CONDENSED FOR HURRIED READERS

Call at Irwin's Store and see the Ideal Vacuum Cleaner.

David Frazer, wife and little daughter, of Clear Ridge, spent Thursday of last week in town.

Irwin will sell you the Ideal Vacuum Cleaner on liberal terms.

Mr. and Mrs. Woods, of Blaine, Perry county, spent part of last week visiting friends in the Cove.

Fare one way between Mercersburg and McConnellsburg 50 cents. Sheets Stage Lane.

Prothonotary Geo. A. Harris and wife spent Sunday in Hancock with Mrs. Harris's parents, Mr. and Mrs. Geo. McKibbin.

The Racket Store has a new advertisement this week that is worth reading. You'll find it on the 4th page.

F. M. Taylor, who has been in Harrisburg for several weeks, spent Sunday with his family in this place, returning to Harrisburg on Tuesday.

Irwin will rent you, at one dollar per day, the Ideal Cleaner, that will clean your carpets on the floor perfectly. We guarantee it to do this. A trial will convince any one.

After spending two pleasant weeks with friends in Newville, and several days with his sister Mrs. Edgar S. McKnight, at Chambersburg, Miss Blanche E. Sipe has returned to her home at Cito.

Professor N. E. M. Hoover, of West Dublin, after having completed a very pleasant term teaching in Bedford county during the past school year, has returned, and is now busy taking the "senses" of the people of his home township. The enrollment of pupils in his school during the last month was 25, with an average attendance of 22.

The Call of The Blood for purification, finds voice in pimples, boils, sallow complexion, a jaundiced look, moth patches and blotches on the skin,—all signs of liver trouble. But Dr. King's New Life Pills make rich red blood; give clear skin, rosy cheeks, fine complexion, health. Try them. 25c at Trout's drug store.

IBDO.

The forest fire that swept over Sideling Hill mountain last week did untold damage, and was a great loss to the owners of the land. It was started by some malicious person, or by the carelessness of some smoker. Or, it may have been started by some one who wanted to gather the early fruit on the knobs. It would evidently be advisable to raise fruit in the garden, as the fighting of fire is by no means pleasant work and detrimental to the health of those so engaged. It is said that certain persons are chuckling up their sleeves, but from what we learn in the "Good Book" they may see more smoke in the future.

Silas Holly and wife and little grandson, of Whips Cove, were visiting on this side of the mountain last Saturday and Sunday.

Miss Blanche Truax is poorly at this writing.

Mrs. Samuel Truax is visiting in the home of her brother Sheridan Deshong at Pleasant Ridge. Preaching at Pleasant Grove Sunday 24th at 8 o'clock p. m.; Sunday school, 1.30; Christian Endeavor, 7 p. m.—the topic for the evening "Christ winning the world"—John 12:20-32.

M. L. Smith and wife are visiting friends and relatives in Paw Paw, and Springfield, W. Va.

Does This Mean You?

Indigestion, sour stomach, constipation—then headache, back ache and a general miserable feeling. Do you know that the pleasant herb tea, Lane's Family Medicine will remove all these troubles almost immediately? If you do not know it, get a package to-day at any druggist's or dealer's (25c) and you will be glad we told you.

# WHIPS COVE.

The fire devils took advantage of the dry windy weather, and the consequence was, fire raged at a terrific pace on both sides of Town Hill and Sideling Hill mountain several days last week. The fire warden with a brigade of firemen, fought night and day. The weather was very hot and together with very high wind made it an awful task. But the rain soon made an end of it Saturday night. The cost of fighting the fire on Sideling Hill was estimated at \$70.00, which is but a small sum compared with the loss to the owners of the timber.

Miller Truax and wife visited friends in the Cove last Saturday and Sunday.

E. A. Hoopengardner and family visited in the home of Albert Plessinger last Sunday.

Owing to the rather damp weather Sunday, most of the Sunday school scholars of the Whips Cove church were somewhat afraid to venture out; or, at least, they didn't put in an appearance.

Sunday Entertainments at Sunny Side; well, we can't give the exact hours; but this we can tell, just from what we know and hear, it is about the time of church services at Jerusalem and Jericho.

Now, we presume there will be some important changes made in these entertainments for the summer in addition to the variety of music furnished. There will be a hall furnished for the benefit of the different orders, a gymnasium, pool room, bowling alleys, skating rinks, shooting galleries, and toboggan slides—and all the other latest amusements of the day will be established together with a local theatrical company.

G. J. Mellott was through our Valley one day last week. Oscar Davison, while visiting Edw. F. Mellott cutting posts, made a miss stroke and cut an ugly gash in his leg. He is getting along as well as could be expected.

The choir of the Whips Cove church has ordered chairs, to be used instead of the benches that now occupy the corner. They believe in being systematic and up to date, and that is the end to which they are working.

The saw mill up in Honey Hollow is doing a rushing business. Howard Layton has sold his timber to E. A. Diehl. Howard Barnhard has moved on the Lemuel Smith property. Mrs. Watson Plessinger spent part of last week with her parents Mr. and Mrs. John Smith at Emmaville.

