Better Not Get Dyspepsia

If you can help it. Kodol prevents Dyspepsia, by effectually helping Nature to Relieve Indigestion. But don't trifle with Indigestion.

A great many people who have trifled with indigestion, have been sorry for it—when nervous or chronic dyspepsia resulted, and they have not been able to cure it. Use Kodol and prevent having Dyspepsia.

Everyone is subject to indigestion. Stomach derangement follows stomach abuse, just as naturally and just as surely as a sound and healthy stomach results upon the taking of Kodol.

When you experience sourness of stomach, belching of gas and nauseating fluid, bloated sensation, gnawing pain in the pit of the stomach, heart burn (so-called), diarrhoea, headaches, dullness or chronic tired feeling—you need Kodol. And then the quicker you take Kodol—the better. Eat what you want, let Kodol digest it.

Ordinary pepsin "dyspepsia tablets," physian, etc., are not likely to be of much benefit to you, in digestive ailments. Pepsin is only a partial digester—and physics are not digesters at all.

Kodol is a perfect digester. If you could see Kodol digesting every particle of food, of all kinds, in the glass test-tubes in our laboratories, you would know this just as well as we do.

Nature and Kodol will always cure a sick stomach—but in order to be cured, the stomach must rest. That is what Kodol does—rests the stomach, while the stomach gets well. Just as simple as A, B, C.

Our Guarantee

Go to your druggist today and get a dollar's worth of Kodol. If you have used the entire contents of the bottle if you can honestly say that it has not done you any good, return the bottle to the druggist and he will refund your money without question or delay. We will then pay the druggist for the bottle. Don't hesitate, all druggists know that our guarantee is good, and to let one in a family. The large bottle contains 1/2 times as much as the tiny cost bottle.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.

CAUGHT IN THE ACT.

Mrs. B. F. Shives, of Laurel Ridge, Found The Thief That Was Taking Her Eggs and Cut His Head Off.

Mrs. B. F. Shives, like all thrifty wives of farmers, looks carefully after her poultry. She has a nice lot of hens, and they have been furnishing a profitable supply of eggs. A short time ago, she noticed a falling off in the number of eggs—one nest especially was robbed every afternoon. One day she placed a half dozen in the nest as a trial, and sure enough, when evening came the eggs were not there. Members of her family were inclined to place the blame on her favorite cat. To solve the problem, a few afternoons ago, she placed herself where she could keep an eye on the nest, which was in a box up in the chicken house. About three o'clock, she noticed a black snake crawl out cautiously, and wend his way up to the box, and when the snake's head was extended down into the nest, she grabbed up an ax which was in reach, and going near brought the keen blade down severing the snake's head from the body. The snake measured over five feet in length, and upon examination, the snake's stomach contained about half a dozen hen-eggs intact.

Scared With a Hot Iron, or scalded by overturned kettle, cut with a knife, bruised by slam med door, injured by gun or in any other way—the thing needed at once is Bucklen's Arnica Salve to subdue inflammation and kill the pain. It's earth's supreme healer, infallible for boils, ulcers, fever sores, eczema, and piles. 25c. at Trout's drug store.

A Villainous Act. Miss Orpha Mock, who had been visiting friends in Cumberland county with her aunt, Miss Minnie Mock, returned to McConnellsb'g last Saturday. Her father, John Mock, of Tod township, met her here, and he and his daughter waited until late in the evening before starting to drive out to their home. The suit case containing Orpha's best dresses, which she had with her on her visit, was placed in the rear of the buggy. When they reached home, they made the discovery that some villainous specimen of human depravity had stolen the suit case and, of course, the contents. When it is considered that Orpha, thirteen years old, is motherless and keeping house for her father—and not yet having reached the age when she can make clothes to replace the ones stolen, it makes the crime appear the more despicable.
