

OWES HER LIFE TO

Lydia E. Pinkham's Vegetable Compound

Chicago, Ill.—"I was troubled with falling and inflammation, and the doctor said I could not get well unless I had an operation. I knew I could not stand the strain of one, so I wrote to you sometime ago about my health and you told me what to do. After taking Lydia E. Pinkham's Vegetable Compound and Blood Purifier I am today a well woman."—Mrs. WILLIAM A. HENNA, 938 W. 21st St., Chicago, Ill.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and today holds the record for the largest number of actual cures of female diseases of any similar medicine in the country, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaint, inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every such suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

Not a Harmless Sport. Friend—You fought bareheaded? French Duelist—Yes, and got a fine sunstroke.—Journal Amusant.

For HEADACHE—HICKS' CAPSICINE Whether from Colds, Heat, Stomach or Nervous Troubles, Hicks' Capsicine will relieve it. It is liquid—pleasant to take—acts immediately. Try it. 10c, 25c, and 50 cents at drug stores.

Women seem to live faster than men. Many a man has lived to flirt with the daughter of the woman he came near marrying.

Pneumonia and Consumption are always preceded by an ordinary cold. Hammonds Wizard Oil rubbed into the chest draws out the inflammation, breaks up the cold and prevents all serious trouble.

Not a Bad Chap After All. Hawk—Oh, well, Jones isn't such a bad fellow, after all. Taylor—What makes you say that? Hawk—Well, he wouldn't lend me the \$10 I asked him for, but he didn't take advantage of the opportunity to give me good advice.

Only on Great Occasions. "How are you, Mr. Tyte-Plyst? I hope there is nothing with that set of teeth I made for you a few weeks ago?" "No, they're all right; but, great Scott, Doc, I paid you \$30 for them teeth. You don't s'pose I'm going to wear 'em for everyday use, do you?"

Made Him Ridiculous. Joseph Letter, in an interview on his yacht Chanticleer, said, with a smile: "Please quote me accurately. In an interview, you know, the slightest inaccuracy can make a man ridiculous. It is like the Frenchman, who thought he had a very fair knowledge of English, nevertheless, said to a father: 'Ah! Your son, he resemble you. A chip off the old blockhead, hein?'"—Exchange.

On the Senators. The wit of Bishop Seth Ward amuses Nashville frequently. Bishop Ward, in company with two senators, came forth from a Nashville reception the other day and entered a waiting motor car.

"Ah, bishop," said one of his companions, "you are not like your master. He was content to ride an ass." "Yes, and so would I be," Bishop Ward answered, "but there's no such animal to be got nowadays. They make them all senators."

All in Good Time. Seven-year-old William had become the proud owner of a pig, and insisted upon having all the care of it himself. After a few weeks, as the pig did not seem to thrive, his father said to him: "William, I'm afraid you are not feeding your pig enough. It does not seem to be fattening at all."

"I don't want him to fatten yet," William replied, knowingly. "I'm waiting until he gets to be as long as I am, then I'll begin to widen him out."—The Hits.

HEALTH AND INCOME Both Kept Up on Scientific Food. Good sturdy health helps one a lot to make money. With the loss of health one's income is liable to shrink, if not entirely dwindle away.

When a young lady has to make her own living, good health is her best asset. "I am alone in the world," writes a Chicago girl, "dependent on my own efforts for my living. I am a clerk, and about two years ago through close application to work and a boarding-house diet, I became a nervous invalid, and got so bad off it was almost impossible for me to stay in the office a half day at a time."

"A friend suggested to me the idea of trying Grape-Nuts food which I did, making it a large part of at least two meals a day.

"Today, I am free from brain-tips, dyspepsia, and all the ills of an overworked and improperly nourished brain and body. To Grape-Nuts I owe the recovery of my health, and the ability to retain my position and income."

Read "The Road to Wellville," in this issue. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

STATE CAPITAL

(Harrisburg Correspondence.)

Charter 16 Light Concerns.

Sixteen electric companies were granted State charters in addition to one power company. Eight of the charters were granted to Walter A. Rigg, G. L. Roller and H. H. Reigel, of Reading, whose companies have \$5,000 capital each and bear names: Edison, of Boyertown, Lower Alsace Township, Amity Township, Colbrookdale Township, Douglas Township, Exeter Township, Earl Township and Oley Township.

