One of the Country's Rich Negroes.

At a meeting of the Negro Business Men's League in New York city a few days ago, Scott Bond, of Madison, Arkansas, stirred the members as they had not been stirred before for some time.

"Come out with us, you niggers," he told the New York negroes, "where the air is free and God is good, and where if there is any gumption in you, you can have more in a year than you ever earned in all your life before."

Bond says he pays taxes on property appraised at several million dollars, including his own farm, nineteen farms rented to other negroes, cotton gins, twenty general stores and live stock.

In answer to the question "What do you raise, he said: "Mules, corn, cotton, tobacco and boys and girls."

If you are weak or run-down, or under strain of any kind, take Electric Bitters the matchless, tonic medicine. Mrs. J. E. Van de Sande, of Kirkland, Ill., writes: "That I did not break down, while on during a most severe strain, for three months, is due wholly to Electric Bitters." Letter to Thomas F. Sloan, McConnellsburg, Pa.

Dear Sir: Suppose you are feeding pigs milk; how much will you gain by watering milk a quarter? half? three-quarters?

100 quarts whole milk they sleep 50 of milk and 20 of water they squeal 50 " " 50 " more squeal 25 " " 75 " still squeal 0 " " 100 " no squeal

Suppose you are painting a house; how much will you gain by paint adulterated a quarter? half? three-quarters?

10 gallons Devco put-on 850 15 " " not paint 75 20 " " " 100 40 " " " 200

The cost of paint put on is about \$5 a gallon, no matter what paint you buy.

But nobody really gets 40-gallons on a 10-gallon job; so nobody really pays \$200 for painting a \$50 job; he stops at about \$100.

Two coats of 1-paint and 1-trash doesn't make a good job; nor three; nor four.

These lessons are useful. Yours truly F. W. DEVOE & Co.

P. S.—Hull & Bender, McConnellsburg; J. A. Boyd, Mercersburg, and Norman O. Huber, Chambersburg, sell our paint.

Can be had by ambitious young men and ladies in the field of "Wireless" or Railway telegraphy. Since the 8 hour law became effective, and since the Wireless companies are establishing stations throughout the country there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$90 per month, with good chance of advancement. The National Telegraph Institute operates six official institutes in America, under supervision of R R and Wireless Officials and places all graduates into positions.
