Attention is called to the advertisement of the public sale by the assignees of Daniel Knauff, of Ayr township, to be held on the 21st of August.

T. W. Walker and family, near St. Thomas, came to McConnellsburg last Saturday. Mr. Walker returned home Monday, and Mrs. Walker and the children are spending the week here. They are guests of Mrs. Walker's parents, Mr. and Mrs. W. A. Sloan.

D. A. Charlton, of Maddensville, has some apples raised on his farm during the season of 1908, that are in a state of preservation that is truly astonishing. The fruit is of a Russian variety, and they are as smooth, sound and fresh as though they just came from the tree. Mr. Charlton states that he kept apples of season of 1906 until June of 1908, a record probably unsurpassed. He employed no special cold storage, but simply kept the apples in a cool damp cellar.

A twenty-ton stack of hay near the wagon shed, on the farm of James D. Stevens, near Fort Littleton, was discovered to be on fire on Saturday morning of last week. At the time the fire was discovered, no one was there except Mr. and Mrs. Stevens and their daughter; but soon neighbors began to arrive and worked bravely to save the farm buildings, which fortunately was accomplished. The cause of the fire is supposed to have been spontaneous combustion, as the top of the stack was covered with boards.

The best remedy we know of in all cases of Kidney and Bladder trouble and the one we always can recommend, is DeWitt's Kidney and Bladder Pills. They are antiseptic and at once assist the kidneys to perform their important work. But when you ask for these pills, be positive that you get DeWitt's Kidney and Bladder Pills. There are imitations placed upon sale to deceive you. Get DeWitt's. Insist upon them, and if your dealer cannot supply you—refuse anything else in place of them. Sold by Trout's drug store.

We had a very pleasant call last Saturday evening from our old friend William T. Mellott, of Hartford City, Ind., who is visiting among his Fulton county relatives and friends. He is a son of the late Samuel Mellott, of Belfast township, and was reared on the old homestead near the Siding Hill Baptist church. Mr. Mellott went to Indiana in 1863, and is now one of that State's prosperous citizens. His visit here this year will be shortened somewhat on account of the fact that he and his wife expect to go to the Alaska-Yukon Exposition in Seattle, after he goes home from a this count.

Is She Working Herself to Death Does your wife complain of too much dairy work? Do you ever hear her say she'll never get through washing milk things? How often does she say, "Oh, if I only had fewer pans, crocks and cans to wash, I could read, write or sew more, or even take a little rest each day." AN EASIER TIME. Ask her about it. Arrange to make the dairy work one half easier, one half neater, one half more pleasant, and 25 to 100 per cent. more profitable by using a Sharples Tubular Cream Separator. Until you try the Tubular, you can't imagine the difference it makes. It skims the milk immediately after milking—there's no milk standing around—no cans or pans to wash. The Tubular is entirely different from all others, so much more simple and convenient. Bring your wife and let me take a Tubular apart for you. B. I. REEDER, Hustontown, Pa.
