**Corn Growing Contest.**

The Pennsylvania Livestock Breeders' Association announces prizes for its Corn Growing Competition this year. Valuable cups and cash prizes are awarded to the farmers who produce the best yields. Yield counts 70 points, economy of production 20 points, sample of corn 5 points, and report 5 points. Blanks for report are furnished by the Association. No entrance or other fees. One acre must be planted and it may be a part of a field of corn. The men who win these prizes will have a mighty good market for their crop, as farmers are all looking for the corn that yields the most. Last year's first prize went to Crawford County, in the northwestern part of the state. For full particulars apply to E. S. Bayard, Secretary, East End, Pittsburg, Pa.

Thousands have proved that they wonderfully strengthened the nerves, build up the system and restore health and good spirits after an attack of Grip. If suffering, try them. Only 50c. A young lady visited a cooking school recently and her attention was divided between a dress worn by a friend and directions for making a cake. So when she undertook to write the recipe for her mother, the old lady was paralyzed to read the following: Take two pounds of flour, three rows of plating down the front, the whites of two eggs cut was, a pint of milk ruffled round the neck, half pound of currants, with seven yards of bead trimming, grated lemon peel with lace fitch; stir well and add a semi-fitting paletot with visite sleeves; garnish with iced and passementerie.
