BOY KILLED IN PRIZEFIGHT EXPLOSION AND MADMAN KILLS A MISSION WORKER Solar-Plexus Blow Fatal to Gil-

Frank Skala Assassinated After Sermon on Martyrdom.

HIS COMPANION WAS ALSO SHOT.

Fearful Crime Of Half-witted Man In Pittsburg-Prominent Mission Worker Is Shot Down Just After He Had Declared Himself Ready To Die For Christ-John Gay, Who Was With Him, Is Seriously Wounded-No Apparent Motive For The Crime.

Pittaburg (Special) .--- A sermon on "Martyrdom," in which Frank Skala, editor and prominent mission worker, had declared himself willing to lay down his life for the Christian cause, is also superintendent of a Presby-was followed by his assassination in a highly sensational manner, and

a highly sensational and a fellow the shooting down also of a fellow church leader, John Gay. Arm in arm, the two missionaries were leaving the litle Congregational Church in Woods Run, a suburb, at the head of more than a hundred foreigners. A raggedly dressed and the the were through the word was passed about among the word was passed about among word was passed about among

of his followers he fell dead. Gay, who threw up his right hand as if to ward off the weapon, was struck, first, in the thumb, and then a second bullet was buried in his head. He fell unconscious across the lifeless body of his colleague.

The madman was Jan Radowvitch, thing was wrong and began to melt

Just From Sunday School.

A moment before he had meekly read from juvenile leaflets in the Sunday School led by Scala; previously he had sat in a back pew of the church during the regular sermon, and at the commencement of services Skala had shaken his 100 hand in greeting. In all this Rad-owvitch had given no warning of his murderous intent.

There were no police in sight when the murder was done, the church people were too frightened to grasp the assassin and after the wild flourish of his weapon and stamping his foot on the bodies, he made off down the avenue to the Fort Wayne Railroad tracks and was soon lost to view. A large armed posse of police, detectives and church people was view. soon in pursuit, but up to a late hour tonight they had found no trace of

After the madman's disappearance the mission crowd reassembled about their fallen leaders and pas-sionately mourned their loss. Skala's body was removed to an undertaker's rooms and Gay was taken to St. John's Hospital. His wound is a dangerous one, but it is believed at the hospital that he will re-COVET.

COMMERCIAL Weekly Review of Trade and

Market Reports.

R. G. Dun & Co.'s Weekly Review of Trade says;

While the trade development is irregular, revealing diversified con-ditions in different sections of the country, the volume as a whole is so large and makes such steady gains over last year that there can be over last year that there can be no question as to its substantial character. Business activity depends so largely upon confidence, which is the basis of credit, that anything that is uncertain is disturbing to confidence. Whatever hesitation may have existed in the industries and the markets has now been large-ly eliminated. The labor situation is much less acute, and notices of wage advances by railroads, and leading industries promise much for the future. The influence of pre-vious uncertainties was mostly felt in the speculative market. in the speculative market.

Bradstreet's says:

Trade reports are rather more ir-regular with distribution rather less active than in the preceding two weeks. Retail trade so far has been better than a year ago, but from many centers reports are of the volume of jobbing trade not being up to expectations, for which high prices and industrial unrest are assigned as reasons. The two features really attracting chief interests have been the outburst of activity in agricultural sections and the many movements toward readjustment in industrial lines. In the industries some diverse movements are shown.

Recent reductions of prices by jobbers have brought out varying resyonses. Northern cotton mill cur-tailment is considerable, though less marked than at the South because of different goods produced. On the other hand, a favorable development, so far as purchasing power is concerned, is the granting of higher wages to 300,000 rail employes.
