GERMS IN HER SYSTEM.

Every Woman Should Read this Advice and the Generous Offer that Goes With It.

The number of diseases peculiar to women is such that we believe this space would hardly contain a mere mention of their names, and it is a fact that most of these diseases are of a catarrhal nature. A woman can not be well if there is a trace of catarrh in her system.

Some women think there is no help for them. We positively declare this to be a mistaken idea. We are so sure of this that we offer to supply medicine absolutely free of all cost in every instance where it fails to give satisfaction, or does not substantiate our claims. With this understanding, no woman should hesitate to believe our honesty of purpose, or hesitate to put our claims to a test.

There is only one way to overcome catarrh. That way is through the blood. You may use all the snuffs, douches or like remedies for years without getting more than temporary relief at best. Catarrh in general is a diseased condition of the system that shows locally most frequently in discharges from mucous membranes. Local treatment should be assisted by internal treatment for the general diseased condition if a complete cure is to be reached. That internal treatment should be scientifically devised and faithfully administered.

Resall Mucu-Tone is scientifically prepared from the prescription of an eminent physician who for thirty years made catarrh his specialty. This remedy is admirably adapted to the treatment of the catarrhal ailments of women. It purifies and enriches the blood, tends to stop mucous discharges, aids in removing impurities from the system, soothes and strengthens the mucous tissues, and brings about a feeling of health and strength.

We want you to try Resall Mucu-Tone on our guarantee. If you are not benefited, or for any reason not satisfied, simply tell us and we will hand back your money. Resall Mucu-Tone comes in two sizes, 50 cents and \$1.00. Remember, you can obtain Resall Remedies only at The Resall Store, Leslie W. Seylar.

Additional Census Notes.

The census report shows that Pennsylvania has an average far surpassing that of Ohio and Illinois, and about twenty less than that of New York. The population of the State is by no means evenly dispersed; for it is possible to pass through the State from north to south without entering a county one-fourth as densely populated as the State at large. Fulton county has an average population of 23 to the square mile, but two other counties in the state have less—Cameron, 20, and Pike, 13. The county having the largest number of inhabitants to the square mile is Philadelphia with 11,916 and Allegheny is second with 1,334. Twenty-two of the sixty-seven counties have a population of less than fifty to the square mile and fourteen, less than forty. Of our immediate neighbors, Bedford has 36; Huntingdon, 41; and Franklin, 82.

Farmers' Week.

Farmers' Week at The Pennsylvania State College will be held this year December 19th to 24th, inclusive.

A splendid opportunity is offered to all farmers interested in a better agriculture. Lectures on live topics will be given by men who have practical experience as well as scientific knowledge. In addition to the lectures, many practical demonstrations in judging dairy cattle, beef cattle, horses, sheep, swine and poultry will be given. The program is so arranged that any individual can attend lectures during each period upon the subjects which interest him most.

Many of the speakers are men of national prominence in their respective lines from this and other states. Every farmer, who can possibly do so, should arrange to spend at least a part of the week in getting into touch with this practical science which is offered.

Dog Tax for Schools.

A fund of \$16,000 that has been accumulating in the Montgomery county treasury for many years from dog tax is about to be distributed by the Commissioners among the various school districts of the county. For some reason former Commissioners have neglected making this distribution, and the present Board thought that it would do the schools more good than lying in the county treasury. Under the law the money derived from dog tax is applied to damage claims resulting from depredations by canines. A certain percentage of the money will be retained to meet these.

Ends Winter's Troubles.

To many, winter is a season of trouble. The frost bitten toes and fingers, chapped hands and lips, chilblains, cold, sores, red and rough skins, prove this. But such troubles fly before Bucklen's Arnica Salve. A trial convinces. Greatest healer of Burns, Boils, Piles, Cuts, Sores, Eczema and Sprains. Only 25c. at Trout's drug store.

Lost A Shawl.

During the latter part of last May, as Mr. and Mrs. Ahimaz Runyan were returning to their home at Needmore, from a visit to Mr. Joseph Runyan's in the lower end of Pigeon, Cove, they lost a black wool shawl. They came out of Joseph Runyan's field through the bars, over past Mrs. Hughes's up to the Ridge road, and missed the shawl just before they got to Mr. Hender-shot's. It is not so much on account of the intrinsic value of the shawl, as because it belonged to her mother, that Mrs. Runyan is anxious to get the shawl back. The finder will confer a great favor by leaving it at her home at Needmore, or with Joseph Runyan's, or Howard Hill's at War-fordsburg.
