The auto which was to run between this place and Mercersburg, has been taken off for the present. It is said that the venture would be a financial success but for the breakers on the pike, which, they claim, would ruin a machine of that size in less than three months. If arrangements can be made with the turnpike company to level the breakers, the machine will be put on again in the near future.

As usually treated, a sprained ankle will disable a man for three or four weeks, but by applying Chamberlain's Liniment freely as soon as the injury is received and observing the directions with each bottle, a cure can be effected in from two to four days. For sale by all dealers.

J. C. Fore, of Fulton county, who owns a 180-acre farm near Knobsville, while on a visit to John Burmont, west of town, last week, was in Chambersburg with his son Boyd for a few days' recreation, looking up a small place, as he prefers this side of the mountain. While he reports much dry weather in Fulton, he expects a big corn crop, as do many of his neighbors. What the farmers need there is a closer market and the means of reaching it. He suggests a better road to Richmond to enable farmers to get their produce to consumers. While Fulton may have some disadvantages, fruit growers have not had to fight scale yet.—People's Register.

McCLAIN HAS IT.

Do not hesitate to call on us when you want money. We welcome a responsible borrower quite as heartily as a substantial depositor. It will pay every farmer to carry a checking account with us. Why not come in and talk it over with us to-day? Accounts may be opened by mail and monies deposited or withdrawn in this way with equal facility. We make a specialty of serving the farmer.
