CONDENSED FOR HURRIED READERS

We beg the indulgence of our faithful correspondents, whose letters we are obliged to leave out of the News this week, on account of the rush of political matter that came in late.

Fare one way between Mercersburg and McConnellsburg 50 cents. Sheets Stage Line.

Elmer Glunt, of Knobsville, took his little son Pierce to Huntingdon, Tuesday, to have an operation performed on one of the toes.

Rev. Z. J. Powers, of Lanesville, W. Va., son of Rev. Powers of Needmore, will preach at Laurel Ridge, near Big Cove Tannery on the fifth Sunday in this month at 10 o'clock, a. m.

The G. A. R., P. O. S. of A., and Harrisonville Lodge I. O. O. F., will hold memorial services at Siding Hill Christian church, Monday, May 30th. Everybody cordially invited.—COMMITTEE.

There are said to be two women in New York receiving salaries of \$20,000 a year. They are both designers of women's dresses for concerns making a specialty of handsome ready-made garments.

Dr. Harry Martin Smith, of Red Lion, York county, died in the York hospital on Thursday from the effects of blood poisoning, caused by cutting a corn about two weeks ago. He was 44 years of age.

The Union Meeting of the Young People's societies in town will be held in the Presbyterian church at 6 o'clock next Sunday evening. Subject: Is Ours a Christian Nation? Plenty of time afterward to go to preaching in any of the churches in town.

The memorial sermon announced for the Presbyterian church next Sunday morning, will be preached in the auditorium of the Public School building at 10:30 a. m. The sermon will be preached by Rev. John M. Diehl, and the public generally are invited. Of course, there will not be any preaching services in the Presbyterian church at that hour.

T. C. Gillis drove down to Fort Littleton from Mount Union on Tuesday of last week, and thence to McConnellsburg. After spending several days shaking hands with his old acquaintances, he returned to Mount Union, where he found Billy Bise in a very critical condition from blood poison caused by a very small scratch on his finger. Mr. Gillis thinks there is very little hope of Mr. Bise's recovery.

Frank Sowers, son of George Sowers, lives at Harry Hohman's near Cito, in Ayr township. Frank wears spectacles. Last Friday evening, having gone to his room without a light to prepare for bed, he stumbled over a chair, and in so doing, broke one of the lenses of his spectacles, and a little piece of the broken glass entered one of his eyes, which at once became very painful. Dr. Robinson was at once summoned by phone, and went to the relief of the unfortunate boy. The injured organ seems now to be doing well. It was an accident very much like that in results that caused Elmer Lake to lose one eye entirely—with great danger of losing both.

After having spent almost sixteen weeks in the Chambersburg hospital, during which time she underwent several surgical operations, Mrs. W. E. Ott is again with her family at their home in Ayr township. While she is not well, her physicians felt that she might return to her home, with perfect safety as far as the trip was concerned; and consequently, W. Sloan Warthin went over to Chambersburg last Friday in his automobile, and brought her home. Mr. Ott and son Daniel W., went along with Mr. Warthin and assisted in making Mrs. Ott as comfortable as possible on her trip home. Mrs. Ott stood the trip first rate, and rather enjoyed the ride. Her many friends are glad that she is home again, and hope for speedy recovery to her former good health.

Roy Palmer and his brother Earl, of Belfast township, were in town last Thursday. Earl is erecting a building, in which to conduct his store; and when the building is completed he expects to carry a much larger and more complete stock of goods, than at present.

A four legged peep recently, was hatched out by a hen belonging to George Johnson, of Clearfield. The bird is active and healthy. One leg is like any other peep's but two small perfectly formed legs grow out of the other one.

The way to make a farm pay is to farm it. As a rule almost any kind of a farm can be made good by a good farmer. Give a farm half a show and it will deliver the goods. It requires ingenuity and patience and industry to be sure, but so does any other business.

Most every housekeeper knows what it is to clean a grater after grating coconuts, lemons, or, in fact, everything she grates. If she will have handy a scrubbing brush or hand scrub, as they are called, and scrub with this, every particle will come out immediately and leave the grater sweet and clean.

At Schenectady, N. Y., the great tent of the Barnum & Bailey circus was destroyed by fire last Saturday. There were 12,000 persons in the big tent at the time but all marched out in good order and no one was injured. Notwithstanding the loss of the tent, the show proceeded on its schedule and showed at Buffalo, Monday.

George C. Best, a former resident of East Pennsboro township Cumberland county, has been declared by the Court to be legally dead, this on the petition of relatives. Best left his home in 1883 and nothing has been heard of him since. If he should appear he will not be able to claim some \$1,400 which is deposited in his name in a Carlisle bank.

