Announcements for Sunday, May 21, 1910. HUSTONTOWN, M. E. CHARGE, L. W. McGarvey, Pastor. Dublin Mills—Sunday school 9:30. Preaching, 10:30.

A MAN WANTS TO DIE

only when a lazy liver and sluggish bowels cause frightful despondency. But Dr. King's New Life Pills expel poisons from the system; bring hope and courage; cure all Liver, Stomach and Kidney troubles; impart health and vigor to the weak, nervous and ailing. 25c. at Trout's drug store.

IBDO.

Job Truax and Harry Plessinger are the first in this section to have ripe cherries. Mr. Truax says he has "globs" of them, and will give them to those that kindly ask, but he does not like "slippers."

Watson Peck and wife and little daughter Edna were visiting on Pleasant Ridge Saturday and Sunday.

Sheridan Deshong and wife, of Pleasant Ridge, were visiting Samuel Truax and family recently.

Enos Wink, of Gapsville, Bedford county, was in this section during the past week on business. Blanche Smith and others of this section are attending the Summer Normal at McConnellsburg.

Jennie Truax was the guest of Ethel Peck Saturday evening and Sunday.

Reuben Sipes and little son, of Harrisonville, visited in the home of Alfred Peck's, Saturday and Sunday.

Harry Wagner, who was employed by Frank Hess, is now employed in Whips Cove for an indefinite time.

Those who visited Allen Smith during the past week, were J. J. Layton, Russell Truax and wife, Ben Truax and wife, James Layton and wife, and Luther Smith and wife.

We are glad to note that Logue Hess, who was quite poorly, is convalescing.

Amos Plessinger and Joe Strat are busy with the wall of David Garland's new barn, which will be put up in the near future. David has removed the old barn on the place recently bought from Aaron Hess.

On account of the present high price of stock, many of our farmers have purchased wire, and are enclosing their woodland. We would suggest to them that stock cannot live on leaves and gravel stones.

THOMPSON.

The heavy frosts of the past week have done much damage to the early garden products.

Mrs. Winifred Kendall of McConnellsburg, is visiting her sister, Mrs. J. C. Comer.

The May meeting at Tonoloway last Sunday was largely attended. Mrs. May A. Kelly, of McConnellsburg, spent the latter part of last week visiting relatives and friends on the Ridge.

Mrs. W. C. Peck and little daughter Amelia have gone to McKeesport, where they will spend a couple weeks visiting Mrs. Peck's sisters.

Rev. Arlington Garland, of Front Royal, Va., will preach at Damascus next Saturday evening at 7:30, and Sunday morning, at 10 o'clock.

Quite a number of the farmers residing in the lower part of the township are patronizing the new creamery at Hancock. Several men are employed by the company to haul milk to and from the creamery. Each man having a certain route to haul over daily. This is the correct way to conduct a creamery. When farmers who sell milk are obliged to spend several hours during the coolest part of each working day in the week hauling milk, the loss of time far exceeds the profit.

Owing to the recent frosts it is feared the fruit crop in this section will be small.

The annual May meeting was held at Tonoloway last Sunday attended by the usual large crowd. The May meeting will be held at Damascus this Sunday, May 22, instead of Needmore, as had been previously announced. Services at 11 a. m. Sunday school 9:30 a. m. Several visiting Elders are expected to be present.

Mr. and Mrs. Roy Masou spent Sunday at Mrs. J. C. Carbaugh's. Scott Gordon raised his new barn on last Tuesday. About sixty of Mr. Gordon's neighbors were present.

Mrs. Barbara Gordon is quite ill.

Nettie Yeagle returned to Franklin county last Sunday.

Jesse J. Souders, of Johnstown, Pa., attended May meeting last Sunday, while home on a visit with his parents, Andrew Souders and wife.

Sunday school at Bald Eagle is progressing nicely. Quite an interest has been aroused and a good attendance. It is hoped it may be a power for good in this vicinity. Sunday school next Sunday at 3 p. m.

WHIPS COVE.

Corn planting is over and we are having cool weather.

Bob Smith, wife and a gentleman from Smithtown, Pa., were guests at E. A. Diehl's two or three days last week. They were out on a fishing trip.

I will just call the attention of the readers of the News to the fate of Ananias and Sapphira his wife as there seems to be a great many of them in the churches of today. Acts 5th chapter.

Benjamin Morris has finished a job of sawing in Honey Hollow and has sawed a nice lot of wood for W. L. McKee and Geo. Layton. He is running the road plow this week with his engine.

Owing to the entertainments at Sunny Side Saturday night the prayer meeting was not very well attended at the Whips Cove church. I believe there was but one brother of that church there. They believe in being systematic and up-to-date, and that is the end to which they are working. I do not blame them.

