Outside cleanliness is less than half the battle. A man may scrub himself a dozen times a dey, and still be unclean. Good health means cleanliness not only outside, but inside. It means a clean stomach, clean bowels, clean blood, a clean liver, and new, clean, healthy tissues. The man who is clean liver, and will look it and act it. At the hotel in Sea Cliff where I was putting in a fortnight, there was a man that I spotted as mean. Every day I looked for him to break out and say or do something to make the rest of us uncomfortable, and though he kept delaying, I did not change my opinion of him. At length the ex-plosion came. He had been down to the news stand and returned with a paper in his hand. He sat down amid a group of us, fastened his gaze moment, and then said:

Gentlemen, another employe of a I was watching the young man, but he did not turn pale.

"He did, but the police are on his trail and he will be caught. In fact, I may say he is caught."

and after a moment the mean man rose up and said: "If there is a bank employe among us let him stand up. The young man stood up. "Do you deny your guilt, sir?"

"I do. I am only the junitor of the bank that was robbed, while it was the cashier that swiped the dough.

Then he sat down, and the mean man said he guessed he'd take a walk down by the bounding billows of the Sound.

THE DIFFERENCE Coffee Usually Means Sickness but Postum Always Means Health.

Those who have never tried the experiment of leaving off coffee and drinking Postum in its place and in this way regaining health and happiness can learn much from the experience of others who have made the trial.

One who knows says: "I drank coffee for breakfast every morning until I had terrible attacks of indigestion producing days of discomfort and nights of sleeplessness. I tried to give up the use of coffee entirely but found it hard to go from hot coffee to a glass of water. Then I tried Postum

"It was good and the effect was so pleasant that I soon learned to love it and have used it for several years. I improved immediately after I left off coffee and took on Postum and am now entirely cured of my indigestion and other troubles, all of which were due to coffee. I am now well and contented and all because I changed from coffee to Postum

"Postum is much easier to make right every time than coffee for it is so even and always reliable. never use coffee now in our family. We use Postum and are always well." "There's a reason" and it is proved
