Church Notices. Announcements for Sunday, March 6, 1910.

HARRISONVILLE, M. E. CHARGE, L. W. McGarvey, pastor. Asbury—Preaching 10:30.

HUSTONTOWN, U. B. CHARGE, S. B. Hoffman, pastor. Bethlehem—Sunday school 2.

Milk as a Nourishment. Although most people think of milk entirely as a fluid, it really becomes a solid when it reaches the stomach and gets in contact with the digestive secretions.

Next was a solo by Dewey Sprowl. Select Reading by Anna Demisar and Lillian Burkett. Music by Eleanor Sipe.

It was altogether a very delightful occasion, and the committee in charge deserve the thanks of the community for their success.

HOW GOOD NEWS SPREAD. "I am 70 years old and travel most of the time," writes B. F. Tolson, of Elizabethtown, Ky.

PLEASANT RIDGE. Rain, Rain, plenty of rain and mud. Meeting at the Siding Hill Christian church closed last Wednesday evening with 35 added to the church.

Those present at Ed Swope's last Sunday were: Abraham DeShong, wife and children, George and Eva; Anthony Mellott and children, Blanche and Judson; Walter Fohner, Ross Hollens head and Cora Strait, Harry, Belle and Daisy Mellott, Ora DeShong.

There will be prayer meeting next Sunday at the Christian church at 10:30 and Christian endeavor at early lamp light. Every body invited to attend.

Mrs. Thomas Garland spent the latter part of last week in the home of E. R. Mellott. Charley Mellott and wife and Myrtle and Anna Polk spent last Tuesday in the home of R. S. Mellott.

Ed Mellott and daughter Bella spent Monday night in the home of the former's sister Mrs. Henry Shaw at Gapville.

Walter Fohner of Van Wert, O., his is now circulating among his Fulton county friends. There will be preaching at the Dunkard church on Saturday evening.

WELLS TANNERY.

Pearl, wife of William Haffley, of Hopewell, died last Saturday, aged 31 years, and was interred in the cemetery at that place on Monday, services being conducted by her pastor, Rev. Reese. Mrs. Haffley was a daughter of Mrs. Rebecca Horton, of Hopewell, and is survived by her husband and two children; also, by three sisters and her mother.

The cause of her death, primarily, was tuberculosis of the lungs. Mrs. James Hann visited friends in Huntingdon last week. Mr. and Mrs. John Shaffer enjoyed a visit the other day from their aunt, Mrs. William Shaffer, aged 91 years, who drove six miles, and enjoyed the drive immensely. She was accompanied by Mr. and Mrs. Kell Ritchey and Mr. and Mrs. Will Harnish.

The first floor of the K. G. E. Hall in this place was the scene of a very pleasing event last Friday evening, when a large number of our people assembled to celebrate the fifth anniversary of the establishment of a postoffice at Wells Tannery.

The assemblage was called to order by W. H. Baumgardner, Esq., after which the audience joined in singing "America." An address of welcome was then delivered in a happy manner by J. W. Gibson in which he as a representative, of our people, absolutely transferred, assigned, and set over unto them all the rights, titles, and demands of whatsoever kinds in our celebration to have and to hold the same for their own use, benefit and pleasure.

After a piece of music by a select choir, Jno. A. Wishart, Esq. delivered an address replete with historical interest. He referred to the fact that fifty years ago we had but one mail a week, and that was carried across the mountain on horseback. Should the nation's progress continue at the present pace, we may expect our all free delivery to every family in the County, to be served by a flying machine.

Next was a solo by Dewey Sprowl. Select Reading by Anna Demisar and Lillian Burkett. Music by Eleanor Sipe. Comic recitation by Helene Bivens, and a closing address by Prof. Frank Guillard.

It was altogether a very delightful occasion, and the committee in charge deserve the thanks of the community for their success.

HOW GOOD NEWS SPREAD.

"I am 70 years old and travel most of the time," writes B. F. Tolson, of Elizabethtown, Ky. "Everywhere I go I recommend Electric Bitters, because I owe my excellent health and vitality to them. They effect a cure every time." They never fail to tone the stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood.

