

S. M. Robinson, Justice of the Peace, McConnellsburg, Pa. 7-7-1910.

Will soon be time to be thinking about that fall suit. Johnstons are coming in already.

Quite a large crowd attended the woods meeting of the colored people near Cito, on Sabbath last.

50 cents pays the fare one way between McConnellsburg and Mercersburg. Sheets stage line.

A movement is on foot to erect a parsonage to cost \$2,500 in Loudon, by the Reformed congregations of that place, Richmond and Fannettsburg.

Did you ever get 4 pair of 10c. every day hose any where else than at Johnston's for 25c. They have another case just in.

Rev. Diehl will preach in the Presbyterian church in town next Sunday morning and evening at the usual hours. He and Mrs. Diehl returned home Monday evening.

A good every day shirt can be bought at J. K. Johnston for 39c. These are regular 50c. kind and are worth looking after.

The Bishop farm near Greencastle was sold at public sale on Saturday to Gideon Rabouser, Sr. The farm contains 113 acres and brought \$129 per acre.

Dr. Edward F. Menger, of Philadelphia, has succeeded Dr. William S. Ash, who had been enjoying a large and increasing practice at Fort Loudon until ill health compelled him to give it up. Dr. Menger has already taken charge.

**HIDES.**—James Sipes & Son pay the highest market price for beef hides at their butcher shop in McConnellsburg, also highest price paid for calf skins sheepskins and tallow.

A freak bird with the combined characteristics of a turkey and duck was raised on the farm of Henry C. Werner, near Hagersstown. It looked like a turkey and swam like a duck.

Buy it now. Now is the time to buy a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed before the summer is over. This remedy has no superior. For sale by all dealers.

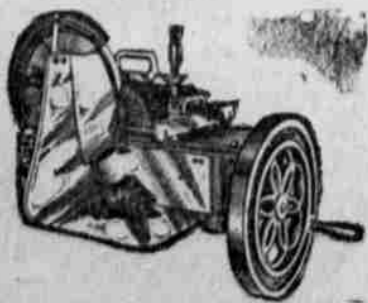

J. H. Primrose who has been in this place for the past two weeks securing names for the purpose of organizing a Conclave of Hep-tasophis speaks very encouragingly of the prospects. It is an insurance organization and is looked upon as being one of the cheapest, and most solid financially.

Cuts and bruises may be healed in about one third the time required by the usual treatment by applying Chamberlain's Liniment. It is an antiseptic and causes such injuries to heal without maturation. This liniment also relieves soreness of the muscles and rheumatic pains. For sale by all dealers.

Miss Elizabeth Reese, daughter of the Rev. W. W. Reese, a former pastor of the M. E. church, McConnellsburg, was married in the Methodist church at Hopewell on Wednesday evening the 3rd inst., to William S. Ball, of Washington, D. C.

Elder A. Mellott will preach at the Siding Hill Baptist church at 10 o'clock on the first Sunday in September. The members of that church, as well as of the Fairview church, are requested to be present as at that time, arrangements will be made for the Association.

## McCLAIN HAS IT.

Boiled Ham, Breakfast Bacon and Dried Beef and he will slice it from 1-48 to 3-8 of an inch, just to suit you. Come in and see the machine work.

E. R. McClain.

## Real Estate.

I have for sale 25 limestone and slate farms in the heart of the Cumberland Valley, near railroad and good markets, on easy terms. Can suit any one who is thinking of buying a farm either for home or an investment. Call or write, GEO. A. HARRIS, Agent, 818, tf. McConnellsburg, Pa.

## Knobsville.

The picnic held by the Knobsville M. E. Sabbath school last Saturday, was a decided success.

Rev. Drake, of Pittsburg, who has been visiting relatives in this vicinity, preached a very instructive sermon in the M. E. church Sunday evening.

C. W. Peck and family, of McConnellsburg, spent last Sunday in the home of his cousin, J. P. Peck.

Thomas Bennett, of Harrisburg, spent a few days recently visiting Rev. D. W. Kelso's.

Lola Wilson and Nina Kelso have just returned from a visit to Maddensville.

Born to Mr. and Mrs. Ira Fore a son.