Wm. Diehl is bedfast with rheumatism at this writing.

Many stories are like ashes—when thoroughly sifted there is not much left. Just so with the story we all read in the News of April 21st, about the Sunny Side entertainments on the Sabbath day.

Grandmother's Pound Cake.

One cup of butter packed solid, 3 cups granulated sugar, one-half teaspoon mace, five unbeaten eggs, two cups sifted pastry flour. Have a round pan greased and floured, the oven ready and ingredients measured, as the mixing must all be done by hand. Cream the butter, add the sugar and work until you do not see any of the egg yolk. Then another egg, and so on until they are all used. Then mix in the flour and turn at once into a pan and bake slowly about an hour. The grain of the cake should be fine and close with not a suspicion of any toughness or heaviness, not porous like a cake made light with gas from soda and cream of tartar or by long beating, and yet soft, light and velvety. This texture is obtained by thorough blending of the butter and sugar and not overbeating the eggs.

Letter to P. Fred Black,

Dear Sir: You manage men and machinery; no one knows better than you that one man is worth more than another; that one machine is worth more than another machine. Sometimes you pay the man more, sometimes you don't; sometimes the machine costs more, sometimes it doesn't. The difference is, sometimes, two or three to one, and costs not a cent.

So with paint, and more too; the paint that does best service makes a less first cost of the job. You can paint Devco at less expense than the meanest stuff you can get. It is like a good steady man or machine; but goodness and steadiness have to be paid for in men, in machines not always, and never in paint. Paint is cheap in proportion to strength. It is pure paint that is steady and good; it is paint adulterated that is tricky. There is enough paint in the worst of these mixtures to look and feel like paint, and enough adulterants (whiting, china-clay, barytes, ground stone, benzine, water), to make two gallons of one.

There are eight pure paints in the United States; we know of no more; there are 200 adulterated. We analyze all, and know what they are made of. Pure isn't all; you want strength. The least-gallons paint is Devco.

Yours truly F. W. DEVOE & Co.

P. S.—Hull & Bender, McConnellsburg; J. A. Boyd, Mercersburg, and Norman O. Huber, Chambersburg, sell our paint.

Howard R. King the youngest child of Albert King and wife, died early Monday morning, May 9, and was buried at Fairview on Tuesday afternoon, May 10.

Progression.

One smile makes a flirtation. One flirtation makes two acquaintances. Two acquaintances makes one kiss. One kiss makes several more. Several kisses makes an engagement. One engagement makes two fools. Two fools make one marriage. One marriage makes two mothers in law. Two mothers in law make a red hot time.

Household Notes.

A cloth wrung out of vinegar and wrapped round cheese will keep it from molding.

When making soups or sauces if a little flour is added to the milk it will prevent curdling. A coarse cloth dipped in salt and water, and rubbed over straw matting will prevent it from turning yellow.

Painting the last cellar step white will save many a fall. Never use hot water to rinse either hands or utensils after preparing onions, as it seems to set the odor. Cold water in abundance is the best remedy.

The secret of appetizing drinks is to have freshly boiled water for hot beverages and water that is freshly drawn for cold drinks.

A ham cooks most evenly on a gas stove, as the heat is more easily regulated. Never use a fork to a ham while cooking. The flat taste of boiled water may be removed by pouring from one pitcher to another in the open air.

Salt added to starch is responsible for the gloss on linen when it is ironed.

The best polish for engraved silver is whiting and ammonia. It should be applied with a soft brush, then rubbed with cheese-cloth or soft cotton cloths. A few drops of lemon squeezed in the water in which potatoes are boiled, just before they are done, will prevent them from turning black.

When boiled custard is overcooked it may be brought back to the right consistency if thoroughly beaten with an egg-beater.

Do not pile left over cooked potatoes together, as they will sour quickly; spread them out on a large dish.

When you make griddle cakes beat the milk and eggs together with an egg beater. They will all most melt in your mouth. Never slam the oven door. Cakes will fall, to rise no more. —The Delinctor.

Vegetables, like beets and green corn, that contain sugar do not keep well and should be eaten as soon as possible after they are picked.

A good way to wash bottles or vinegar cruets is to put crushed egg shells and warm soapy water together in them and shake well. This will clean the glass well and will not scratch it.

Pineapples should be sliced first, and then pared. In this way the eyes may be removed with less waste.

In baking apples it is best to leave in some of the core. This will prevent the juice of sugar, butter and cinnamon escaping into the pan.

Gates, of Bedford county, who, it is understood, will be retained at the treasury as clerk. Mr. Gates was appointed cashier two years ago by former State Treasurer Sheatz, and before that was a clerk in the Auditor General's Department.
