I want to tell you what Dr. Kilmer's Swamp-Root did for my wife. She was troubled with terrible pains in her back and they were such that it deprived her of many night's sleep. There was a thick red sediment in her urine like brick dust. passage of the urine was very annoying, being of a burning sensation and the complication was making her very thin and weak. The medicine which the doctor gave her did not seem to help her and see was finally persuaded to try Dr. Kilmer's Swamp-Root. I purchased one bottle of the large size for her and it helped her greatly. After the had taken three bottles she did not have any more trouble with her kidneys. It has been seven years since she took Swamp-Root and she s now well and healthy At the time of her kidney trouble, she weighed 130 pounds, and she now weighs 185. My wife is 39 years of age and cheerfully recommends Dr Kilmer's Swamp-Root to be the Kilmer's Swamp-Root to her friends and feels very thankful that she found . remedy, with such wonderful merit.

"I liked my coffee strong and I drank it strong," says a Pennsylvania woman, telling a good story, "and although I had headaches nearly every day I just would not believe there was any connection between the two. I had weak and heavy spells and palpitation of the heart, too, and though husband told me he thought it was the coffee that made me so poorly, and did not drink it himself for he said it did not agree with him, yet I loved my coffee and thought I just couldn't do without it.

"One day a friend called at my home-that was a year ago. I spoke about how well she was looking and she said:

"'Yes, and I feel well, too. It's because I am drinking Postum in place of ordinary coffee."

"I said, 'What is Postum?"

"Then she told me how it was a food-drink and how much better she felt since using it in place of coffee or tea, so I sent to the store and bought a package and when it was made according to directions it was so good I have never bought a pound of coffee since. I began to improve immediate-

BABY'S HAIR ALL CAME OUT "When my first baby was six months old he broke out on his head with little bumps. They would dry

up and leave a scale. Then it would break out again and it spread all over his head. All the hair came out and his head was scaly all over. Then his face broke out all over in red bumps and it kept spreading until it was on his hands and arms. I bought several boxes of ointment, gave him blood medicine, and had two doctors to treat him, but he got worse all the time. He had it about six months when a friend told me about Cuticura. I sent and got a bottle of Cutlcura Resolvent, a cake of Cuticura Soap and a box of Cuticura Ointment. In three days after using them he began to improve. He began to take long naps and to stop scratching his head. After taking two bottles of Resolvent, two boxes of Ointment and three cakes of Soap he was sound and well, and never had any breaking out of any kind. His hair came out in little curls all over his head. I don't think anything else

would have cured him except Cuticura. "I have bought Cuticura Ointment and Soap several times since to use for cuts and sores and have never known them to fall to cure what I put them on. I think Cuticura is a great remedy and would advise any one to use it. Cuticura Soap is the best that I have ever used for toilet purposes. (Signed) Mrs. F. E. Harmon, R. F.