Four charters were granted under the names of Factoryville Electric, Dalton Light, Heat, Power, Waverly Light, Heat & Power, and Abington Light, Heat & Power, to a group of Lackawanna County companies, each company having \$5000 capital, with offices at Scranton.

The East Norristown Electric Company and the Whitpain Electric Company, each with \$5,000 capital and offices at Norristown; the Logan Light, Heat & Power Company, Eberburg, \$5000 capital, and the Erie Light, Heat & Power Company, Erie, \$10,000 capital, were also chartered.

The Water Gap Power Company was chartered with \$5000 capital to operate at Delaware Water Gap.

Other companies chartered were: Franklin Brick & Clay Co., Lewisburg, capital, \$10,000; Trustee Building & Loan Association, Philadelphia, \$1,000,000; Federation Building & Loan Association, Philadelphia, \$1,000,000; Regular Building & Loan Association, Philadelphia, \$1,000,000; Rider Printing Company, Lancaster, \$7000; Plauen Lacey Company, Philadelphia, \$6000; Sloan & Co., Philadelphia, \$10,000; Standard Corporation, Philadelphia, \$5,000; Pen Arzel & Wind Gap Merchants Protective Association, Pen Arzel, \$5,000; Peoples Wagon Co., Philadelphia, \$10,000; Sheehan Hotel Co., Philadelphia, \$5,000; Bellevue Apartments Company, Philadelphia, \$5000; Charles W. Neeld & Co., Philadelphia, \$50,000; Cornwell Heights Land Company, Philadelphia, \$5000; Honesdale Union Cut Glass Company, Honesdale, \$5000; Emaus Land Improvement Company, Emaus, \$10,000.

Farmers' Institutes.

The annual series of farmers' institutes under the auspices of the State Department of Agriculture, division of farmers' institutes, was opened Monday in five divisions of the State. Institutes will be held in every county in the State before the close of the season about March 9.

The institutes which have been arranged by A. L. Martin, Deputy Secretary of Agriculture and director, will cover 371 days, being apportioned to counties according to the number of farms. Lancaster leads with 16, followed by York with 14, Chester and Lackawanna with 12, Crawford and Montgomery have 9, Cumberland, Indiana, Lawrence, Lebanon, Huntingdon, Bradford, Erie, Potter, Berks, Schuylkill, Columbia and Lehigh with 8; Allegheny has 6, and Philadelphia 2.

The institutes open in Quarryville, Lancaster county; Graysville, Green; Warfordsburg, Fulton; Oliveburg, Jefferson; Madisonville, Lackawanna, and Geigertown, Berks. Philadelphia will have an institute at Busleton on February 20-21.

Dyer Pardon Refused.

W. Gordon Dyer, of Norristown, who is serving nine months in the Montgomery prison for running down a wagon and injuring Mr. and Mrs. William Smith, of Phoenixville, was refused a pardon by the State board of pardons at the conclusion of an all-day session. An earnest plea made in behalf of Dyer was combated by District Attorney Lazarlee, of Montgomery, who declared that the ends of justice had been met by the sentence.

John C. Bell, of Philadelphia, and Attorneys Childs and Brownback, of Montgomery, appeared for Dyer and Mr. Bell arraigned the charge of the Montgomery Judge as intemperate and unreasonable, while he severely criticized the questions asked by the District Attorney. Considerable testimony was read by Mr. Bell, who commented upon it. Attorney General Todd asked him several questions and showed plainly that he did not sympathize with the plea. Dyer's previous experiences with an automobile also figured.

The cases of the Pittsburgh bankers were held under advisement.

Reading Official Dies.

Reading, Pa.—William Frazer Wooten, who had charge of the purchasing and testing of all the car wheels and axles with which the rolling stock of the Reading Railway is equipped, an eminent mechanical engineer of great ability, died here, aged 50 years.

After Chestnut Worms.

The State Dairy and Food Division proposes to act against persons who sell decomposed or wormy chestnuts. Complaints have been made that the chestnuts sold on the streets, which are being used more and more for food purposes, contain a large proportion of wormy ones.

The State authorities have ordered samples taken and in Pittsburgh one arrest has been directed to be made. The prosecutions will be under the pure food act of 1909.

Prisoners to Play Football.

The youthful prisoners at the county's juvenile detention place have asked to be allowed to play football. Earl Bonden, a boy of 12, was placed in confinement for stealing a watch and a ten-dollar gold piece. His appearance was hailed with delight by the boys, who told the probation officer that they now had enough for the football team. Just how the team will play or against whom is not known.

