Mad Cow.

On Friday evening, when Peter Emler, of Willow Grove, near Cashtown, went to bring his herd of cattle from pasture, he noticed one of the cows acting strangely by running and butting at trees and other objects. After reaching the barn Mr. Emler tied the cow in the stable, when she became very vicious. She continued in this way on Saturday, and a veterinary was sent for Sunday morning, but the cow died before he arrived. The Doctor examined the animal and pronounced it a case of rabies. The balance of the herd was placed under quarantine for 60 days.

About three weeks ago a dog, supposed to be mad, passed through that section and was killed near Cashtown.

The farmers and others in the neighborhood are very much alarmed over the appearance of rabies in the herd of Mr. Emler, and will keep a close watch for any other outbreak.
