Here is the way an exchange duns its subscribers: "If you have frequent fainting spells, accompanied by chills, cramps, corns, bunions, chilblains, epilepsy and jaundice, it is a sign you are not well, but liable to die any minute. Pay your subscription in advance and thus make yourself solid for a good obituary notice."

## RECORD OF DEATHS

(Continued from first page.)

paralysis of the heart, which resulted in death on Saturday evening about five o'clock.

Nathaniel was the son of Samuel and Rebecca (Hamsher) Rots, and was born in the house where George Finiff now lives, January 31, 1855; lived all his life, except a few months, within a half mile of the place of his birth, and died July 2, 1910, hence was aged 55 years, 5 months, and 2 days. He was a devoted and affectionate husband, a kind and indulgent father, and a good neighbor. He was everybody's friend, and had the respect and confidence of all who knew him.

He was three times married. First to Miss Mary Shtatzer, about the year 1877. To this union were born five children—four of whom are still living, namely, Ida (Mrs. Ed. Linniger), of McConnellsburg; Annie, wife of P. L. Finiff, and Blanche, wife of George Finiff, both of Tod township, and Edward, of Altenwald, Franklin county, Pa. The wife and mother died in February, 1887. He was next married to Miss Elmina Stouffer, who died June 2, 1893. He then married in 1895, Miss Lydia E. Stouffer, who, with four children, namely, Leslie, Wayne, Paul and Alvah, survive him.

He was one of a family of twelve children, ten of whom are living, namely, Jacob, of town; Catharine, wife of John Etter, Marion, Pa.; Rebecca, wife of H. W. Scott, Chambersburg; Samuel, Marion; David, near McConnellsburg; Emma, wife of A. G. Anderson, Pittsburg; Susan, wife of O. B. Dunlap, Fayetteville; John W., Decatur, Ill.; Ellen, wife of Jacob Bricker, Chambersburg, and Ida, wife of David Hershey, in Taylor township.

The funeral, attended by a large concourse of friends and neighbors from both Fulton and Franklin counties, took place on Tuesday, July 5th, at 11 o'clock, in the McConnellsdale German Baptist church, of which he was a member. The services were conducted by Rev. Wm. Anthony of Shady Grove, Pa., assisted by Rev. David Foust, of Lemaster, and C. W. Bryner, of the M. E. church, McConnellsburg. The remains were interred in the McConnellsdale cemetery, there to await the resurrection of the just. The widow, children and friends have the heart-felt sympathy of all in this hour of sorrow and bereavement.

While she has not entirely recovered, she has much to show for the treatment, being able to get about with the aid of crutches, and her general health is very much improved, all of which is very gratifying to her many friends.

## MISSION WORK IN INDIA.

(Continued from first page.)

ery, fancy and plain sewing, fish-scale flowers, lace crochet work and paintings—in our drawing and dining rooms, which had been made into one by removing the screens. The exhibition looked very pretty and attractive.

One morning the men relatives of the families were allowed to come to the Mission House to see the work, and were most appreciative, openly showing their approval. It made us very happy, knowing how very conservative they have always been. A prominent Indian Christian barrister very kindly offered to circulate a paper among the leading Indian men at the High Court to get prizes for the women's work. From 4 p. m. to 6 o'clock purda (behind the curtain) and European ladies came, and all seemed delighted with the work. A piano had been loaned for the occasion, and a number of the St. Cecelia girls (private English school) furnished charming music the entire time. Lady Stanley and three other official ladies came to judge the work and award prizes, some of which are the Club pin, a gold lotus with a tiny pearl in the center, suspended from a golden bar on which are the letters I. L. C. in Bengali.

Lady Stanley has shown a keen interest in our work and has given a painting prize, besides having asked that the Club might meet at her bungalow some time. She is a woman of good judgment, rare tact, and her sweet spirit has won the hearts of our Club members to a remarkable degree. Lady Stanley wishes us to arrange an exhibit of our zenana and school work for the large United Provinces Exhibition, which will be held in Allahabad the next cold season.

### Protect the Quail.

Farmers in different sections of Pennsylvania have recently organized to protect the quail on their farms. They do this in the belief that the quail is one of the best aids the farmer has among the insect-destroying birds.

At this season of the year the cheerful whistle of "bob white" is heard in every part of this county outside the towns. Farmers report quail unusually abundant this summer. Where they are protected, they become tame and are seemingly not afraid of human beings. It is only when the hunter gets after them that they become wild.

It has been said by persons who have studied the habits of quail that from June to September the quail's meal consists of one-third insects and two thirds seeds. It is really remarkable with what precision he picks out the insects that are the worst foes of human food. The list contains the most destructive crop and garden pests in America. It is probably the most efficient enemy of the potato bug, and more than 100 potato bugs have been found in the craw of a single bird. They probably kill 50 to 100 grasshoppers each day, and it will pay the farmers well to take some organized method of protecting them and seeing that they increase in number.

The fact that it is the only known bird we have in this section that eats potato bugs ought to make every farmer its friend and protector. It is just as valuable to man as the robin and other insect eating birds. It should be taken from the list of game birds and not be killed at all.

When the farmers of Pennsylvania fully realize what a benefit quail are to them, they will demand and secure the passage of a law prohibiting the killing of quail at any season.

In the meantime every farmer has dominion over his own acres and can forbid the killing of quail on his farm. It should be done.
