

Have you read the Racket Store's new advertisement?

The Sheets Stage Line takes you to Mercersburg for 50 cents.

There will be a festival in J. H. Edwards' grove, Saturday evening, June 11, 1910.

50 cents pays the fare one way between McConnellsburg and Mercersburg. Sheets stage line.

Children's Day services will be held in the M. E. church at Fort Littleton, Sunday evening, June 12th, at 7:30 o'clock, to which everybody is invited.

For sale or rent, on easy terms, house and lot opposite the Presbyterian church. Call on M. R. Shaffner.

HIDES.—James Sipes & Son pay the highest market price for beef hides at their butcher shop in McConnellsburg, also highest price paid for calf skins, sheepskins and tallow.

Mrs. Geo. Parsons, with her son Donald, after spending three weeks with her children, Mrs. John E. Locke, and Samuel and Scott, of Homestead, returned home last Saturday. She was accompanied home by her daughter Mrs. C. R. Seese, of Centerville, Ind.—Mount Union Times.

The Ayr township school board reorganized at Webster Mills schoolhouse Monday, with N. W. Hohman, president; Geo. W. Humbert, secretary, and W. H. Nelson, treasurer. A new school house will be erected to take the place of the Mill school, one mile south of McConnellsburg.

While visiting in the home of her mother at Shirleysburg, Mrs. C. W. Bryner was the innocent victim of a post card shower perpetrated by her numerous McConnellsburg friends. The cards began to drop on the 29th of May, and when the postal skies had cleared, there were 219 reminders of the fact that she was one year older than on the 29th of May, 1909.

A Hagerstown citizen who has just finished picking a tree of black Tartarian cherries from a tree on his premises, says that four years ago the tree became filled with insects and had all the appearances of dying. He dug a trench around the trunk and poured the trench full of a strong lye solution. The tree began to improve and he thinks his treatment saved the tree, which is now 29 years old, and gave it a new lease of life.

A pigeon came to the home of J. H. Johnston at Webster Mills, Pa., a few days ago, so weak that it could not fly farther. Mr. Johnston's family has been taking the best of care of the bird, and it is very tame. The pigeon has a silver band on one leg with the inscription "U 47,690" and a plain band on the other leg. This notice is given in the hope that the owner may learn the whereabouts of his bird.

Miss Lena McDonald Dunlap, daughter of Mr. and Mrs. Geo. E. Dunlap, of Shippensburg, who has taught two terms in Bellville, N. J., schools very successfully, recently passed the final examinations in a course of English Literature, History and Education, at Columbia University.

Just prior to taking the examinations Miss Dunlap had the misfortune to slip in descending the stairs at her school building and fell against a steam radiator fracturing two ribs. Although the injury was annoying she completed her work successfully.

Lightning recently struck the home of George S. Campbell in Beale township, Juniata county, and did a great amount of damage. Among other things that happened, nearly all the weatherboarding on one side of the place was torn off, all window panes but four were broken, a lamp was thrown from the table and the oil ignited, chairs were broken, plastering was knocked down, a bed shattered, the organ wrecked, the girls in the house were knocked from the chairs and partially stunned, partitions knocked out, the ceiling on the second floor was raised six inches, etc. Mrs. Campbell and her three daughters were in the house at the time heroic work of the daughters saved the place from total destruction by fire. The lightning, after leaving the house, ran along a wire fence and burned it for a distance of fifteen rods.

How to Kill Flies.

The Fly-Fighting Committee of the American Civic Association of Washington, D. C., recommends the following method to get rid of flies:

To clear rooms of flies carbolic acid may be used as follows: Heat a shovel or any similar article and drop thereon 20 drops of carbolic acid. The vapor kills the flies.

A cheap and perfectly reliable fly poison, one which is not dangerous to human life, is bichlorate of potash in solution. Dissolve one dram, which can be bought at any drug store, in two ounces of water, and add a little sugar. Put some of this solution in shallow dishes, and distribute them about the house.

Sticky fly paper, traps and liquid poisons are among the things to use in killing flies, but the latest, cheapest and best is a solution of formalin or formaldehyde in water. A spoonful of this liquid put into a quart of a pint of water and exposed in the room, will be enough to kill all the flies.

To quickly clear the room where there are many flies; burn pyrethrum powder in the room. This stupefies the flies when they may be swept up and burned.

Letter to Mike Black, McConnellsburg, Pa.

Dear Sir: Mrs. S. C. Ashe's house in Yorkville, S. C., was painted Devoe 21 years ago, and hadn't been painted since; it is a handsome house and the paint was in good condition when we were there three years ago.

Do we therefore say that Devoe wears 21 years in South Carolina? No; on the sandy coast, where the sun is hot and the flying sand cuts the bark off trees, Devoe is the only paint that wears more than one year.

Localities differ; Devoe doesn't differ. It is the paint that takes least gallons to cover a job and makes least cost and wears longest; how long depends on sun, wind, sand, etc.

Yours truly
F. W. DEVOE & CO.

P. S.—Hull & Bender, McConnellsburg; J. A. Boyd, Mercersburg, and Norman O. Huber, Chambersburg, sell our paint.

PLEM RUN.

Rain! Hail! Snow!!! McCauley and Howard Pittman have moved their saw mill to Elijah Souders'.

W. E. Stone, our hustling mail carrier, has purchased a new buggy.

Frank and Russel Shives were in Hancock last Saturday and stopped at the Primary election and exercised their rights as American citizens.

William and Richard Shives, of Mercersburg, spent the past week visiting friends and relatives in this vicinity.