The Knobsville Baseball Team held a festival last Saturday evening. There was quite a large crowd in attendance and the boys realized a very nice sum. We are glad of their success, for the team merited the patronage given it.

Miss Nina Aber, an efficient young business woman, of Indianapolis, Ind., is spending her vacation with her friend Miss Blanche O. Peck.

Quite a number of our young people attended the Walnut Grove campmeeting, Sunday.

## Life On Panama Canal

has had one frightful drawback—malaria trouble—that has brought suffering and death to thousands. The germs cause chills, fever and ague, biliousness, jaundice, lassitude, weakness, and general debility. But Electric Bitters never fail to destroy them and cure malaria troubles. "Three bottles completely cured me of a very severe attack of malaria," writes Wm. A. Fretwell, of Lucama, N. C., "and I've had good health ever since." Cure stomach, liver and kidney troubles, and prevent typhoid. 50c. Guaranteed by Trout's drug store.

## NEEDMORE.

A large and orderly crowd attended the Field Day exercises at this place last Saturday. A shower in the afternoon interfered with the carrying out of the full programme, but taking the day as a whole, it was a great success. Pleasant Ridge and Buck Valley crossed bats in the forenoon and put up an interesting game, resulting in 13-18 in favor of Buck Valley. As the best team in the county, Buck Valley makes a fine showing with their white uniforms, star playing, and gentlemanly conduct.

After the game, came the races. 1. Fifty yard dash, W. B. Deshong, 1st, and Ellis Peck, 2nd. 2. One hundred yards—W. B. Deshong, 1st; Lizzie, and Thomas Morton, 2nd. 3. Two hundred yards—J. A. Mellott, 1st; Lizzie, 2nd. Sack Race—J. A. Mellott, 1st; Isaman Cline, 2nd. Three Legged Race—J. A. Mellott and Howard Truax, 1st, and Isalah Cline and George Wink, 2nd.

The festival in the evening was well patronized, and everybody appeared to have a good time.

The Committee wish to thank the Martha Washington Sewing Club for the very valuable assistance rendered in making the day a success.

## Seemed to Give Him a New Stomach.

"I suffered intensely after eating and no medicine or treatment I tried seemed to do any good," writes H. M. Youngpeters, Editor of The Sun, Lake View, Ohio. "The first few doses of Chamberlain's Stomach and Liver Tablets gave me surprising relief and the second bottle seemed to give me a new stomach and perfectly good health." For sale by all dealers.

## Card of Thanks.

Mrs. Sarah E. Fisher wishes in this way to publicly express her gratitude to the neighbors and friends who were so faithful in their help and sympathy during the illness of her husband W. S. Fisher, and at the time of his death and funeral.

## Dairy Products as Food.

The products of the dairy are perhaps the most useful articles included in the human diet. A meal made up of dishes into which no product of the dairy cow enters would not be such as to inspire "the turnpike road to people's hearts I find lies through their mouths, or I mistake mankind." Take away the butter for the bread, the cream for the coffee and the porridge, the shortening in the crust and the biscuits, the milk in the gravy and in the puddings, the cream for the dessert and the various kinds of cheese which please and satisfy, then take away the cup of milk for the little one and the meal that would be left would be neither tempting nor nutritious.

The health of our people depends so much upon an adequate supply of pure dairy products that even a scarcity is always attended by suffering and death.

Butter is sometimes referred to as a luxury. This is a mistake. Butter is not a luxury but one of the necessities of life, and its composition is such that nothing can take its place and perform the same functions. It is nature's product compound in the maternal organism and the process is in accordance with nature's law, a law which man can imitate but cannot understand. Man can manufacture from various fats and oils a substitute for butter but it cannot take the place of nature's product because man cannot understand the needs of the human body as nature understands them.

The animal body is developed best when nourished by foods which have been little manipulated by man and machinery. Dairy products are, as a rule, consumed nearly as nature produced them. This is particularly true with milk upon which the growing body must depend. In the case of butter only a small percentage of other products are added to the fat extracted from the milk. Man only manipulates it in order to put it in convenient shape for use. It can still be termed a product of nature designed as only nature can design for use as food by the human body.

