ARE YOU A FISHER?

American Heirs Looking After Eighty-Million-Dollar Estate in Germany. Get Busy.

More than 150 years ago, there lived in Germany a wealthy baron named Ludwig von Fischer. All the Fishers used to spell their name with a "c" in it; that was the German way of spelling it, just as the Sniders spelled their name Schneider.

Well, the German government became a little short of funds one time, and Baron Fischer made the government a loan at 4 per cent. The baron had a son, who fcoling around with a gun one day, shot one of the deer in the king's park. This would have been an unlucky day for the young Fischer, if he had not gotten some money from the old gen tieman, and skipped to this country. After a time the father died, and as no word could be had from the son, the government just kept the money on interest, piling it up and up, until now it amounts to more than eighty mil lions of dollars, and it belongs to the descendents of the deer nunt er, who settled somewhere in Pennsylvania, Maryland, or Vir-

The American heirs have employed an attorney and sent him to Germany and he cables back that the money is there, and all that is needed is to establish the line of ancestry. So, if your name is Fisher, or you are a de scendant of the Fisher family, you can get into this by sending as nearly as you can your family history as far back as possible to Mrs. M. B. Sloan, 3612 Wabash Ave., Kansas City, Mo. You are not asked to send any money.

Local Institute.

There will be an institute at Knobsville, Friday evening October 7, 1910. Topics for discussion are:-Reading and writing how taught in the primary grades? 2 Freedom of the pupil. 3 Language how taught to obtain the best results?

We desire the presence of all interested in the cause of education.-Blanche O. Peck, teacher.

An Afflicted Family.

Several weeks ago, Ethel, a daughter of Mr. and Mrs. Henry David Whitfield, Thirteen Years of Age, Deshong, near Sipes Mill, took typhoid fever, and became so ill that word was sent to her married sister Annie, Mrs. Howard Mellott, to come home if she wished to see her sister alive. Annie went home, and turned in to help nurse her sick sister. In ing for Mr. Mellott. a very short time Sherman, a brother went down with it, and was followed in a few days by the mother who was almost exhausted from the continued watching and nursing of her sick children. The fourth to take her bed with the dread disease was Annie, and on Monday the father took it, and Lillie, the last one in the family is reported to be in the first stages of the fever. Ethel, the first to get it, is now convalescing and it is believed that unless she gets a relapse, she will recover. Mr. Deshong's brother in law, Ex Sheriff Frank Mason has been in the Deshong home during the past two weeks caring for the family almost lone handed, and Tuesday he came to town and took his wife, who is a sister of Mrs. Deshong, over to assist in the nursing of the sick. A trained nurse from Bedford arrived on the scene Monday evening; but it is up to the neighbors and friends of the family to render such assistance as they may be able-either in direct aid, or in furnishing means to help de fray the expense of keeping hired help until the unfortunate family are able to take care of themselves agam.

Good Wheat Yield.

Reference has been made here tofore in these columns to the increased production of wheat in this county, over what it was a few years ago. This has been es pecially noticeable in Belfast township. But this week a prom ment farmer of Thompson township called our attention to the tact that over 8000 bushels of wheat were raised this season on a strip of land about 2½ miles long by ? of a mile in width, in his township, which includes farms of Dennis Morgret, W. R. Daniels, Wm. Secrist, John and Charles Secrist, John H. Brewer, Mac Litton, Geo A Winters, John ing. The following subjects and Johnson, C M Miller, and oth ers. These crops run along from 500 to 1300 bushels, and are of su perior quality. It must be reyou teach Geography? Results County slate land. But Thompson township farmers, like other beneficial, in the schoolroom or learned a thing or two about the 26, art and science of agriculture, and know something about making two blades of grass grow

Everett-Bennet

At the bride's home in Mercersburg on Tuesday evening, September 27th Mr. Charles E. Everett and Miss Lydia Bennett were united in marriage by Rev. Mr. Royer. The groom is a former resident of this county, and the happy couple have the best wishes of their many friends.

Reaching The Top Without health there is no suc cess. But Electric Bitters is the drug store.

SHOCKING DEATH.

Dragged to Death under Harrow Last Saturday Evening.

A shocking accident occurred at the home of Reuben S. Mellott in Belfast township last Saturday afternoon which cost the life of David Whitfield, a thirteen year old boy who had been work-

Mr. Mellott and this boy were in a field seeding, the boy har. they have thus been together for rowing and Mr. Mellott running the drill. While the stories of the sad accident are somewhat conflicting, from the best information, it seems that the boy was riding the near horse while harrowing, that the team became frightened and started to run off, and the boy fell between the horses and was dragged to death under the harrow. Another story says that the boy was unhitching the team preparatory to leaving the field in the evening, and that the horses became frightened. At any rate, the boy lived less than half an hour after Norfolk, Va; Ormund LeRoy, the accident occurred.

The boy's mother is a sister of Anthony Mellott, of Belfast towntownship, his father having died several years ago, their home being near Gapsville, Bedford county. The boy was buried at the Old Dominion Paper Co., Norfolk, Dunkard church near Gapsville, Monday.

Some Sauer Kraut.

After a very pleasant visit in Harrisburg with their son Daniel A., Mr. and Mrs. D. A. Gillis reother places of interest Mr. Gillis for more than fifty years. saw while away, was the big Heinz vegetable farm at Middletown. One thousand tons of cabthat farm to Mr. Heinz's big seventy carloads of onions sent come. to the same place to be made into the famous Heinz pickles. Then, besides the cabbage and onions, were tomatoes, horse-radish, nias, and other things. The martynias, which in appearance resembles the cucumber, are placed in barrels, and then salt water is poured over them. In this they are kept for several days until they are thoroughly soaked, when the barrels are made air tight and they are shipped.
