Like many other farmers in his township, he has brought the old farm up to a high state of cultivation by the application of lime, and has just finished gathering a harvest of 530 bushels of wheat, besides his rye and other grain. Under ordinary conditions he expects a crop of 75 tons of hay next year.

Letter to Chas. R. Spangler, McConnellsburg, Pa.

Dear Sir: The point is right here:

Every job painted Devoe takes less gallons than of any other paint.

If any one doubts this statement he may paint half his job Devoe, the other half any paint he likes.

If Devoe half doesn't take less gallons and cost less money, no pay.

Yours truly
F. W. DEVOE & Co.

The Farmer and His Banker

Our bank never fails to give as good service to the farmer as it gives to any business man. As a matter of fact few banks could exist in this day and age of the world without the co-operation of the farmers. Often a farmer can make money by borrowing. Do not hesitate to call on us when you want money. We welcome a responsible borrower quite as heartily as a substantial depositor. It will pay every farmer to carry a checking account with us. Why not come in and talk it over with us to-day? Accounts may be opened by mail and monies deposited or withdrawn in this way with equal facility. We make a specialty of serving the farmer.

We Pay 3 Per Cent. Interest.
