Letter to Clayton J. Brewer, McConnellsburg, Pa.

Dear Sir: Suppose you are growing an acre or two of cabbages; where'll you get your seed? The price of Long Island seed is \$2 lb; the Germans send over tons of "cabbage seed" 50c lb.

Most gardeners buy the German seed; of course, you know they wouldn't pay \$2 for cabbage-seeds, when they could get it for 50c. And that's how people do about everything.

Careful people buy the smallest package of each, count out 100 seeds of each, and grow them a week in a hot house; then count their plants. They've got 100 Long Island plants and 10 German.

How do you think, the Long Island cabbage seed growers account for that? They'll tell you the German seed is mostly turnip, which looks like cabbage, but isn't.

Why didn't the turnip seed grow? The Germans had killed it, baked it. What did they bake it for? Dead seeds tell no tales.

There's a whole business in killed seeds. A dealer can get all the dead seed he wants, that look like cabbage and something else; he can mix them with actual seeds, a pound to an ounce, and sell you your seeds at whatever price you like to pay and what ever profit he likes to take.

The same with paint; you can paint with whitewash or paint, poor paint or good; you can pay your painters \$3 a day for brushing it on. But whitewash is whitewash, poor paint is poor paint, and good is good.

You'd better buy good, and pick out your good by the number of gallons it takes to cover a job; least gallons, best paint; least gallons, least cost by \$5 a gallon; least gallons, most wear.

Better buy Long Island seeds, but try 'em first. Better buy Devos, but try it first.

Yours truly

F. W. DEVOE & Co.

The Farmer and His Banker

Our bank never fails to give as good service to the farmer as it gives to any business man. As a matter of fact few banks could exist in this day and age of the world without the co-operation of the farmers. Often a farmer can make money by borrowing. Do not hesitate to call on us when you want money. We welcome a responsible borrower quite as heartily as a substantial depositor. It will pay every farmer to carry a checking account with us. Why not come in and talk it over with us to-day? Accounts may be opened by mail and monies deposited or withdrawn in this way with equal facility. We make a specialty of serving the farmer.

We Pay 3 Per Cent. Interest.
