CONDENSED FOR HURRIED READERS

The Sheets Stage Line takes you to Mercersburg for 50 cents.

Mr. William Reed, of this place and Mrs. Mary V. Snyder, of Tod township, were quietly married in Gettysburg yesterday.

During a severe electrical storm which passed through Gettysburg on Tuesday evening of last week, Roy Stroup, a young boy of that place, who had taken refuge under a tree, was instantly struck when a bolt of lightning struck in the branches.

Mrs. James Sipes, son Harvey and grand-daughter Miss Gertrude, with Harry Johnston at the wheel, made a trip to Cumberland county in their automobile, last Friday, returning to Chambersburg, where they remained Friday night, and returned home Saturday.

The contract for the new Government Building in Chambersburg has been let to A. E. Badgley, of Binghamton, N. Y. He was the lowest bidder, his bid being \$62,867. The contract time for the completion of the work is August 1, 1911, and the amount of the bond required is \$30,000.

During the very severe electrical storm which passed over Newville, Sunday, lightning struck the steeple of the Big Spring Presbyterian church, running down the interior and tearing off the greater portion of the weather boarding and doing heavy damage to the frame work of the shaft.

Henry A. Comerer spent a few days visiting his son Jacob in Mercersburg last week. On Friday they attended a picnic at Richmond and had a very pleasant time. He was accompanied home Saturday by his wife who had been in McKeesport six weeks visiting her brother, J. S. Entemiller.

Mrs. Mary Connelly, of Dane, and Mrs. Ann E. Horton, of Six-mile Run, were pleasant callers at the News office Monday morning. Mrs. Horton is visiting her son Rufus in Tod township, and it is her first visit to this county, although her late husband, Emanuel Horton, was a native of Fulton.

A party composed of Karl de Schweinitz and Thomas H. Lueders, of Philadelphia, Miss Jess Dickson and Miss Bess Irwin, of this place, and Miss Janet Cunningham, of Philadelphia, drove up to the Mountain House last Saturday morning and spent the time very pleasantly until Monday morning when they returned to McConnellsburg.

If there is one thing in which churches, as a rule, need to be more careful, it is the matter of preachers' salaries. With an indifference and an insensibility which we cannot understand many churches seem to think that a contract between themselves and the minister is no contract at all. They promise him a definite salary then pay him what ever is convenient.

Mr. James L. Grissinger, one of Wells Township's prominent citizens, drove to McConnellsburg yesterday with Miss Rilla E. Lane of the same township, procured a marriage license from Prothonotary Harris, and when they left town, Rilla was Mrs. Grissinger. The News extend congratulations. The reporter that got up that item on the first page of this paper about Rilla's being his daughter, was fooled.

Not every boy can be a rich man or a great man but every boy can be a gentleman. A boy with gentlemanly manners, who is trusty and honest and does his very best every day, will gain the attention and confidence of men and will be given paying and responsible positions as soon as he is old enough to fill them. Boys like to have fun and a good time. It is right they should. They will never be boys but once, but to have fun is not altogether what they are made for. Boys are of value chiefly to make men, good for something in the world. Characterlike a house, must have the right kind of a foundation. The foundation stones of a good character are reverence for God, respect and obedience to parents, deference for old people.

NEWSPAPER THE BEST MEDIUM.

Excels All Others in Effectiveness, Says Well-Known Advertiser.

That newspaper advertising excels all other in effectiveness was the declaration made by Thomas Martindale, president of the Poor Richard Club of Philadelphia and himself an extensive advertiser, in an address made by him before the Lebanon board of trade. The occasion of Mr. Martindale's address was a reception given in honor of the Lebanon board of trade at the close of which he addressed the members, who include the leading business men of that city. Mr. Martindale advised the merchants present to advertise regularly in their home newspapers.

"Make your advertisements truthful and sincere," said Mr. Martindale. "Get a reputation for honest advertising." "Don't expect patrons to rush into your store in a mob following one advertisement. Patrons must be educated to your methods of advertising. The tendency of the times is to have one price and do honest business. You are behind the age, if you do not advertise. I don't see how any merchant can do a profitable business if he doesn't advertise."

THOSE PIES OF BOYHOOD.

How delicious were the pies of boyhood. No pies now ever taste so good. What's changed, the pie? No. It's you. You've lost the strong, healthy stomach, the vigorous liver, the active kidneys, the regular bowels of boyhood. Your digestion is poor and you blame the food. What's needed? A complete toning up by Electric Bites of all organs of digestion—stomach, liver, kidneys, bowels. Try them. They'll restore your boyhood appetite and appreciation of food and fairly saturate your body with new health, strength and vigor. 50c at Trout's drug store.

Paris Green on Cabbage.

A Shippensburg man who has been using Paris green to kill the worms that have appeared on the heads of cabbage in his garden, wrote to Prof. H. A. Surface, State Zoologist, asking whether the poison will render the cabbage unfit for use. The Professor answered the letter as follows:

"It will not render cabbage unfit for use, to apply Paris green to it. You can use one half pound of Paris green in fifty gallons of water sprayed on cabbage, and it will kill the worms and not injure the cabbage for food. Apply some soap with it to make it stick. Also, you can use two pounds of arsenate of lead in place of the Paris green. This will stick better, and I much prefer it."

"I have heard that from one-half ounce to one ounce of alum, dissolved in each gallon of water, will destroy the cabbage worm. I have not had opportunity to try it in my experimental work, but hope to do so soon. I would recommend that you try it and report to me results. I can assure you that practically all truck growers now use arsenical poison on cabbage and are satisfied with the results, as it kills the worms, although, of course, it does not kill plant lice, and it is not recommended for this. For aphids or plant lice, I recommend one pound of Whale Oil Soap in five gallons of water."

"Cabbage heads grow from within outward; thus they are constantly throwing out or spreading the leaves to which the poison has been applied. If it headed by throwing the outer leaves inward, there would be greater danger of poisoning."

NEW CASES FOR WAR FLAGS.

State Battle Emblems to be Transferred to Capitol.

Harrisburg, July 15.—Pennsylvania's 190 battle flags, which are now placed in a poorly lighted apartment in the State Museum and Library Building, will be transferred to the rotunda of the State Capitol before the close of the year, a contract for seven glass brass-bound show cases having been let by the Board of Public Grounds and Buildings to the Midland Metal Company, of Philadelphia. The cases will include several for niches on the ground floor of the rotunda and two oblong display cases.

The flags include those borne in battle by many of the regiments which participated in the Civil War, the flags of the regiments in the Spanish War and standards of the Revolution, War of 1812 and Mexican War. It is one of the greatest collections in the country.

The board has also let contracts for two handsome silk flags, national and State, to be placed above the fireplace in the private office of the Governor. The movement to establish them was inaugurated by James M. Lambertson of this city, who was instrumental in having national and State flags displayed in the legislative halls back of the chairs of the presiding officers.

The G. A. R. Picnic on Saturday, August 6, at Shade Gap, will be better this year than ever. Hon. B. K. Focht, Congressman from this district, will be present to make an address, also Judge Orady of Huntingdon, is expected to be present to speak. Good music. Amusements of different kinds.
