Talk About Race Suicide.

A man wrote to President Roosevelt telling about his eleven children. The letter and reply were published far and near.

Gypsies Have to Pay License.

Pennsylvania will hereafter probably be shi of gypsy outfits. By a recent act of the Legislature, signed by Governor Stuart, the nomads must pay a tax of \$50 in every county where they appear.

Dusting in General and in Particular.

Up to a certain point, a feather-duster is allowable; when the dust has settled, it should be removed by using a slightly dampened cloth. As ordinarily performed, dusting simply whisks the lint from one place to another.

Sometimes it is necessary to polish as well as dust. The unbeaten white of an egg stirred in cold water cleans polished surfaces dry. Work in small sections, dry quickly and rub until bright.

Cake Walk and Ice Cream.

The Ladies' Aid Society of Asbury M. E. church will hold a chicken swallow and ice cream supper with several cake walks to add to the enjoyment of the evening, at Harrisonville, Saturday, June 19, 1909.

Subscribe for the "News;" only \$1.00 a year.

LAST REQUEST.

A sick man was told by a physician that he could not live long. The fellow turned to a lawyer who within the last thirty minutes had made his last will, and said:

"What do I owe you?"

"Oh about \$100," returned the lawyer.

"And doctor, what do I owe you?" he said.

"Let's see, you have been sick two days," said the doctor, "oh, about \$100."

"Well, one of you kneel on each side of my bed," said the sick man, "it will be a great satisfaction to die between two thieves."

Climbing Stairs is Good Exercise.

Climbing stairs is avoided by most women as an unsafe exercise. Yet it is detrimental because of the bad way in which it is done.

Nothing Better Than Work.

Recently a man wrote to the New York Times saying that he was a little more than fifty years of age, and having worked all of his life to acquire enough money to make him independent, and having succeeded, he had retired, and was now trying to make himself happy with nothing to do.

Foolish man! The independence that money brings with it is the least of all our independencies.

Why the Automobile Has Come to Stay.

The United States sells auto mobiles to every country in the world, including France, which had a reputation for the beginning for the manufacture of fine machines. That distinction now belongs to us.

The success of our automobile manufacturers is largely due to the protection afforded them against undue foreign competition. How effective the tariff has been in aiding the industry since its infancy—barely ten years ago—is shown by the fact that an Italian firm, making automobiles of a high class very extensively, is seeking to establish a factory of its own in this country, in which it would employ many men at good wages.

Browning.

Browning used to belittle himself to belaud his wife by saying that her work was so much more instinctive than his that his was the product of patient effort and cumbersome preparation.

Mark Twain Was Responsive. A friend wrote to Mark Twain asking his opinion on a certain matter and received no reply.

Conundrums.

Why is a cat which catches his tail like a good manager? Because he makes both ends meet.

What is that which we often return, but never borrow? Thanks.

Why is a young lady not a young lady? When she's a sweet tart (sweet-heart).

Why is a clergyman's horse like a king? Because he is guided by a minister.

Why is a miser like one with a short memory? He is always forgetting.

Why is a madman like two men? Because he is always beside himself.

What is that which a cat has, but no other animal? Kittens.

If you saw a dude riding on a donkey, what fruit would it remind you of? A pear.

WELLS TANNERY.

June 7.—Daniel Warsing and daughter, Mrs Bertha Truax and son Frank, spent Sunday at Glendale.

Bessie Heisel spent Sunday with Mary Moseby.

Mary Horton spent Sunday with May Daniels.

There was a surprise party at Ditha Hann's last Saturday. It was a good time to set out plants and Mrs. Hann was busy in the garden when the people began to gather.

Those present were Mr. and Mrs. Hann and sons Willie and Charlie; Reuben, Russel, May and Clemie Daniels; Mrs. Al fred Baker and daughter Elizabeth; Mrs. H. L. Baumgardner and daughter Elsie; Mrs. A. S. Greenland and nephew John Corbin; Elias Hauman and Bruce Clevenger, of Pleasant Ridge, and James B. Horton, wife and two children Robert and Estella. Mrs. Hann received many useful presents.

Potato Bugs and Blight.

Information has been received by the Division of Zoology of the Pennsylvania Department of Agriculture from some of the principal potato districts of the State to the effect that the Potato Bug, or Colorado Beetle, is already actively at work on the young potato plants and threatens to do considerable damage.

In answer to some of the queries as to how to destroy the bugs, as well as prevent blight, State Zoologist Surface replies as follows:

"The Colorado Potato Beetle or Potato Bug will be very destructive in many parts of this State this year. Spray with the Bordeaux mixture to which poison is added. Make the Bordeaux mixture by using four pounds of bluestone and five pounds of lime in fifty gallons of water and to this add either one half pound of Paris Green or two pounds of arsenate of lead. Spray thoroughly and you will prevent blight and also kill the bugs. Repeat this once every two weeks for blight, but if there are no bugs present, you need not add the poison. Whenever the bugs are present add the poison and spray for them. There is no rule concerning the frequency of repetition for Potato Bugs, as we simply spray when they come and kill them as soon as possible. If you do not wish to go to the trouble of making the Bordeaux mixture for the blight, or are willing to run the risk of the blight not coming, you can kill the potato beetles by spraying with either of the two poisons mentioned, in fifty gallons of water alone. But the best thing to do is to make the regular Bordeaux mixture with lime and bluestone and then add the poison to this. The Bordeaux is for plant diseases only, and will not kill insects. It is thus a fungicide. To make it an insecticide we add the poison, as described above."

A Costly Hug.

A 45 year-old citizen of Hagers town hugged a pretty 20 year-old Miss of that place, seemingly contrary to her wishes and desires. She speedily had him arrested and it cost him \$12. He was old enough to know it was against the law to hug a girl against her will. He should have known there are plenty that would not cost him a cent for the privilege. He just made a mistake and hugged the wrong girl.

Annuities Prolong Life.

An insurance physician tells me an annuity is equal to a gift of ripe old age. Says many an old fellow he has passed as a risk, gives him a year or two at the most, has turned up regularly to collect for a score of years. Nothing strange in that. I've known a few old boys who have been lucky enough to have had annuities settled on them, and in each case it was like a new lease of life. Annuity means end of worry, and the wise doctors tell us worry is the most fatal of all diseases. Ever see an old man with a competence walking listlessly, or with a stoop, or wearing that down in the mouth expression? Not one. Ease and comfort assured for the future, and the old man steps out confidently, and holds his head high. Little wonder the insurance physician says if annuitants never die. They come collecting at 80, 90 and 95, and what has Dr. Osler to say about that?

The Busy Hen.

The magazines are fond of quoting large figures about the hens. Being the smallest variety of the farm stock, they are more or less overlooked, but the total ways shows results which are surprising. A writer in the Technical World Magazine figures the value of all the poultry in the country at about \$85,000,000, or about \$1 for every person in the United States. They lay eggs enough to allow about two hundred per inhabitant. The weight of the eggs laid yearly is greater than that of the exports of pork, beef, tallow, ham, bacon and sausage.

The most rapid growth in recent years is said to be in the southwest. Missouri and Kansas sold nearly \$50,000,000 of poultry in one year. Iowa still leads in number of eggs produced, although the average price is lower than in many eastern States. Chicago continues the leading egg centre both for fresh receipts and for cold storage, the average number stored in recent years being about twenty thousand cases of thirty dozens each. These eggs are produced mostly in the West and Southwest. The bulk is sold in the West, but a good many come to eastern cities. The higher grades of eggs in the eastern markets are produced in the eastern States. The eggs produced yearly in the United States are worth \$140,000,000, which is almost three times the value of the wool product. The value of poultry products beats that of all the mines in the country in annual cash output.

Walnut Grove Camp Meeting.

The Walnut Grove campmeeting will open August 6 and close August 15. Never in the history of the camp has there been such a demand for tents. Almost all the available room has been occupied and the management contemplates the erection of new tents to accommodate those who desire to spend a vacation at this ideal spot. Persons who wish tents or furnished rooms should write Rev. F. W. McGuire, Saxton, Pa., General Manager. J. C. Cromwell will keep the boarding house and J. W. Lun will run the hack to Three Springs. The address of each is Middensville. The hack for camp will be marked "Camp Hack" and all patrons of the camp are asked to take that hack. A special effort will be made to keep strong drink and intoxicated men off the campground. Hack drivers will not be allowed to bring them on the ground. The management is leasing some of the timber land around their own grove so as to prevent its use for such purposes. The ground will be well officered. Every effort will be put forth to enforce this rule. There has been some annoyance in the past through this and the management has tried to break the matter up by persuasive measures. The time has now come to break the matter up and the law will be enforced upon any and all who come there intoxicated or who bring intoxicating drink on or about the ground. Good speakers will be present at the camp. Evangelistic services will be held each evening conducted by gospel workers from Altoona. The "boy preacher" will be there and a returned missionary from India.

Kodol For Dyspepsia and Indigestion

If you Suffer from Indigestion, Dyspepsia, Gas on the Stomach, Belching, Sour Stomach, Heart-burn, etc., a little Kodol will Relieve you almost Instantly

Kodol supplies the same digestive juices that are found in a healthy stomach. Being a liquid, it starts digestion at once.

Kodol not only digests your food, but helps you enjoy every mouthful you eat.

You need a sufficient amount of food, wholesome food to maintain strength and health.

When your stomach cannot do its work properly, take something to help your stomach. Kodol is the only thing that will give the stomach complete rest.

Why? Because Kodol does the same work as a strong stomach, and does it in a natural way.

So, don't neglect your stomach. Don't become a chronic dyspeptic. Keep your stomach healthy and strong by taking a little Kodol. You don't have to take Kodol all the time. You only take it when you need it.

Kodol is perfectly harmless.

Our Guarantee

Go to your druggist today and get a dollar bottle. Then after you have used the entire contents of the bottle if you can honestly say that it has not done you any good, return the bottle to the druggist and he will refund your money without question or delay.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.

For Sale at Trout's Drug Store.

BUGGIES Buggies advertisement for W. R. Evans in Hustontown, Pa. Includes text about Top Buggies and contact information.

WHAT ABOUT YOUR VACATION

DO YOU KNOW WHERE TO GO, HOW TO GO, WHAT TO TAKE, WHAT IT WILL COST AND ONE OTHER THING THAT MAKE OR MAR A VACATION?

All this information can be had for the asking from the RECREATION INFORMATION BUREAU and absolutely without cost to you; the only condition is that you are a reader of RECREATION either by subscription or by purchase at your newsdealer.