While painting the jail in Chambersburg last Saturday afternoon, one of the ropes holding a swinging ladder upon which four men were working, parted, and all fell to the ground, a distance of thirty-three feet. All were more or less seriously injured, but Harry Gross, one of the four men, was so badly hurt that he died a few hours after having fallen. He was aged 24 years, and unmarried.

Mr. Russell Runyan, of this place, an accomodating clerk in Reiners' store, received notice a few days ago of his appointment to a clerical position in the U. S. Census Department in Washington, D. C., and, consequently, laid down the yard stick and started for the Capitol City yesterday to enter upon his new duties. Russell is a good boy, and is deserving the confidence of his friends who secured for him the position.

A year or two ago a swarm of bees found a little opening in the brick wall of the dwelling house of F. M. Fisher and family, at Penn Hall, Centre county. They moved into the place and began storing honey between the joists of the second floor. All last summer they worked undisturbed. Recently Mr. Fisher had a section of the second floor removed and the improvised hive was fitted up with the best modern fixtures obtainable. Now the bees are working as hard as ever and seem pleased with their remodelled home, while the family also have something to show for the work of the honey-makers.

The cost of building a silo has been figured out as \$1.50 per each ton of capacity, which would make a 200 ton silo cost in the neighborhood of \$300. Two hundred tons of silage properly secured will provide a herd of twenty cows with a silage ration during the year. Both in the matter of securing and storing silage is the cheapest feed produced on the farm, and the wonder is that more dairymen and stock raisers are not awake to the advantages to be derived from its use. As a means of providing a summer ration, when feed is short and flies are bad, the silo is acknowledged by those who have had experience with it to be the best and most economical method that can be used.

Five Veterans Die Every Hour.
The death of General Gobin, one of the sons of Pennsylvania, who served with credit through the Civil War, and afterwards rose to distinction in the State of his nativity, recalls a remark made a few days ago in congress.

This was to the effect that at the present time the veterans of the Civil War are dying at the rate of one every 20 minutes. This means that 72 of the old men are answering the last roll call every 24 hours and 43,800 every year.

The senator who made the statement got his information from the pension office.

Forty-five years have passed since the last battle of that war was fought. No man now living could have done any effective service in the great conflict, who is not rapidly approaching the allotted period of human life.

Some Uses For Lemons.
A teaspoonful of lemon juice in a small cup of black coffee will drive away an attack of bilious headache. A little lemon juice rubbed on the face, arms and neck at night will not only whiten but soften the skin. A paste made of magnesia and lemon juice applied to the face and hands when lying down for 15 minutes will bleach the skin beautifully. Hot lemon juice and sugar (or hot lemonade) for a cough has rarely been known to fail of giving relief.

THE ATLAS E-Z Seal Jar
(Lightning Trimmings)
is Ideal for Large Fruits

The day of the paring knife for halving and quartering large fruit is gone. Unless they're unusually large, peaches and pears go into the Atlas E-Z Seal Jar whole. That means beauty preserved as well as the quality; and later on you have the pleasure of serving fine, natural looking fruit to the family.

Your dealer keeps these perfect jars in stock and will be more than pleased to show you their advantages. Ask him to do so.

Remember—the Atlas E-Z Seal Wide Mouth Jar is stronger and smoother at the top than any other. It caps cut your hand—and it won't break when sealing.

Least Gallons

That's the thing to go-by in paint--least gallons --Devoe.

The strongest takes least gallons, of course; and, of course, wears longest.

Costs half to three-quarters; more likely half. Depends on what you compare it with.

Compared with average paint, Dovee costs half and wears two or three times as long.

Compared with the worst, Dovee costs a third—the worse your paint, the more it costs. You'll find it out when you pay for putting it on.

You pay by the gallon. No matter how you pay, you pay by the gallon.

You pay for putting it on by the day; but the painter paints a gallon a day; a day is a gallon; you pay by the gallon.

If you don't know it, better look-out.

If you want to know what a gallon costs you, put-on; add together the gallon price and the day's-work price.

You pay that for every gallon you have put-on; no matter what paint; no matter what price; no matter who paints it; no matter what bargain you make.

An extra gallon means weak paint, a little more money for paint, more money for painters' wages (about \$5 a gallon for both), and painting again too soon.

The cheap paint is Dovee; the others are dear; there are 8 not-adulterated in the United States; 200 adulterated; 100 short-measure; one Dovee. Take your choice.

If anyone doubts any statement above, here's the proof:

He may paint half his job Dovee, the other half any paint he likes. If Dovee doesn't take less gallons and cost less money (1) for the gallons (2) for putting it on, no pay. If it does, Dovee is the paint that makes least first cost.