AFTER MIDDLE WEIGHT TITLE

Frank Klaus of Pittsburgh.

The coming middle-weight champion of the world, in the estimation of many good boxing judges, is Frank Klaus, of Pittsburgh. Klaus has come into ring prominence within the past year and is growing better every day. His friends believe that he is the logical successor of Stanley Ketchel, being a fighter along the same lines as the unfortunate Grand Rapids boxer, who fell by an assassin's bullet. Klaus is 23 years of age. He has been in the boxing game for some time, but his reputation had not spread far until recently. He stands 5 feet 7 1/2 inches and is of sturdy build. He is not especially clever but has a punch 18-carat fine and the courage of a lion. He loves to mix up things while in the ring and does not mind taking two or three blows to land one of his pile drivers. Klaus has fought good battles with Ketchel, Papke and Harry Lewis. He had no trouble defeating Jimmy Gardner. He is out after the middleweight title and stands ready to meet any of the other fighters who claim it.

YALE NOT RUNNING SMOOTH

Team Is Expected to Improve Great Deal, However, Under Work of Its Expert Coaches.

Yale doesn't stand as impressively as usual for superiority on the gridiron by anything evidenced as yet this year. Captain Daly hasn't a coherent, smooth running football machine at his disposal. The team hasn't got the punch, the power to forge a swift, sure attack when it is needed. It is expected to improve a great deal, however, under the work of its expert coaches.

Enough games have been played and the season has advanced far enough to make the assertion that the chief aim of those who worked so hard last winter as members of the rules committee has been accomplished.

A westerner is to be head of the United States Golf association. Hackenschmidt's declaration that he would meet Gotch, should the real world's champion emerge from retirement, has stirred up the wrestling fans from Missouri.

Hackenschmidt wants to fly in an airship. He is not afraid of flying falls.

Fleider Jones, former manager of the White Sox, is reported as saying that he has no intention of returning to baseball at present and that he prefers to live on his fruit farm in Oregon.

If they can hold cross-country runs in the city why not cross-city runs in the country?

Capt. Pat Page's Maroon baseball team has downed the Japanese in straight falls. The Jiu Jitsu, however, was barred.

European wrestlers, like Halley's comet, always come back, but they come oftener.

Suppose Wrestler Gotch should suddenly decide to emerge from retirement. Would Hackenschmidt call off that American tour?

William Rourke, owner of the Omaha Western league baseball team, announced plans for a \$30,000 ball park, to be built there this year. The plans include a steel grand stand and improved field.

Bids for American Fighters. H. O. Messier of Milwaukee has been chosen as representative of Hugh McIntosh to arrange for a party of American fighters to invade England this winter. The following offers have been wired to various pugilists for these fights: Kaufmann is offered \$15,000 for five fights, or 30 per cent. of the receipts; Packey McFarland is offered \$5,000 for two fights, or a 30 per cent. share; Klaus of Pittsburgh is offered \$5,000 for three fights, or 25 per cent. of the receipts, and Ad Wolgast is offered \$5,000 for each contest, with the option of a 20 per cent. share in the receipts. Kaufmann may meet Johnson under this agreement.

Duchess Taken Up Golf. The Duchess of Marlborough is the latest convert to golf. She has gone in for it so strongly that she has actually decided to take a house at North Berwick, close by one of the best golf courses in the United Kingdom. She is killing two birds with a single stone, for the air thereabouts resembles that of Switzerland and suits Lord Ivor Spencer Churchill, her second son, who despite the constant efforts of his mother, does not seem to mend.

100 Mile Bicycle Record. F. H. Grubb, the English vegetarian cycling club rider, accomplished a fine performance in beating the Eastern English counties' 100 miles cycling record. Despite the wind, he covered the distance in five hours, one minute, twenty-two seconds, as against the previous best time of five hours, ten minutes, twelve seconds.

Sammy Smith Outpointed Goodman. Young Sammy Smith of Philadelphia outpointed Jack Goodman of New York city in a fast ten-round bout before the National Sporting club in the latter city the other night. The fight was furious throughout with Smith showing to advantage, except in the sixth round, which was Goodman's.

Eddie Kelly Knocked Out. Abe Attell, featherweight champion, scored a knockout over Eddie Kelly of Buffalo, before the Mohawk Valley Athletic club at Amsterdam, N. Y., the other night. Attell was best from start to finish.

