"Put" It On Her Face.

A maiden left her downy couch one morn not long ago. And she put a little powder on her face. She made her toilet slowly, fixing everything just so. Then she put a little powder on her face. She ambled down to breakfast and she dropped into her seat. She passed her plate to papa and got a piece of meat. She finished up on coffee, cake and predigested wheat. Then she took a car to go to town to shop a little bit. Then she put a little powder on her face. At noon she ate a lunch paying 15 cents for it. And she put a little powder on her face. That afternoon she spent a dime for ice cream at a store, and when she'd finished eating it she longed for just one more. But, thinking of the dime it would cost, she started for the door. Then she put a little powder on her face. She took a car at half past three back to her home to go. And she put a little powder on her face. She ate her dinner with the folks; then went to call up Joe, Joe came that night and stayed 'till most 1 o'clock, 'tis said. When he had gone she went upstairs declaring she was "dead." She tumbled to her downy couch, and as she lay in bed, why—she put a little powder on her face.

The Farmer and His Banker

Our bank never fails to give as good service to the farmer as it gives to any business man. As a matter of fact few banks could exist in this day and age of the world without the co-operation of the farmers. Often a farmer can make money by borrowing. Do not hesitate to call on us when you want money. We welcome a responsible borrower quite as heartily as a substantial depositor. It will pay every farmer to carry a checking account with us. Why not come in and talk it over with us to-day? Accounts may be opened by mail and monies deposited or withdrawn in this way with equal facility. We make a specialty of serving the farmer.

We Pay 3 Per Cent. Interest.
