**LION FONDLER A CHILD.**

In Pittsburg a savage lion fondled the hand that a child thrust into his cage. Danger to a child is sometimes great when least regarded. Often it comes through Colds, Croup, and Whooping Cough. They slay thousands that Dr. King's New Discovery could have saved. "A few doses cured our baby of a very bad case of Croup," writes Mrs. George B. Davis, of Flat Rock, N. C., "We always give it to him when he takes cold. Its a wonderful medicine for babies." Best for Coughs, Colds, LaGrippe, Asthma, Hemorrhages, Weak Lungs. 50c. \$1.00 Trial bottle free. **CARE OF MILK.**

Some Excellent Rules Which Should be Followed.

The state dairy bureau of Massachusetts at a recent meeting held in Boston gives the following rules for the care of milk:

1. Take in milk and cream as soon as possible after being milked or left at your door and place in the refrigerator.

2. Keep milk and cream cold until ready for use. The bottom of the refrigerator is colder than the ice container.

3. If ice cannot be had wrap the bottle in a wet cloth and stand it in a dish of water by an open window out of the sun; evaporation of water will cool the milk.

4. Keep milk or cream covered until wanted, and in the bottle in which it is delivered; in open bowls or pitchers they will absorb odors from food and collect flies and dust.

5. Pour from the bottle only what milk or cream is needed for immediate use.

6. Milk or cream that has become warm should never be poured back into the bottle of cold milk.

7. Utensils used for milk should be cleansed with cold water and then with boiling water, thoroughly drained and allowed to become cold before being filled with milk.

8. Wash and return all milk or cream bottles daily.

9. Have a separate quart of milk for the baby; what he does not use others may have.

**MRS. A. F. LITTLE'S Summer Millinery.**

Easter, 1910, has come and gone, and with it winter and spring millinery.

The Good Old Summer Time, is here, with its wealth of flowers and fruits, and the discriminating buyer wants her hat trimmed in unison with the season.

It was to meet this demand that we made the second trip to the eastern cities, and are now busy unpacking and marking the finest, freshest, and most up-to-date millinery attractions it ever has been our pleasure to offer.

"Just too lovely for anything" is the involuntary expression of every one who sees them.

Maybe you want a large hat. We have them—just what you want. Then, our flowers and fruits and ribbons and all that go toward making seasonably trimmed hats. Peaches, apricots, grapes, cherries so natural that they fool the robins.

Then, finally and lastly, the price is right. Just about half what you would have to pay if you went to Harrisburg or Philadelphia; and it would not be a bit better in quality or style either.