Miss Helen Bender, of McConnellsburg spent Saturday and Sunday the guest of Miss Jessie Truax.

Roy Gregory and Clarence DeShong spent an evening very pleasantly in the home of Wm. Kellner and family recently.

Mac Pittman, Ethel Powell and Jessie Truax, students of the McConnellsburg Normal, spent Saturday and Sunday with their respective parents in this vicinity.

Mrs. Shade Truax visited David Powell's family last Sunday.

MARVELOUS DISCOVERIES

mark the wonderful progress of the age. Air flights on heavy machines, telegrams without wires, terrible war inventions to kill them, and that wonder of wonders—Dr. King's New Discovery—to save life when threatened by coughs, colds, lagrippe, asthma, croup, bronchitis, hemorrhage, hay fever and whooping cough or lung trouble. For all bronchial affections it has no equal. It relieves instantly. Its the surest cure. James M. Black of Asheville, N. C., R. K. No. 4, writes it cured him of an obstinate cough after all other remedies failed. 50c. and \$1.00. A trial bottle free. Guaranteed by Trout's drug store.

Among those who have bought new pianos recently from L. W. Flunk, are A. D. H. Hman, D. A. Washabaugh, and Geo. W. Hays. When you purchase a piano from Mr. Flunk, you get just what you pay for and no misrepresentation.

GREAT FAMILY NEWSPAPER

The Philadelphia Record Stands First Among Readers of Pennsylvania Dailies.

When a daily newspaper numbers among its readers tens of thousands who dwell in communities remote from the place of its publication there prima facie evidence that narrow local interests play but a comparatively small part in the scheme of its existence. The strong following of "The Philadelphia Record" outside of Philadelphia, in Pennsylvania, New Jersey, Delaware and Maryland, is a case in point. The out of town subscribers of "The Record" do not read it in preference to other city dailies solely to find out what is going on in Philadelphia. Their favor has been won and held by its special appeal to their likings and requirements in other directions.

While "The Record" is a Democratic newspaper, the sources of its popularity cannot be sought in its political faith, since many of its longtime admirers are staunch Republicans. But the vigor and sincerity of its editorials compel the approval and respect even of those who do not agree with their teachings; and partisanship is kept out of its news columns. "The Record's" news outlook is broad and far-reaching; it is alert in gathering the daily grist from all points in neighboring States and from the world at large; and, what is no less important, it is fair, accurate and entertaining in presenting it.

"The Record" makes a fetish of reliability. One consequence of this is that its daily market quotations have become the standard, officially recognized in the Courts, by which transactions in produce are governed. Another is that its sporting department is the recognized authority on all matters in its province, including horse news.

As a family newspaper "The Record" pays as much attention to utility as to entertainment. It publishes a great fund of information helpful to the farmer. It carries an irresistible appeal to womankind in its departments devoted to fashions and household affairs. It prints more store news—a matter of live interest to women—than any other Philadelphia newspaper. Its daily patterns are thoroughly up-to-date and in great demand. It is, in brief, for a dozen reasons, indispensable in the family circle, and clean enough to be entitled to the honored place it has won there.

Notice.

WATERFALL.

Mrs. Joseph Barnett was a guest in the home of James Cutch all from Saturday until Monday. She is in poor health yet.

Joseph McClain spent a week at home looking after the farming.

The Social at Gracey last Saturday evening was well patronized.

Clark Bergstresser, our accommodating miller, spent a week on his farm.

Mrs. George Lamberson set a turkey hen on 23 eggs; 32 turkeys were hatched, 26 of which are living. The turkey hen has laid 9 eggs since. How was it "did" referred to the McConnellsburg normal for solution.

Wm. Edwards has gone to Trough Creek to remodel Charlie Evans' house.

S. T. Newman's children have measles.

The growing wheat crop looks fine.

MRS. A. F. LITTLE'S Summer Millinery.

Easter, 1910, has come and gone, and with it winter and spring millinery.

The Good Old Summer Time, is here, with its wealth of flowers and fruits, and the discriminating buyer wants her hat trimmed in unison with the season.

It was to meet this demand that we made the second trip to the eastern cities, and are now busy unpacking and marking the finest, freshest, and most up-to-date millinery attractions it ever has been our pleasure to offer.

"Just too lovely for anything" is the involuntary expression of every one who sees them.

Maybe you want a large hat. We have them—just what you want. Then, our flowers and fruits and ribbons and all that go toward making seasonably trimmed hats. Peaches, apricots, grapes, cherries so natural that they fool the robins.

Then, finally and lastly, the price is right. Just about half what you would have to pay if you went to Harrisburg or Philadelphia; and it would not be a bit better in quality or style either.

Fan Needs a North American Book to Score Ball Games.

Learn how to score a baseball game accurately and scientifically if you want to increase your knowledge and enjoyment of the national game.

George Graham, sporting editor of the North American, has lately prepared a complete scoring system, which tells in detail how every play should be recorded, giving illustrations making clear the various symbols, and is arranged so simply and concisely as to come within the understanding of all.

Ten cents and coupon which appears every Sunday in The North American will bring a copy of this valuable book, which includes also blanks enough to score the season's games.

The Philadelphia National League club has adopted Mr. Graham's system as official, and uses it daily in the scorecard sold on the grounds. It has the indorsement of Charles Carpenter, president of the Tristate League, and has been praised all over the country as the most complete exposition of the science of scoring since Harry Wright invented the first system, three decades ago.

Get a copy of next Sunday's North American, and send along the coupon and 10 cents. The North American pays the postage.
