#### AVOID HARSH DRUGS.

Many Cathartics Tend to Cause Injury to the Bowels.

If you are subject to constipation, you should avoid strong

drugs and cathartics. They only give temporary relief and their reaction is harmful and sometimes more annoying than constipation. They in no way effect a cure and their tendency is to weaken the already weak organs with which they come in contact. We honestly believe that we

have the best constipation treatment ever devised. Our faith in it is so strong that we sell it on the positive guarantee that it shall not cost the user a cent if it does not give entire satisfaction and completely remedy constipa tion. This preparation is called Rexall Orderhes. These are prompt, soothing and most effec tive in action. They are made of a recent chemical discovery. Their principal ingredient is odorless, tasteless and colorless. Combined with other well known ingredients, long established for their usefulness in the treatment of constipation, it forms a tablet which is eaten just like candy. They may be taken at any time, either day or night, without fear of their causing any inconvenience whatever. They do not

gripe, purge nor cause nausea. They act without causing any pain or excessive looseness of the bowels. They are ideal for children, weak, delicate persons and aged people as well as for the most hearty person.

They come in two size packages 12 tablets 10 cents, 36 tablets 25 cents. Remember you can obtain them only at our store,-The Rexall Store. Leslie W. Seylar.

#### Look Ont For Them.

from the Shippensburg Chronicle,

Two young men, and perhaps three, traveling together for the purpose of working Sunday School workers of this and surrounding towns, and several men of this community having fallen victums to their plea for financial help only to find that they were unworthy of the help given. We are asked to throw out this word of warning. Their plan is to visit Sunday School workers and solicit help to send them on their way to a neighboring town where

work awaits them, purporting to have lost their money enroute to their destination and having become stranded on the way ask for financial aid to pay their car fare

and lodging until their point of destination is reached and they can assume the duties of their positions the following day. In the case brought to our attention they stated that they were members of the Lutheran Church in Sunbury and were enroute to Waynesboro where they had procured employment. They told their story to persons in this

town who gave them aid in the manner mentioned, who, upon investigation found that they were simply crooks.

#### Passed His 84th Milestone.

Mr. Jacob Carbaugh, of Lanark, Ill., a former resident of Ayr township, wishes to thank through the columns of the "NEWS," his many friends who sent him from the East so many congratulations by postal cards on February 24th, the eightyfourth anniversary of his birth. From North, South, East and West came these beautiful cards to the number of one hundred and sixty five, expressing joy in Lauthers, intending to remove his length of days and congratulations on his excellent health. No other gift could have given tarm 1 mile east of Burnt Cabins, him such genuine pleasure as the arrival of so many messages from old friends and neighbors from whom, in many instances, he had long been separated. They were like so many hand shakes and

# A Dependable Bank.

It is a pleasure to be able to recommend an advertiser 85 strongly as we can speak in favor of the Pittsburgh Bank for Savings of Pittsburgh, Pa. This institution, by its strict attention to all details of business, and by the security afforded by its large capital and surplus, which amount to a million dollars, has attracted depositors from all parts of the civilized world, lt has put into operation a system of banking by mail which is very popular with persons remote from financial centers, because it carries to them precisely the same facilities which are accessi-

ble to those living within walking distance of the bank. This institution has been in successful existence since 1862, and is of ficered and directed by men of national prominence in the financial world, who make the safety of the funds committed to their care the very first consideration. The bank pays four per cent. compound interest on all savings

With rare presence of mind, Mrs. Mallott grabbed the blazing headpiece and tore it from her, thus saveing her from, perhaps, being burned to death. She succeeded in extinguishing the flames without getting sufficiently excited to throw the lamp.
