and who has bred in her strength, and courage, and selfcontrol.

A self-sacrificing mother is the greatest misfortune that ever be-Jacob Crider's on Sunday: Rufus glance over your back yard and fell any girl. Eat What

You want of the food you need Kodol will digest it.

You need a sufficient amount of good wholesome food and more than this you need to fully digest it. Else you can't gain strength, nor

it is weak. You must eat in order to live and maintain strength.

You must not diet, because the body requires that you eat a sufficient'amount of food regularly.

But this food must be digested, and it must be digested thoroughly. When the stomach can't do it, you must take something that will help the stomach.

The proper way to do is to eat what you want, and let Kodol digest the food.

Nothing else can do this. When the stomach is weak it needs help; you must help it by giving it rest, and Kodol will do that.

Our Guarantee

Go to your druggist today, and purchase a dollar bottle, and if you can you strengthen your stomach if can honestly say, that you did not receive any benefits from it, after using the entire bottle, the druggist will refund your money to you without question or delfy.

We will pay the druggist the price of the bottle purchased by you.

This offer applies to the large bottle only and to but one in a family.

We could not afford to make such an offer, unless we positively knew what Kodol will do for you.

It would bankrupt us. The dollar bottle contains 2% times as much as the fifty cent bottle.

Kodol is made at the laboratories of E. C. DeWitt & Co., Chicago.
