There is little danger from a cold or from an attack of the grip except when followed by pneumonia, and this never happens when Chamberlain's Cough Remedy is used. Not Sorry For Blunder.

"If my friends hadn't blundered in thinking I was a doomed victim of consumption, I might not be alive now," writes D. T. Sanders, of Harrodsburg, Ky., "but for years they saw every attempt to cure a lung-racking cough fail. At last I tried Dr. King's New Discovery. The effect was wonderful. It soon stopped the cough and I am now in better health than I have had for years. This wonderful life saver is an unrivaled remedy for coughs, colds, lagrippe, asthma, croup, hemorrhages, whooping cough or weak lungs. 50c, \$1.00. Trial bottle free. Guaranteed by Trout's drug store."

William Fagan, of Blair county, having a wife and five children living at Hopewell, Bedford county, who was recently arrested on charges of seduction, statutory rape and adultery, pleaded guilty to all the charges, and Judge Baldrige sentenced him to ten years imprisonment in the Western penitentiary and a fine of \$1.00. The victim of his debauchery is Laura Hammel, a 15-year-old daughter of James Hammel, a Blair county farmer. Judge Baldrige in sentencing Fagan said: "There is no excuse for the commission of this dastardly crime. You are a man dangerous to society, and we propose to give you a sentence that will cause you to stop and think before you again stumble from the paths of virtue."

Ellis Trogler who lives near Mercersburg had quite a run off recently. His hiring hitched a colt in the buggy and after going through a gate he went back to shut it when the colt started and ran to the iron bridge at Mr. Ritchey's, where it was caught with the buggy badly broken.

Taylor.

The weather continues dry, windy and cold, Sunday being the first pleasant day for some time. Water in the springs and wells continues low. Most of the corn in this vicinity is laid away with better results than formerly predicted, but with little better than a half crop taking all into consideration. I notice by last week's Democrat that our friend Lamberson is well supplied with the golden necessity, corn. Well, Jacob, if we run shy we will know where to come and by the way we have a little other grain in Taylor township besides corn. There have been during the threshing season just finished, five different threshing machines in the township, but what amount each has thrashed your informant is unable to say, but would be pleased to hear from each, naming some of the most extensive crops thrashed by each.

Isaac McClain has put his machine away for the season with the following results: Thrashed during the season something over 20,500 bushels of grain, besides upward of 115 bushels of clover seed, not taking into account any timothy seed thrashed. However, this amount of grain was not all thrashed in Taylor, but a part in Wells township, and part in Huntingdon county.

Some of the principal crops thrashed by Mr. McClain in Taylor are as follows: D. A. Black, (Farmer Black) leading with 853 bushels of grain, besides 26 1/2 of clover and timothy seed; Jas. Lyon 745 bushels of grain; Robt. Miller 695 bushels of grain; W. R. Berkstresser 653 (this includes the J. D. Hershey crop); Aaron Knepper 550 bushels; Wm. Leidy 350 bushels; Daniel Landers 808 bushels reported thrashed by Hays Strait. These are but a few of the principal crops thrashed in the township by the same machine (McClain's) running into the hundreds of bushels, so you see we will have something to eat this winter beside corn, buckwheat and hoop poles.

Grain as a rule is looking poor at present. Some people have just finishing seeding.

But little sickness in the neighborhood, except every one you meet, if he or they are inclined to shake hands, reach for your hand while with the other they reach for their nose.

Lime is being hauled quite extensively at present by our farmers from Three Springs, the roads being fine for hauling.
