## WHO OWNS THE AIR?

A Pressing Problem That Must Be Settled at Once is Whether an Aviator Has the Right of Way Over Private Property, the Ownership of Which in Every Case, According to the Old Roman Law, Extends Upward Indefinitely.

an aviator fly to be safe from the con-sequences of illegal trespass? and The military airship will necessia great many other questions, not burning now but considered as soon to be hot ones, were treated by Lyttleton Fox, a lawyer, in an address to members of the Aero Club of Amer-ica. The answer was that the aviator would have to be out of sight. He

must dodge the police. The old Roman law which gives to the act constitute a cause of war? the owner of land absolute ownership If the aeroplane develops the power also of the air above it is responsible for this. The law must be changed, he added, or the courts win be ruinously congested. As matters stand, there having been no changes in the law for several hundred years, a man in a flying machine has no rights that a man with a plow is bound to respect. The question is how best to vision of the statute boo bring the attention of the judicial its revolution of traffic. system to this unfair discrimination against the flying portion of the race. No man can fly as things now stand that after the existing legal status of without technically breaking the law, an aerial trespasser has once been

the landowners. It is a problem that bristles with nounced a public highway. Legisla-novelty, says Mr. Fox. In the event tion of that kind, however, would be of pedestrians being hit by ginger unfortunate if it were not very accurpop bottles dropped by the passing ately limited. There is a wide differantiation or by other objects, including the aviator himself, the man beautiful and navigation of the air. If a translow would have redress at law. Mr. atlantic steamship is badly handled Fox believes the Aero Club should those who are on board her may urge the Wright brothers, for in-stance, to consent to be sued by the other craft which is on the same owner of land over which they have level. There is practically no chance, flown (and thereby trespassed), so as to bring the whole subject before the courts for settlement. The suit bottom of the ocean. She can discard should be a friendly one, he said, the object being to modify, if possible, the law of aerial trespass. Another way might be to condemn the air by legal procedure, and the historical fossil. procedure, and thus knock over

A discussion that followed the ad- of those who engage in aerial navigadress of the evening resulted in the members arriving at the firm belief that the air should be considered a highway, and there was preliminary "Will the interest of the considered a says:

To avert suits for aerial trespass Mr. Fox suggests that the State condemn and buy a stratum of air as a highway for flying machines. The first successful human flight made the air a high-demn and buy a stratum of air as a highway for flying machines. The first successful human flight made the air a high-demn and buy a stratum of air as a high-demn and buy a city shows that the French have al- should be no ownership. At any rate,

New York City .- How high must | at the Rheims meet an aviator was

tate new provisions in international law to meet the new problems of international relations which it will raise. France has now seven airships, Germany eleven and Italy five in course of construction. Given a fleet of Zeppelins arriving unan-nounced above a British port, will to carry explosives for dropping on an enemy's fleet, will the practice be

permitted under the rules of war? The interesting fact in connection with the suggested regulation of air travel is that it is already made necessary by an invention only yesterday in its infancy which threatens a revision of the statute books along with

In advocating arrangements for a test suit, Mr. Fox seems to believe unless he gets special privileges from clearly outlined the law may be so modified that the air will be proashes, ballast or any other material without fear of doing mischief. If such things are dropped from an airship. there will always be a possibility of danger-a danger which is enhanced by the temperamental characteristics

Weekly Review of Trade and Market Reports.

R. G. Dun & Co.'s Weekly Review

'Renewed buying of rolling stock Renewed buying of rolling stock by the railroads is the conspicuous development of the week in the iron and steel trade. Reports indicate that orders are being placed with some urgency and that considerable new business is under negotiation. Activity at steel works is reflected in continued here. continued heavy purchases of pig iron at many points and further advances in prices are announced. One contract for 20,000 tons of Bessemer at \$19 is reported. The structural shops are receiving a moderate amount of new business.
"Trade in dry goods shows steady

gains and the higher prices in the primary markets, forced by the sus-tained high cost of raw material, are now quite freely paid. Trading in white cloths continues active and prices are fully on a level with the cotton market. Export trade is lim-ited by the higher prices."

Bradstreet's says: "Improvement is the order of the day in trade, collections and industry. Colder weather, freezing temperature, light snows or killing frosts, coupled with freer crop movement, have helped retail trade and collections at the West and North-west, while lower temperatures and high prices and free marketing of cotton have helped distribution at the South. Jobbing trade has been coincidently benefited by reordering to fill broken stocks, and the distributive trade side accordingly pre-

### Dr. Pierce's Favorite Prescription

Is the best of all modicines for the cure of diseaser, disorders and verticeses peculiar to women. It is the only preparation of its kind devised by a regularly draduated physician—an experienced and shilled specialist in the diseases of women.

It is a safe medicine in any condition of the system. THE ONE REMEDY which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants.

THE ONE REMEDY so good that its makers are not afraid to print its every ingredient on each outside bottle-wrapper and attest to the

truthfulness of the same under oath. It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine or known composition. No counterieit is as good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either mistaken or is trying to deceive you for his own seifish benefit. Such a man is not to be trusted. He is trifling with your most priceless possession—your health—may be your life itself. See that you get what you ask for.

every plaster I could get with no relief.
Sloan's Limitent took the pain right
out, and I can now do as much hadder
work as any man in the shop, thanks to

## Sloan's iniment

Mr. J. P. Evans, of Mt. Airy, Ga., says: "After being afflicted for three rears with rheumatism, I used Sloan's Limment, and was cured sound and well, and am glad to say I haven't been troubled with rheumatism sines. My leg was badly swellen from my hip to my kine. One-half a bottle took the pain and swelling out." Sloan's Liniment has no equal as a remedy for Rheumatism, Neuralgia or any pain or stiffness in the muscles or joints.
