Reading.—County Controller A. Rhoades has formulated a plan which he will present to the poor directors and county commissioners of Berks favoring the construction of a county insane asylum for the 277 Berks charges in State institutions. During 1909 Berks paid the State \$22,025.86 fir the maintenance of its insane.

Under the act of 1909 the State is authorized to pay \$2 per capita a week to each county which cares for its indigent insane. This would bring a revenue to the county of about \$28,000 from the State, which added to the \$22,000 paid the State last year, would result in a fund of \$50,000 of which Berks could apply to an asylum at the almshouse. An asylum could be built for about \$100,000 and this money could be provided with a bond issue.

Of the pain which many women experience with every month it makes the gentleness and kindness always associ-ated with womanhood seem to be almost a miracle. "I need Cascarets and feel like a new man. I have been a sufferer from dyspepais and sour stomach for the last two years. I have been taking medicine and other drugs, but could find no relief only for a short time. I will recommend Cascarets to my friends as the only thing for indigestion and sour stomach and to keep the bowsle in good condition. They are very nice to eat."