## Grangers' Pic-Nic.

The annual grangers' picnic will be held at Williams Grove, August 29 to September 3. All arrangements are being made by the different manufacturers that will be represented there for space. All the cottages have been repaired and over 300 people are now living in them.

It is said that a large number of new exhibitors who are trying to get stands on the grounds can not be accommodated.

The ground used in previous years by gipsy fortune tellers will be reserved at the coming picnic for exhibitors. There will be no gypsies allowed at the grove this year.

## Church Notice.

The woods meeting of the Cito A. M. E. church started August 14, and will close August 28, 1910. It opened with an old time class meeting led by Rev. C. A. A. Green of Philadelphia who teaches Greek there. He is a native of Bermuda Island. He gave us a gospel treat at 3 and 7:30 p. m. They will not be forgotten soon.

Services next Sabbath—class at 10:30 a. m., and preaching at 11 a. m., and 3 and 7 p. m. All will be welcome on Sunday 21st. Rev. Robert Ford, of Chambersburg, will preach at 3 and 7 p. m. Refreshments can be had on the ground. Good order will be had. We don't hunt trouble; neither do we want to make trouble. We are not bad but we are hard on bad people. Trustees Cito A. M. E. Church.

## C. B. BRAY, Pastor.

Knowing something of the Editor's fondness and capacity for apple dumplings, P. L. Finiff yesterday morning brought in thirty Summer Rambos large as a man's double fist, and intimated that the satisfaction in knowing that we had as much as we could eat once, would be ample compensation for the fruit. The dumplings were "swful" good, but they would have been better if Mrs. Peck had had a little lard to mix the dough with. Thanky, Luth-er.

## Letter to Martin M. Bender, McConnellsburg, Pa.

Dear Sir: The real test of a paint is how many square feet will a gallon of it cover? And all the paints swear they cover 300 square feet two coats. Mildly, they prevaricate.

L. H. Ferchaud, builder, 1103 Dupre St., New Orleans, covered 1900 square feet with three gallons Devoo last year; and paints all his jobs Devoo. That's how the tale gets to us.

He doesn't say whether one or two coats. If one, there's nothing wonderful in it; if two, they must have very small feet in New Orleans.

Devoo doesn't stop at 300 feet; but over 600! Most paints, we suppose, can be stretched to 300 feet, but they're mighty thin; they cover well 150 to 200.

When N. R. Watkins, Lott, Texas, painted his house before, it took 13 gallons; Devoo 7 gallons. That shows the strength of the paints.

W. B. McCluney painted a house in Crystal Springs, Miss., to test two pure paints; one coat 6 gallons Devoo; the other coat 10 gallons of a New Orleans paint. That shows the strength of the paints.

Surfaces differ; one takes more another less. Devoo covers more than any other paint; two to one in the case of half the paints. But how many it covers, we don't know till we see the surface.

Yours truly  
F. W. DEVOE & Co.  
P. S.—Hull & Bender, McConnellsburg; J. A. Boyd, Mercersburg, and Norman O. Huber, Chambersburg, sell our paint.

## Walnut Grove Campmeeting.

The Walnut Grove Campmeeting closed on Sunday night. The crowd was very large on Sunday. Some persons succeeded in passing counterfeit money at both the boarding house and restaurant. The counterfeit is a good imitation of a silver dollar but is thicker and much lighter. It can only be passed in a crowd where change is made in haste. Other large gatherings should be on the lookout for this man. An attempt was made to close the camp with an injunction but Judge Woods refused to grant the injunction and the campmeeting went on pleasantly to the end. The Association will meet in Grange Hall, Maddensville, Monday evening, September 5th to transact business and to make arrangements for the future.

## Struck a Rich Mine.

S. W. Bends, of Coal City, Ala., says he struck a perfect mine of health in Dr. King's New Life Pills, for they cured him of liver and kidney trouble, after 12 years of suffering. They are the best pills on earth for constipation, malaria, headache, dyspepsia, debility. 25c at Trout's drug store.

