In a crowd of eighteen hunters, last Saturday, Howard Warsing and Alfred Stunkard were lucky enough to kill a 200-pound deer. It is quite interesting to listen to a crowd of hunters sitting in a country store in the evening after a day's hunt and relating their varied experiences. They tell how the does and fawns come up and look them in the face and dare them to shoot. Of course, this is a little tempting, but our hunters are law abiding people.

A LIBERAL OFFER.

We Guarantee to Cure Dyspepsia. If We Fail the Medicine Costs Nothing.

To unquestionably prove to the people that indigestion and dyspepsia can be permanently relieved and that Rexall Dyspepsia Tablets will bring about this result, we will furnish the medicine absolutely free if it fails to give satisfaction to any one using it.

The remarkable success of Rexall Dyspepsia Tablets is due to the high degree of scientific skill used in devising their formula as well as to the care exercised in their manufacture, whereby the well known properties of Bismuth Subnitrate and Pepsin have been combined with Carminatives and other agents. Bismuth-Subnitrate and Pepsin are constantly employed and recognized by the entire medical profession as invaluable in the treatment of indigestion and dyspepsia.

The Pepsin used in Rexall Dyspepsia Tablets is prepared by a process which develops its greatest efficiency. Pepsin supplies to the digestive apparatus one of the most important elements of the digestive fluid, and without it the digestion and assimilation of food is impossible.

The carminatives possess properties which aid in relieving the disturbances and pain caused by undigested food. This perfect combination of these ingredients makes a remedy invaluable for the complete relief of indigestion and dyspepsia.

We are so certain of this that we urge you to try Rexall Dyspepsia Tablets on our own personal guarantee. Three sizes, 25 cents, 50 cents, and \$1.00. Remember you can obtain Rexall Remedies only at—The Rexall Store. Leslie W. Seylar.

It gives just as much heat as you desire. It is safe, odorless and smokeless.

It has an automatic-locking flame spreader, which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back, so the wick can be quickly cleaned. Burner body or gallery cannot become wedged, because of a new device in construction, and can always be easily unscrewed for reworking.

An indicator shows the amount of oil in the font. Filler-cap does not need to be screwed down, but is put in like a cork in a bottle, and is attached to the font by a chain.
