## The Farmer and His Banker

Our bank never fails to give as good service to the farmer as it gives to any business man. As a matter of fact few banks could exist in this day and age of the world without the co-operation of the farmers. Often a farmer can make money by borrowing. Do not hesitate to call on us when you want money. We welcome a responsible borrower quite as heartily as a substantial depositor. It will pay every farmer to carry a checking account with us. Why not come in and talk it over with us to-day? Accounts may be opened by mail and monies deposited or withdrawn in this way with equal facility. We make a specialty of serving the farmer.

We Pay 3 Per Cent. Interest.
