Arizpe, Mexico.-The famous Santa Teresa mine, which has a record of having produced ore to the value of more than \$10,000,000 gold during the latter period of Spain's control of Mexico, may again come into prominent notice after being lost for more than 100 years.

The musty records of this mine were found a few months ago in the government archives at Madrid. Spain, by Pablo Resaza, who forwarded a copy of them to Miguel Longorio, a mining engineer employed by one of the companies operating in the Cananea district, this state. The existence of this rich mine has been a matter of common knowledge to many mining men in this part of Mexico, almost from the very time that its location was lost. Scores of attempts have been made to rediscover the property, but these expeditions have all proved fruitless up to this time.

Mr. Longorio has organized a party of mining men, all of whom are Americans except himself, to go in search of the mine. It is said that the copy of the record of the property's production also contains a complete description of its location, and it is thought that it will not be difficult to find it. It is stated that there are four men in the exploring party, and that they have employed guides who are familiar with the country where the mine is supposed to be situated.

the fabulous richness of the ore and duced are being told and retold since it was learned that the chances are good of the property being opened up.

The owner of the Santa Teresa mine was Ignacio Munoz, a man of great wealth who lived at Guaymas. The abandonment of the property was due to the raids of Yaqui and Apache Indians. These redskins massacred many of the miners and the remain der fled to Imuris, first sealing up the entrance to the shaft. Munoz, the owner, died soon after this, the former mine employes were scattered, the raids of the Indians continued, and when it finally became safe again to enter the region where the famous producer was supposed to be situated no trace of it could be found.

# Using Coeur D'Alene Lake

Pretty Body of Water Will Be Filled With Logs Cut from Burned Regions in Idaho.

Boise, Idaho.-A strange fate is to overtake the beautiful Coeur d'Alene lake in consequence of the recent devastating forest fires in the panhandle district of idaho. The big land and lumber companies owning tracts in the district have sent their experts over the burned areas and are now combining to log the whole district and store the logs in the lake.

It is estimated enough logs will be put into the lake in the next two put into the lake in the next two
years to cover its aurface completely,
so that it will be practically nothing
but an immense log reservoir for the
next ten years. The Rutledge, McGoldrick and other owners of timber
in the St. Joe country are in the deal.
They are to contract for much of the
government timber that has been
scorched. Cruisers will explore the
district as soon as the fires have died

out, and soon thereafter the logging will commence on an enormous scale. Millions of feet of pulp wood and billions of feet of lumber logs, it has been found, were not destroyed by the fires. It is hoped to save 90 per cent. of the timber left standing in the whole region, comprising many thousands of acres. The branches and foliage are burned from much of the timber, but the trunks are not much scorched.

A considerable portion of the fine by flames, but it can be utilized as lumber logs, for purposes other than paper making.

#### BABY WASTED TO SKELETON

"My little son, when about a year and a half old, began to have sores come out on his face. I had a physiclan treat him, but the sores grew worse. Then they began to come out on his arms, then on other parts of his body, and then one came on his chest, worse than the others. Then I called another physician. Still he grew worse. At the end of about a year and a half of suffering he grew so bad that I had to tie his hands in cloths at night to keep him from scratching the sores and tearing the flesh. He got to be a mere skeleton, and was hardly able to walk.

"My aunt advised me to try Cuti-cura Soap and Cuticura Ointment. I sent to a drug store and got a cake of Cuticura Soap and a box of the Ointment and followed directions. At the end of two months the sores were all well. He has never had any sores of any kind since. I can sincerely say that only for Cuticura my child would have died. I used only one cake of Cuticura Soap and about three boxes of Ointment.

# Have

Lydia E. Pinkham's Vegetable Compound? We can furnish positive proof that it has made many remarkable cures after all other means had failed.

Women who are suffering with some form of female illness should consider this.

As such evidence read these two unsolicited testimonial letters. We guarantee they are genuine and honest statements of facts.

Cresson, Pa.—"Five years ago I had a had fall, and hurt myself inwardly. I was under a doctor's care for nine weeks, and when I stopped I grew worse again. I sent for a bottle of Lydia E. Pinkham's Vegetable Compound, took it as directed, and now I am a stout, hearty woman." - Mrs. Ella E. Aikey. Cresson, Pa.

Baird, Wash.—"A year ago I was sick with kidney and biadder troubles and female weakness. The doctors gave me up. All they could do was to just let me go as easily as possible. I was advised by friends to take Lydia E. Pinkham's Vegetable Compound and Blood Purifier. I am completely cured of my ills, and I am nearly sixty years old."—Mrs. Sarah Leighton,

Evidence like the above is abundant showing that the derangements of the female organism which breed all kinds of miserable feelings and which ordinary practice does not cure, are the very disorders that give way to Lydia E. Pinkham's Vegetable Compound.

Women who are afflicted with similar troubles, after reading two such letters as the above, should be encouraged to try this wonderfully helpful remedy.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has d thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.
