B. R. Simpson, of Thompson, and son Samuel L., spent last Saturday in town on business.

Fare one way between Mercersburg and McConnellsburg 50 cents. Sheets Stage Lane.

Earl Morton is busy excavating a foundation for a building 40x44 feet to face on Second street just north of his corner property, now occupied by Leslie W. Seylar.

There will be preaching at Bedford Chapel at 10 o'clock a. m. on the fifteenth of May, and at Mt. Zion at 2:30 p. m., on the same day. No preaching at Siloam or at Asbury next Sunday.

Rev. John H. Barney, of Clearville, formerly of this county, is spending two weeks in Clarksville, Greene county, holding a series of evangelistic services in a church of which he was formerly pastor.

Attention is directed to the advertisement of the administrators of the Wm. P. Gordon estate in Bethel township, in which they describe valuable real estate that will be sold at public sale on Thursday, May 19th.

One thing about the census in its favor is that every ten years it gives the "head of the house" an opportunity to know how many children he has, their names and ages and if they are white or colored, providing he has any.

M. R. Shaffner, Esq., received word Tuesday that his brother, M. L. Shaffner, of Huntingdon, was stricken with apoplexy early Tuesday morning, and later was reported in a critical condition. M. R. Shaffner has gone to Huntingdon.

Miss Marna Mellott, who has been engaged in the millinery business in Philadelphia, returned to the home of her father Geo. B. Mellott, Monday, bringing with her a nice line of trimmed hats which she has on sale now. See her advertisement.

George and Harry Jacobs, of New Bloomfield, received a salty sentence from Judge Shull, of Perry county, for housebreaking and larceny. Each was sent to the eastern penitentiary for 20 years, and to pay a fine of \$1,000 and costs of prosecution.

Postmaster F. E. Hollar, of Shippensburg, has thrown a tract of 335 acres of farm land into one unbroken fenceless field, and corn will be planted in the entire acreage. Sixteen plow teams were engaged at one time last week turning over the soil. The land lies along the turnpike within a mile east of Shippensburg.

The supervisors of Colerain township, Bedford county, have purchased a steam road roller. They became tired waiting for the state roads which never came, and decided to go into the road-making business on their own account. There is an abundance of good limestone in that township suitable for making the best kind of roads.

An exchange has discovered that the moon gets full, but she goes on shining; the rain drops, but it gets up again; the stars shoot, but do not kill; the willows weep, but never shed a tear; night falls but doesn't break; day breaks but doesn't fall; the fly swallows and the swallows fly; the bees buzz, and so do the girls.

Get After It.

Mayor McClain, of Lancaster, has ordered the police of that city to arrest every person who uses profane or obscene language on the streets. The mayor's act has been applauded from one end of the State to the other.

Mother has a letter to be mailed, or she wants a package of coffee from a store. She sends her darling child to perform the errand. As the child passes along the street some villain throws filth all over the spotless clothing of the child made clean at the washtub by the mother's own hands. Every one is indignant at the dastardly act, and feel that such a person is not fit to live in a civilized community. But is he worse than the man or boy who will use profane or obscene language in the presence of that child, and in so doing, besmirch its soul with a stain that only God can remove? The mother may cleanse the soiled garment, but not the stained soul. The man or boy who uses profane language in public is a criminal, and should be dealt with according to law.

There would not be the swearing among the boys of this town that is heard—and by boys, some of whose parents are exemplary church members, if they did not hear it on the streets. Are the parents to blame? No.

One of our teachers told a story a day or two ago of a little boy who had acquired the habit of saying "darn it."

"Billy," said his mother, one day, "I will give you ten cents if you do not say 'darn it' any more."

"O, mother, that's nothing. I know some that's worth fifty cents."

Here is something that might well have the attention of our worthy burgess.

The Call of The Blood for purification, finds voice in pimples, boils, sallow complexion, a jaundiced look, moth patches and blotches on the skin,—all signs of liver trouble. But Dr. King's New Life Pills make rich red blood; give clear skin, rosy cheeks, fine complexion, health. Try them. 25c at Trout's drug store.

Absent Fifty-two Years.

Among those whose boyhood days were spent in this community, and who have been away from the county for a long time, is Mr. Robert St. Clair, residing near Greencastle. Mr. St. Clair was born in this valley, and grew to manhood here. A few days ago, it occurred to him that he would like to visit the place of his birth, and accordingly came up to Ft. Loudon on the train, and walked across the mountain. Although seventy-five years of age, Mr. St. Clair is hale and hearty, and does not mind a little walk like that.

It has been fifty-two years since Mr. St. Clair's last visit to the Cove; and he, of course, misses the faces of many whom he knew when he resided here more than half a century ago.

Cook in Comfort You no longer need wear yourself out with the weakening heat of an intensely hot kitchen. You can cook in comfort.

Here is a stove that gives no outside heat. All its heat is concentrated at the burners. An intense blue flame (hotter than either white or red) is thrown upwards but not around. All the heat is utilized in cooking—none in outside heating.

New Perfection Oil Cook-stove

entirely removes the discomfort of cooking. Apply a match and immediately the stove is ready. Instantly an intense heat is projected upwards against the pot, pan, kettle or boiler, and yet there is no surrounding heat—no smell—no smoke.

Caution Note: Be sure you get this stove—see that the name-plate reads "New Perfection."

Why? Because The New Perfection Oil Cook-Stove is scientifically and practically perfect. You cannot use too much wood—it is automatically controlled. You get the maximum heat—no smoke. The burner is simple. One wipe with a cloth cleans it—consequently there is no smell.

The New Perfection Oil Cook-Stove is wonderful for year-round use, but especially in summer. Its heat operates upward to pan, pot, or kettle, but not beyond or around. It is useless for heating a room. It has a Cabinet Top with shelf for keeping plates and food hot. It has long turquoise-blue enamel chimneys. The nickel finish, with the bright blue of the chimneys, makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.