PLEASANT RIDGE.

Rain, Rain, plenty of rain and mud. Meeting at the Siding Hill Christian church closed last Wednesday evening with 35 added to the church.

Those present at Ed Swope's last Sunday were: Abraham DeShong, wife and children, George and Eva; Anthony Mellott and children, Blanche and Judson; Walter Fohner, Ross Hollens head and Cora Strait, Harry, Belle and Daisy Mellott, Ora DeShong.

There will be preaching at the Dunkard church on Saturday evening.

DRAWING FERTILIZER FROM THE AIR.

A New Process by Which Fertilizer for Land is Secured—Extracting the Nitrogen from the Air.

Every farmer knows that his fertilizers must be rich in nitrates to produce the best results, and he also knows that such fertilizers are expensive.

Through the invention of a Norwegian chemist, the prospect is now good for a supply of fertilizing nitrates at a low price and in unlimited quantities. Professor Birkeland of Christiania, while making some electrical experiments, discovered that he had found a way of extracting the nitrogen from the air.

This was six years ago. There is now in Norway a company, backed by English and German capital, which is turning out calcium nitrate—a compound of lime and nitrogen—by the ton for use as fertilizer. The lime they dig from the hills, and air—a mixture of oxygen and nitrogen—furnish the material.

Common air is forced through a powerful electric flame, and its two gases unite to form nitric acid—a gas which absorbs more oxygen when exposed to air. By a well known process it is changed to nitric acid, which is caused to combine with limestone. The product is calcium nitrate, which is ground into powder. It is said to be as good a fertilizer as Chile nitrate, which is a sodium nitrate.

So great are the profits in the business that American capitalists are developing here a different process. They first liquefy air, and then obtain the nitrogen from it by distillation. The nitrogen is forced into an electric furnace, in which coke and lime have been caused to combine and form calcium carbide. The carbide absorbs the nitrogen, and becomes calcium cyanamid, a valuable fertilizer.

It is only within a year or so that these artificial nitrates have been produced in commercial quantities. It has long been known that nitrogen could be supplied to a field by plowing in a crop of clover or some other leguminous plant, which draws the nitrogen from the air in large quantities. But by the new processes the farmer can get nitrogen into the soil without having to give up the use of the land for a year.—Youth's Companion.

STUBBORN AS MULES

are liver and bowels sometimes; seem to balk without cause. Then there's trouble—Loss of Appetite—Indigestion, Nervousness, Despondency, Headache. But such troubles fly before Dr. King's New Life Pills, the world's best Stomach and Liver remedy. So easy. 25c. at Trout's drug store.

SALVIA.

Quite a number of our young people have been attending church services at Hustontown. Plenty of rain and mud. Miss Anna Mann and Ira Lake of Laird, spent last Saturday at the county seat.

Miss Grace Hann and Allen Deavor spent Friday evening at Saluvia.

The Ground Hog theory has been holding out pretty well this winter, although the ice and snow have been disappearing very rapidly during the last few days. Last Friday was St. Mathias's day, and maybe the old Saint had something to do with it, for he found plenty of ice to break when he made his visit.

Jonas Mellott and wife, Mrs. Maria Mann, Eleanor Betz, and uncle John Hann, were guests at D. E. Mellott's and at Lydia Minnick's last Sunday.

Leonard Hockensmith has moved his sawmill to Scott Kegarse's where Scott has about 500 logs ready for the saw.

Drink it! It took away our good school teacher—one that all the children and patrons liked so much. It will be hard to get another teacher to fill his place, as there is now much confusion among the patrons.

Our champion fox hunter has succeeded in capturing six "grays" so far.

The protracted meeting at the Siding Hill Christian church has resulted in the addition of forty-four persons being added to the roll of church membership. Let the good work go on.

No Better Investment for Five Hundred Dollars

is to be found than the Certificate of Deposit issued by the Pittsburgh Bank for Savings. The investor receives a clean cut return of 4 1/2 per cent, the interest being mailed to him every six months.
