A Fierce Night Alarm

is the hoarse, startling cough of a child, suddenly attacked by croup. Often it aroused Lewis Chamblin of Manchester, O., [R. R. No. 2] for their four children were greatly subject to croup. "Sometimes in severe attacks," he writes "we were afraid they would die, but since we proved what a certain remedy Dr. King's New Discovery is, we have no fear. We rely on it for croup and for coughs, colds or any throat or lung trouble." So do thousands of others. So may you. With President Judge Samuel Mc. Swepe and Associates David T. Humbert and John Wesley Hoop on the bench, the March term of court opened at two o'clock, Monday afternoon.

The Court handed down an opinion in the case of Samuel Stouffer and Supervisors of Bethel township vs. Wm. Stetler. This was a case to esstop William Stetler from hauling heavily loaded wagons over the new state road in Bethel township. Petition of A. N. Witter, collector of road taxes in Taylor township asking permission to resign, was filed and petition of citizens and supervisor of Taylor township asking the appointment of a collector was presented.

The case which attracted most attention was that of Common wealth vs. Wm. N. Stetler, charged with maintaining a public nuisance. The "nuisance" was a big traction used to haul lumber over the roads in Bethel township, and especially over the new state road. The weight of the big machine was 14 tons, and it was shown in the trial that it did much damage to the roads. The trial lasted almost two days, and the jury after a very few minutes deliberation returned a verdict of guilty as in manner and form indicted.

In the case of the Com. vs. Mabel Trout, the defendant was acquitted and the County directed to pay the costs. It will be remembered that a man by the name of Wilson came into this county a few months ago, and pinched a lot of our merchants for violating the Pure Food and Drugs act. Mabel was one who refused to be pinched, and it was left for the Court to settle. There are some more people now who are sorry that they "coughed up" so soon.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surface of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