LIGHT PLAYERS IN DEMAND

Gridiron Stars Need Not Possess Great Weight, as Agility and Speed Figure in Contest.

Light, fleet-footed backs are in demand this year for all the college football teams. Under the new rules the back field can be composed of men in the lightweight class. But the day of the ponderous, heavy backs seems to be a thing of the past. A player weighing from 150 to 180 pounds has the call for the positions this year.

The abolishment of the sturdy, catapult type of back is due to the change in the rules dealing with the old style of line plunging play. No longer is it legal for the human battering-ram to hurl three or more men as interference at an opposing line. Mass play has been effectively abolished. And so the character of the game has undergone a great change from the days of the flying wedge.

That the big college teams realize the utility of playing heavy men in the back field is shown by the number of shifts made this year. The heavy men had their try-outs early in the season and they failed to make as much headway as the lighter players. In some cases the experiment proved rather costly.

Harvard was one of the first to realize the value of light men in the back field. Evidence of this was shown when Minot, an All-American back of last year, was shifted to a place in the line. Minot's plunges through opposing lines last season netted the Crimson many big gains, but with the restrictions on this style of play this season the coaches decided he would be more valuable on the line.

Later in the year Princeton made a similar shift. Captain Eddie Hart, reckoned one of the best line plungers in the country, was taken out of the back field after the Lafayette game and placed in the line. In the game with Carlisle Hart more than won his spurs as an aggressive line man. He opened up some big gaps for the backs to tear through.

Coach Ted Coy of Yale was another football director to startle the experts when he placed Howe in at full back. Last season Howe was the choice for quarter back and it was expected he would play that position this year. He is heavy enough under the new rules, but he does not measure up in weight by many pounds to some of the old-time full backs.

Perhaps the forward pass had much to do with giving the light men their opportunity. Surely that, coupled with the necessity of end runs, has worked a big change in the complexion of the attack. To be successful the forward pass must be hurried and received by a player quick on his feet, one able to get started with the ball at top speed. While lacking in concentration of attack and a bit weak on the defense, Princeton has one of the fastest back fields in the country. Sparks, Pendleton and Ballou make up a combination hard to beat. Pendleton is counted one of the best runners in a broken field of recent years, and Sparks shows plenty of dash in his attempts to skirt the ends. Ballou is fast on his feet and at the same time an able punter. Against Houser of Carlisle he made an excellent showing, outkicking the Indian by many yards.

Nor are the Tigers without their usual drop kicker. Pendleton has acquitted himself well in the early games and seems capable of dropping the ball over the cross bar from any point almost within the 40-yard line. The list of star Princeton kickers is a long one. Somehow Nassau scores a good goal kicker almost every year.

While Harvard has been rolling up big scores on its opponents Yale and Princeton have not been doing so well. Yale was scored on by Syracuse, beaten by the Army and held to a no score tie by Vanderbilt. Princeton started off well enough by scoring 18 points on Stevens, but only managed to score 12 on New York university. Villa Nova was easy for the Orange and Black, but the Tigers barely won by a score of 3 to 0 over Lafayette. They defeated the Indians, 6 to 0.

DEATH NOT DUE TO FOOTBALL Autopsy Reveals Real Cause of Freshman's Demise at Cornell—Died of Heart Disease.

That Lauren B. Paine of Duluth, the freshman who died at Cornell last night, did not die from injuries sustained in football practice was made known after an autopsy upon the body by Dr. Charles A. Bentz, the Buffalo pathologist.

The findings confirmed the opinion of the football coaches and others connected with the game and removes all doubts as to the playing of the balance of the scheduled year. The findings are contained in the following telegram sent by President J. G. Schurman to Franklin Paine, the boy's father:

"Dr. Bentz of Buffalo made a post-mortem examination and has just submitted to me the following signed report: 'From the findings it is my opinion that the patient died of unavoidable acute dilatation of the heart, associated with arterial disease and a gastro entero colitis. There was no evidence of anything due to football injury. The gastro entero colitis was the most important cause of the dilatation.' I should add that Dr. Bentz is a member of the department of pathology of the University of Buffalo and has made thousands of autopsies."

A Bishop's Opinion of Football. In a recent sermon on football Bishop Candler of the Southern Methodist church said:

"The bottom truth in the matter is that the element of brutality at which so many new rules have been aimed is one of the chief attractions, and an effort at the elimination of this element would mean elimination of the game. There are some things which cannot be reformed without the death of them because the heart of their life is the evil. This is the case of football. It is inherently and incurably bad."

