> Transatlantic Voyage In A Big Dirigible To Be Attempted-Preliminary Trials Will Take Place At Atlantic City-The Airship Will Carry Six Men And Sixteen Hundred Gallons Of Gasoline In A Steel Tank-The Course Will Follow Steamers' Track.

New York (Special). -- Walter Wellman and Melvin Vaniman will attempt this coming fall to cross the Atlantic Ocean in the dirigible balloon America, which was built for the Weilman polar expedition and has twice been tested in voy-ages over the Arctic Ocean, north of Splizbergen. The attempt will be made solely on the responsibility of the aeronauts, but the New York. Times, the Chicago Record-Herald and London Daily Telegraph have ar-ranged to huw the new of the error ranged to buy the news of the expe-dition, which will be transmitted by

wireless from the airship, even as news now is from occan liners. The America will be housed at At-lantic City during its preliminary trial. A shed to shelter her has al-ready been contracted for and hy-drogen gas appartus to inflate her "Then we saw my father's denial drogen gas appartus to inflate her gas bags has been shipped from bags has been shipped from s. This shelter or hanger, as Paris. it is technically known, will be 250 feet long, 80 feet wide and 80 feet high

On her long voyage the America On her long voyage the America will carry a crew of six men, in-cluding the wireless operator, and 1,600 gallons of gasoline in a steel tank. Equipped for a day's run she could carry 75 passengers, in addi-tion to her full crew. In size she ranks second only to the latest Zep-melin airship. pelin airship. Two engines will drive her-one

of 70-80-horsepower for ordinary duty, and one of 300-horsepower for emergency service, when high speed is needed. A little 10-horsepower motor takes the place of a donkey engine aboard ship for small necessarv offices.

The quantity of fuel carried gives the airship a greater radius of action than the distance from New York to Europe and a study of prevailing winds during the season at which it is proposed to make the passage shows that they lie parallel to the east-bound course laid down by Atlantic liners. Even if the net effect of the winds should prove unfavor-able, it is estimated by the aeronauts that the fuel would hold out for the full distance.

Wellman and Vaniman are by no weinman and vaniman are by no means sure that their attempt will be successful but they think that the chances are good enough to warrant at least a trial. They plan to start late in August or early in September from a base near New York not yet selected selected.

Mr. Wellman was a newspaper man before he became an explorer. Wellman was a newspaper His exploring activities first came into notice when he located the landing place of Columbus on Watling (San Salvador) Island, Bahamas. He marked the spot with a monument.

In 1894 Mr. Wellman led an ex-pendition as far north as 81 de-grees, northeast of Spitzbergen. His pendition as far north as 81 de-grees, northeast of Spitzbergen. His party in 1898-9 penetrated Fraz Jo-sef Land and discovered a number of new islands. His airship attempts began in His accenter of the second second

1906, under the auspices of the Rec-ord Herald. On August 16, 1909, Wellman left Spitzbergen for the North Pole in his dirigible balloon "America." On August 21, the same year, his second attempt to reach the pole failed by the bursting of his

Poisoner Of Millionaire Sentenced To Spend The Rest Of His Days At Hard Labor-Wife Faithful To Superintendent Of Public Schools Of Husband Until The Last-Pris-Chicago Defeated President Of oner Takes Appeal To Supreme The State Normal School Of Colo-Court Of The State. rado By A Vote Of 617 To 376-

Kansas City (Special)-Dr. B. C. Hyde, convicted of having poisoned Col. Thomas H. Swope, the millionaire philanthropist, was sentenced to

life imprisonment at hard labor by Judge Ralph S. Latshaw, in the Criminal Court here. An appeal to the State Supreme Court was filed by Hyde's attorney, and until it is taken up by the high-er court the reisoned will remain in er court the prisoner will remain in the county jail here. The case was called by Judge Lat-

umphant election as president of the National Education Association. The case was called by Judge Lat-shaw as soon as court was opened. The Doctor and his wife, who had stood by him so faithfully, sat side by side and held each other's hands. Ludge Latshaw promptly overruled the motion for arrest of judgment and commanded Dr. Hyde to stand up. Before pressing contenes he ask-Her opponent Zacharias Xenephon Snyder, president of the State Nor-mal School of Colorado, who was the selection of the nominating committee representing all the states, was defeated by a vote of 617 to 376 in the general convention. It took a clear parliamentary head to cut the knot which the nominatup. Before passing sentence he ask-ed the prisoner if he had anything to

committee had tied about Mr. Dr. Hyde, smiling and calm, re-

Snyder, but the women were equal to the task, and after Mrs. Young had resigned as a candidate for sec-ond vice president on the ticket preplied "I did not understand you, judge." "Have you anything to say why sentence should not be passed upon you?" repeated the judge. "My attorneys will talk for me," sented to the general convention, her friends put her up as a direct candidate against Mr. Snyder. When

said Dr. Hyde quietly. At this point Attorney Lucas, for Mrs. Young as declared the winner the convention immediately accepted the defense, arose and told the court he had nothing to say. Then, as Dr. the other names presented by the committee, as follows: Treasurer, P. W. Springer, Michi-gan; vice presidents, James Y. Joy-ner, Raleigh, N. C.; Miss Julia Rich-man, New York; F. L. Cook, Spear-Hyde remained standing, Judge Latshaw continued:
