LOST HIS EYE.

Specialists in Baltimore Hospital Removed Elmer Lake's Eye Last Friday—Did This to Save the Other.

The News told of the accident that happened young Elmer Lake, son of Mr. and Mrs. Abner Lake, a few weeks ago. The young man was putting a shoe on one of the horses, when a small speck of steel—either from the shoeing hammer, or from the nail he was driving, hit him in one of his eyes causing great pain. Upon the advice of a local physician he was taken to the Presbyterian Eye and Ear Hospital, Baltimore, and the piece of metal extracted by means of a powerful magnet. This did not restore the sight, however, and it was soon found that if the eye were not entirely removed, he would likely lose the sight of the other eye. Consequently, last Friday he submitted to the delicate operation of having the eye removed from the socket, and he is now doing well as could be expected.

BIRTHDAY DINNER.

Given on the 27th Inst., in Honor of Mrs. Hettie Gracey's 70th Birthday.

A birthday dinner was given at the home of Mr. and Mrs. Richard Alloway, in New Grenada, last Sunday, in celebration of the seventieth anniversary of the birth of Mrs. Hettie Gracey, of Taylor township, and incidentally, a partial reunion of the Gracey family. Mrs. Gracey was the recipient of many useful presents; such as aprons, waists, dress patterns, handkerchiefs, etc. Everybody there had a grand time, and a royal dinner—just such as Mrs. Alloway is famous for preparing, capped the climax. When your scribe arrived on the scene, which was a little late, he found nothing left but the running gears of a big turkey and two chickens, and, consequently, returned home for dinner to his own rack, which was filled with long straw and fodder.

Among those present were Wm. Sprowl and wife, Mrs. Alfred Stunkard, Mrs. Geo Sprowl, Mrs. Belle Gracey, Wm. Gracey, son Jesse, and daughter Lillian; Erma Awkerman, John and Stella Gracey. There were none of Samuel Gracey's family present on account of sickness. Toward evening, ice cream and cake were served, and the guests departed for their respective homes, wishing Grandma Gracey many more happy returns of her natal day.

Gluten Feed for Horses.

Farmers in the Cove that have been feeding gluten feed to cattle are much pleased with the results, both as to the condition of the animal, and in the increased flow of milk from cows. There is still an inquiry as to whether it is a profitable feed for horses. This is answered by W. J. Kennedy, of the Iowa Experiment station, who says that gluten feed has been fed with excellent results by many prominent feeders and is especially valuable for fitting horses for market. A ration composed of 2 parts gluten feed, 1 part bran, and 1 part soaked shelled corn, was recommended. This is rich in protein and is suited to the needs of a hard working animal. It is stated that the amount of the above mixture required, averages from 12 to 14 pounds a day for a horse weighing 1,400 pounds, or in general, a pound per hundred pounds live weight.

The New Hampshire Station finds that the following rations are moderate in cost, and sufficient in amount for farm horses weighing between 1,300 and 1,400 pounds. Ration No. 1. Timothy hay 10 pounds, bran 2 pounds, corn 6 pounds, and gluten feed 6 pounds. Ration No. 2. Timothy hay 10 pounds, corn 8 pounds, and bran 7 pounds.

RACKET STORE

We have now been handling the WARNER CORSET for a year, and we are in a position to talk. Now, we are glad they did, for the good reports that we are hearing each day, convince us that we did the right thing by taking advice from these people. We still have a few Armorsides that we will sell at 75c. each, after which we will handle only goods made by WARNER BROTHERS.

If you have not tried any of these, give them a trial, and be convinced, with others, that they wear longer, and give more comfort than any other goods. Price 45 cts., 90 cts. and 95 cts.

AMERICAN WIRE FENCE.

We now have our Carload of wire fencing in, and a good thing for you that we have, for since we bought, it has advanced. But we haven't. We can sell it at old prices—something that they don't all do. We run out of that 53 and 38c. close poultry fence last year, and could have sold quite a lot more. This year we have double the quantity of last year. Call and see these goods.