## Horses in Demand.

Twenty-five years ago street railway companies were the largest purchasers of horses. When electric power was adopted the stables were used for other purposes, and the world was informed that the market for horses was killed by the trolley and that horse dealers must find other occupations. A few years later bicycles appeared in countless thousands and the horse received another death blow. In 1900 the motor car began to take practical form and the horse was again declared to be an encumbrance on the earth. But the predictions were false; the horse survived every onslaught, and the more the people used the trolley car, bicycles and automobiles the more insistent was the demand for the horses. The establishment of new horse shoe factories after the automobile made a place for itself appears to afford conclusive testimony to the popularity of the horse. Prices, also, have been maintained, desirable horses selling now for from \$250 to 400. The statement that last year the value of horses in the United States increased over \$350,000,000 or three times the increase of the value of American automobiles built during the same period, is calculated to impress upon the average observer the fact that this is by no means the "horseless age" described in the motor car catalogues.

Subscribe for the "News," only \$1.00 a year.

## COUNTING BY TENS.

And a Suggestion as to Why We Buy Things by the Dozen.

Did it ever occur to you as strange that while we count by tens we buy so many articles by the dozen? If we ask the price of apples, oranges, oysters, eggs, collars, handkerchiefs and many other things we will be told so many cents or dollars a dozen, or if large quantities are wanted so much a gross, which means a dozen dozen.

How do you suppose this has come about? It was this way: Nearly all savage people count by their fingers—that is, if they want to tell you they have seen two wild beasts they will hold up two fingers, and if ten they will hold up both hands, and if twenty both hands twice, and so on. Babies also learn to count by their fingers and toes, and to many people it seems as if that were the only possible way.

It is, however, rather a clumsy way, as you find out when you try to divide ten. Say, for example, you have ten apples. You can only make an equal division among two or five persons, while if you have twelve you can give an equal number to two, three, four or six. We find the same inconvenience in dividing a dollar and often have to pay 13 cents for what should properly cost 12 cents.

If we had been born with two, four, six or eight fingers or toes, like some animals, it is possible that we should have counted differently, but it does not now seem likely there will ever be any change in the ten or decumal system, as it is called, especially since the Arabic numerals now used nearly everywhere are based on this system.—Brooklyn Eagle.

## Cider Notice.

Walter G. Alloway will make cider at Waterfall on the 23d of August 1910.

## Teachers' Preliminary Meeting.

Thompson, Bethel, Belfast, Union, Brush Creek, at Needmore, Aug. 24, 1910.

Ayr, McConnellsburg, Todd, at McConnellsburg, Aug. 25, 1910.

Wells, Dublin, Licking Creek, Taylor, at Hustontown, Aug. 27, 1910.

The teachers of the various townships will meet at the places indicated above, as near as is possible. If you cannot get to the meeting to which your district belongs, see that the superintendent is so advised. Be sure to attend one of these meetings. Lists of questions will be sent to the teachers before the time of the meetings.

Everybody is invited to attend these meetings and to help in the discussion of questions.

Yours truly,  
B. C. LAMBERSON, Co. Supt.

## JUNIATA COLLEGE

FOR

Young Men and Young Women.

Departments: 1 The College. 2 The Academy. 3 The School of Education. 4 The Bible School. 5 The School of Music. 6 The Business School.

Special Features: Large Faculty; Small Classes; Full Equipment in Library, Laboratories, and Gymnasium; Comfortable Dormitories; Healthful Location; Easy of Access; Moderate Charges.

Full Term will begin Monday, September 19, 1910.

Write for catalogue and illustrated bulletin.

PRESIDENT, JUNIATA COLLEGE, Huntingdon, Pa.

8-18, 5t.

## C. E. STARR,

Three Springs, Pa.,

Has just received a Carload of

Mifflinburg  
Three Seated  
Top Wagons

which he is selling at only \$88.00.

He has on hand, also 200 bushels of

Best Grade  
Timothy Seed

## REPORT OF THE CONDITION OF

# THE FIRST NATIONAL BANK

OF McCONNELLSBURG,

At the close of business June 30, 1910.

RESOURCES.	LIABILITIES.
Loans and Discounts..... \$197,411.25	Capital stock paid in..... \$25,000.00
