As a consequence, the world is losing confidence in itself. All, whether soluticians or judges or governors, great or small, or one party or anther, of one nationality or anotherall are accused of being tarred with the same stick of seifishness. The Bibin clearly indicates that this distrust is not without reason, and that the great time of trouble to come upon every nation (Daniel 12:1) will be the direct result of this loss of confidence.

It is only when a man or a nation, or an ideal is opposed that we discover its real worth. Truth can only be won by freedom and the uses of freedom. Truth is to be found by approaching it from all sides, by generous rivalries, by the Christian conflict of differently constituted minds. If life were all a smooth road, would we not all grow sleepy? The kingdom of Israel contained 9,400 square miles. It was a much more fertile country than Judah. Its territory lay between Judah and Syria, so that it was in close contact on three sides with heathen nations, who had the activity and physical qualities of tribes which loved excursions into other countries for booty. Of the nine kings parallel with the four kings of Judah, it is worth while to remember Jeroboam, 22 years; Omri, 12; Ahab, Jezebel, Ahab's heathen queen, was the most influential factor in the religious decline. From the first there was religious deterioration, from the worship of Jehovah by golden calves to the worship of Baal with all its licentious rites. So that true religion was almost obliterated. The Moabite Stone with its records of this time is still preserved in the Louvre, Paris. A FOOD STORY Makes a Woman of 70 "One in 10,000."

The widow of one of Ohio's most distinguished newspaper editors and a famous leader in politics in his day, says she is 70 years old and a "stronger woman than you will find in ten. thousand," and she credits her fine physical condition to the use of Grape-Nuta:

"Many years ago I had a terrible fall which permanently injured my stomach. For years I lived on a preparation of corn starch and milk, but it grew so repugnant to me that I had to give it up. Then I tried, one after another, a dozen different kinds of cereals, but the process of digestion gave me great pain.

"It was not until I began to use Grape-Nuts food three years ago that I found relief. It has proved, with the dear Lord's blessing, a great boon to me. It brought me health and vigor such as I never expected to again enjoy, and in gratitude I never fail to sound its praises." Name given by Postum Co., Battle Creek, Mich.
