Has Proved a Great Success-Thousands Say It's the Best Thing They Ever Grew.

The Wonderberry or Sunberry, the marvelous garden fruit originated by Luther Burbank, and introduced by John Lewis Childs, the well-known Seedsman, of Floral Park, N. Y., has proved a great success all over the country. Thousands of people say it is the best thing they ever grew.

Mr. John Burroughs, the wellknown author, Naturalist and bosomfriend of Theodore Roosevelt, says it is the most delicious pie berry he ever tasted, and a marvelous cropper.

A Director of the New York Agricultural Experiment Station says it fruits abundantly even in pure sand. In the short season of North-western Canada it is a godsend, and fruits long after frost has killed most garden

D. S. Hall, Wichita, Kan., says thirty people grew it there last season with perfect satisfaction.

K. S. Enochs, Hammond, La., says it yields \$250 worth of fruit per acre with him. Mrs. J. H. Powers, 4732 Kenwood avenue, Chicago, raised enough berries on a space 4x10 feet to supply herself and friends.

Rev. H. B. Sheldon, Pacific Grove. Cal., says he likes the berries served in any and every way.

W. T. Davis, Enon, Va., says it is true to description in every way, and fruits in three months from seed. Judge Morrow, of U. S. Circuit Court, says the Wonderberry is sim-

ply delicious raw or cooked. Mr. Childs exhibited one plant five months old bearing 10,375 berries

which measured about eight quarts. Mrs. Hattie Vincent, Hayden, New Mexico, says it stands long, hard droughts of that climate and fruits abundantly all summer.

It is certainly the most satisfactory garden fruit and the greatest Novelty ever introduced.

To check New Jersey's destructive forest fires the State has ordered the railroads traversing its pine forests to clear the ground for 50 feet on each side of the tracks and plow up and gravel 10-foot strips to prevent the growth of brush again.
