UNIQUE STORIES OF PENNSYLVANIA CRIME

Starting Series of Readable Articles for North American Readers.

That "truth is stranger than fiction" is no empty saying is apparently to have strong exemplification in a series of articles soon to be published in Sunday issues of the Philadelphia North American. The first will appear next Sunday, February 5.

Under the general caption, "Pennsylvania's Greatest Crime Mysteries," one of the articles will appear each week. Crimes that have been the talk of counties for years will be attractively presented with a view to bringing out the noteworthy features rather than to repeat the horrible details.

Each article will be clothed with the charm of graphic presentation and will read as engagingly as the works of the writers of the great detective stories.

How to Tell if Your Hair is Diseased.

Even if you have a luxuriant head of hair you may want to know whether it is in a healthy condition or not. 98 per cent. of the people need a hair tonic.

Pull a hair out of your head; if the bulb at the end of the root is white and shrunken, it proves that the hair is diseased, and requires prompt treatment if its loss would be avoided. If the bulb is pink and full, the hair is healthy.

We want every one whose hair requires treatment to try Rexall "93" Hair Tonic. We promise that it shall not cost anything if it does not give satisfactory results. It is designed to overcome dandruff, relieve scalp irritation, to stimulate the hair roots, tighten the hair already in the head, grow hair and cure baldness.

It is because of what Rexall "93" Hair Tonic has done and our sincere faith in its goodness that we want you to try it at our risk. Two sizes, 50c. and \$1.00. Sold only at our store—The Rexall Store. Leslie W. Seylar.

Just because she was personally popular and because they liked her display of grit and backbone, \$450 was given Margaret Hogan of Barnard College by her classmates so that she might complete her course and win her A. B. Miss Hogan is blind and is fitting herself to teach those similarly afflicted.

WELLS TANNERY.

That in the midst of misfortune there is oftentimes much to be thankful for, was proven in the case of John Swope, who was working at Reichley Brothers' big sawmill last Thursday. In passing through the log yard, one of his feet caught against some obstruction and he fell to the ground just as a big log came rolling toward him, and before he could liberate himself, the log had rolled over his prostrate body, flattening it out like a pancake. He was picked up by his companions at work, and two doctors summoned. Upon careful examination by the physicians, no bones were found to be broken; and unless there is some undiscovered internal injuries, Mr. Swope will be good as ever in a few days.

Mrs. V. D. Schenck is slowly recovering from the effects of a heavy cold.
