Children Need to be Taught.
To quote a York exchange: Children need to be taught and not corrected. Their faults are generally the result of ignorance, and they are scolded for things that they do, either through neglect or mistaken ideas. When families are properly reared, good manners, politeness, consideration, become matters of course, and the family life is a season of profound peace and happiness. It is as easy to have it as to wage continual war.

The Great Rub.

The old Chinese doctors administered all medicines by rubbing it through the pores of the skin.

That was in the days of Confucius, 4,000 years ago. In the forty centuries since no better method of treating certain diseases has been discovered.

Until now however, this method of medication was but partially successful.

The remedies were not taken up rapidly enough, nor in sufficient quantities. Neither were they as effective as was to be desired, something was lacking.

Rexall Rubbing Oil overcomes all of these objections. It is a combination of rare drugs, penetrating oils and soothing lotions and is a perfect external medicine.

Rexall Rubbing Oil banishes pain, allays inflammation and reduces swellings. It is invaluable for lame or weak back and for relieving the pain about the kidneys.

Rubbed on the throat and chest, it will break up a cold and prevent the development of bronchitis, tonsillitis, quinsy and pneumonia.

Rexall Rubbing Oil has a most pleasant odor, does not stain, is not sticky or gummy, does not rub off on the clothing is not affected by time and is guaranteed to give satisfaction.

Give it a trial, we will cheerfully refund your money if you are not satisfied. Large bottle 50c. Mail orders filled. **The Rexall Store.**