When You Think

Of the pain which many women experience with every month it makes the gentleness and kindness always associated with womanhood seem to be almost a miracle. While in general no woman rebels against what she regards as a natural necessity there is no woman who would not gladly be free from this recurring period of pain.

Dr. Pierce's Favorite Prescription makes weak women strong and sick women well, and gives them freedom from pain. It establishes regularity, subdues inflammation, heals ulceration and cures female weakness.

Sick women are invited to consult us by letter, free. All correspondence strictly private and sacredly confidential. Write without fear and without fee to World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y.

If you want a book that tells all about woman's diseases, and how to cure them at home, send 31 one-cent stamps to pay cost of wrapping and mailing only, and we will send you a free copy of Dr. Pierce's great thousand-page illustrated Common Sense Medical Adviser—revised, up-to-date edition, in handsome French cloth binding.

HUMOR IN THESE VERDICTS

Quaint Ideas and Expressions Recorded as Having Been Rendered by Coroner's Jurors.

Referring to a verdict recently given by a coroner's jury that death was "caused by the medical evidence," the British Medical Journal says: "This verdict may be added to those cited in the report of the select committee on death certification, where Doctor Ogle is quoted as saying, 'One verdict came before me a little time ago which was this: 'A man died from stone in the kidney, which stone he swallowed when lying on a gravel path in a state of drunkenness.' That was given as a verdict. I thought of some joke had been played, and I wrote down about it, and found it was an absolute fact. Another one like this: 'Child three months old, found dead, but no evidence whether born alive.' These novel judgments recall that an up-state newspaper not long ago spoke of taking a murdered man's 'post-mortem' statement."

Good for Athletes. Mr. K. GILMAN, instructor of athletics, 417 Warren St., Roxbury, Mass., says:—"I have used

SLOAN'S LINIMENT with great success in cases of extreme fatigue after physical exertion, when an ordinary rub-down would not make any impression."

Sloan's Liniment has no equal as a remedy for Rheumatism, Neuralgia or any pain or stiffness in the muscles or joints.

Prices, 25c., 50c. & \$1.00 Sloan's book on horses, cattle, sheep and poultry sent free.

Dr. Earl S. Sloan, Boston, Mass., U. S. A.

Not a Solitary Exception. Professor—Astrology teaches that a girl born in January will be prudent, good-tempered and fond of dress; in April, inconstant and fond of—

Hostess—In what months are girls born who are not fond of dress? Professor—In none, madam.

DISTEMPER In all its forms among all ages of horses, as well as dogs, cured and others in same stable prevented from having the disease with SPOHN'S DISTEMPER CURE. Every bottle guaranteed. Over 600,000 bottles sold last year \$3.50 and \$1.00. Any good druggist, or send to manufacturers. Agents wanted. Spohn-Martin Co., Spec. Contagious Diseases, Goebitz, Ind.

Patent. Irate Father—Wretch! I saw you stealing kisses from my daughter. Young Man—I admit it, but I am quite willing to give them back to her.

TO DRIVE OUT MALARIA AND HULL UP THE SYSTEM Take the Great Malaria Cure, SLOAN'S MALARIA CURE. It is a liquid—acts immediately. 10c., 25c., and 50c. At drug stores.

STANDARD SHORTENING Snowdrift Hogless Lard! A-4 Made by THE SOUTHERN COTTON OIL CO. See Eastern Ave. N.Y. Chicago Standard.

Caution—No box—wreck's treatment. All druggists. Biggest seller in the world—million boxes a month.

Large profits. Sell for 50 cents. Agents everywhere. Write for prospectus. STEEL BATTERY LIGHT COMPANY, Dept. 6, Union, Cal.

PATENTS Watson R. Coleman, Wash. D. C. and elsewhere. Send for prospectus.

PISO'S THE BEST MEDICINE FOR COUGHS & COLDS

"Lame Leg Well"

"I wish to say that I have used Sloan's Liniment on a lame leg that has given me much trouble for six months. It was so bad that I couldn't walk sometimes for a week. I tried doctors' medicine and had a rubber bandage for my leg, and bought everything that I heard of, but they all did me no good, until at last I was persuaded to try Sloan's Liniment. The first application helped it, and in two weeks my leg was well."—A. L. HUNTER, of Hunter, Ala.