COVALT.

Everybody was glad to see the rain last Sunday.

Miss Julia Sensel, who had been spending some time with her sister, Mrs. Clarence Brewer, at this place, returned to her home near Hancock last Sunday.

John May spent Saturday evening and Sunday in the home of Henry Waltz.

Mrs. Margaret O'Rourke and Mrs. Mary Fisher are visiting friends and relatives at Black Oak this week.

Willard Hatfield has gone to New York to spend the summer. Mrs. Dolly Graves was attacked by a cross sheep last Saturday and very badly bruised up.

Miss Sallie Covalt is very ill at this writing.

Contradictory Evidence. "Dr. Fan," said the office patient, "my name is Griddle. I'm troubled lately with headache, and I'd like to get relief. It can't be from my eyes, for they're all right."

"Let me see, what is your vocation?" "I'm a baseball umpire."

"Say," rejoined Dr. Fan, "are you the man that umpired the game yesterday?" "Yes."

"I was there, and I'll tell you right here, Mr. Ump—or Mr. Griddle, rather—that there's something the matter with your eyes!"

Cold Comfort. In a country store a young boy was under discussion by the cracker-barrel committee. Jones had just remarked, "That boy's a regular fool. He don't know nothing; he doesn't know enough to come in when it rains." Then he discovered the boy's father, who had overheard the remark, and wishing to appease him, he said: "Well, Sam, I ain't your fault. You learned him all you know."

Wisdom of Experience. Rastus—Ah done proposed t' Lim Ocon about a year fore yo' married her.

Moan—Am dat so? Rastus—Yassah; an' Ah had ma rabbit's foot on ma person at de time, but she done turn mah down.

Moan (sighing)—Yo' all shote wid my licky in havin' dat rabbit foot wid yo'.

# How Women Can Earn Money.

Attend college if you can. The present educational system demands teachers with this training. The highest positions are open to college graduates. What is your college? Is the first question asked when you apply for a teacher's position. It will be ten times easier for the college graduates to obtain a position as teacher in any line than for the girl with only high-school and normal school training. Your professors are as anxious to have their graduates "land" fine positions as pupils are to obtain them. It brings credit to a college when its graduates fill high places. Superintendents of city schools go among graduates of their alma mater for teachers.

If you think a college course beyond you, it is because you have not looked up the matter. Send for the catalogues of your State university and other colleges. You will be surprised to see how little tuition costs. Should you have to teach to earn the money, take courses at summer schools, or save until you can take one or two years' leave of absence. Experience in teaching will count for much in college work. You will find helping hands extended to you on every side as a student—many scholarships endowed by societies and individuals, Students' Aid committees, N. W. C. A. college branches. These all make it possible for any girl to go through college if she has grit and ambition.

The one thing to guard against is to try and do too much work outside while taking your college course. Many girls who have helped themselves through college deans have told me that it is better to borrow the money for your studies and to work less hard. Remember that your earning capacity is to increase all the time; you will be able to pay the money loaned eventually. If possible, borrow of business concerns, or banks, rather than personal friends. Rent money as you rent your room. That is what paying interest means, so it need not frighten you.

"How Women Can Earn Money," in The Ladies' World for April.

SAVED FROM THE GRAVE. "I had about given up hope, after nearly four years of suffering from a severe lung trouble," writes Mrs. M. L. Dix, of Clarksville, Tenn. "Often the pain in my chest would be almost unbearable and I could not do any work, but Dr. King's New Discovery has made me feel like a new person. Its the best medicine made for the throat and lungs."

Obstinate coughs, stubborn colds hay fever, la grippe, asthma, croup, bronchitis and hemorrhages, hoarseness and whooping cough, yield quickly to this wonderful medicine. Try it. 50c. and \$1.00. Trial bottle free. Guaranteed by Trout's drug store

Baseball Outlook For 1910 Pictured in N. A. Supplement. Unique among all newspaper enterprises relating to baseball. The North American's fifth annual baseball supplement will appear on Sunday, May 15.

This year's remarkable issue will surpass even the high mark set by its predecessors.

The front and back pages will be in three colors, the front page illustration being an affective grouping of the players of the Phillies and Athletics in a manner that shows the length of time each man has served with the Philadelphia clubs.

Every player in the Tri-State League is photographed and every one of the many league teams in the state comes in for consideration, the line-up being given, together with the outlook, photographs and other matters of interest.

The batting and fielding averages of American, National and Tri-State Leagues constitutes a valuable reference feature.

Hundreds of independent and amateur teams throughout the state figure in this advance announcement of the activities of the coming season, this department carrying the same profuse illustrations as the remainder of the edition. Schools and colleges will find themselves liberally represented.

James C. Isaminger, baseball humorist, who covers the big league games for The North American, has a signed article, illustrated by Hoban, George M. Graham, sporting editor of The North American, well known throughout the state for the attention he has given its baseball, looks out for this speciality, and Moss E. Kaufman contributes the school and college page.

Previous editions of The North American's baseball supplement were always quickly exhausted. To be on the safe side, get your order in with your dealer now.

W. E. McMillan, Secretary.
